CITY RECORD

RAYMOND L. FLYNN
MAYOR OF BOSTON

OFFICIAL CHRONICLE, MUNICIPAL AFFAIRS

CHRISTOPHER A. IANNELLA
PRESIDENT, CITY COUNCIL

VOL. 81

MONDAY, JANUARY 2, 1989

NO. 1

The staff of the City Record wishes to extend to all our patrons best wishes for a Happy New Year. To echo our sentiments in a more personal way, we feel an old-fashioned "thank you" is appropriate at this time.

We realize more than ever how important it is to have the friendship and confidence of all our City Record readers.

May the coming year bring peace, health and happiness to you and your loved ones.

CITY REBUILDS MATTAPAN HOSPITAL

Mayor Raymond L. Flynn has announced a \$7.4 million capital improvement commitment to establish Mattapan Hospital as a state-of-the-art facility for long term health care.

During a holiday visit to Mattapan Hospital, Mayor Flynn informed patients and staff that the Massachusetts Public Health Council has approved city plans to rebuild the 151-bed facility.

"Today, we can move forward with plans to make Mattapan Hospital a health care facility for the future in the great tradition of quality medical care that has always been the cornerstone of Boston's Health and Hospitals Department," said Mayor Flynn.

Patients of Mattapan Hospital, elderly and needy residents of our city, deserve a facility that matches the skill and dedication of our health care professionals. In Boston, we are committed to providing the best possible care to our neediest residents."

Plans to renovate and improve Mattapan Chronic Disease Hospital are part of Boston's five-year capital plan, "Rebuilding Boston," a \$920 million program to repair and rebuild city schools, hospitals, libraries, parks and roadways. This project will completely renovate all patient areas and upgrade the entire facility.

The hospital, a continual care facility on River Street in Mattapan, provides extended medical management and rehabilitative services to frail elderly and others suffering from chronic illnesses and in need of comprehensive rehabilitative services. The hospital is a vital component of Health and Hospital's vertically integrated system of care which includes a second chronic disease hospital on Long Island, Boston City Hospital, and the network of neighborhood-based health centers and programs.

Renovations are slated to begin in late spring of 1989. A schedule of two and one-half years is expected for completion of the project.

Mattapan Hospital first opened its doors in 1909 as a sanatorium for the care and treatment of tuberculosis patients. By the 1930s the Hospital contained over 600 beds in several buildings. Starting in the 1950s, the need for inpatient tuberculosis facilities began to diminish and in 1966, the Mattapan facility was converted to a chronic disease hospital. In recent years, all patient care activity has been consolidated in the Foley Building, built in 1929. It is the patient care areas of this building which will be completely renovated.

Renovations include replacing electrical and plumbing systems, HVAC installation, and the introduction of piped-in gases to end the

practice of using oxygen tanks for respiratory patients. A more efficient configuration of space in the patient units will allow staff to respond more easily to patient needs and provide for a more pleasant atmosphere.

The major impetus for undertaking the renovations is to respond to the changing needs of patients. The facility was designed for TB patients who, typically, were young and ambulatory. By contrast, today's typical patient is elderly, predominantly bed-ridden, and often plagued with a number of illnesses requiring a high level of monitoring and treatment. Furthermore, Health and Hospitals anticipates that the facility will serve even sicker patients in the future due to the aging of the population and various cost containment initiatives such as the Medicare's DRG system which encourages acute care hospitals to discharge patients to non-acute facilities such as Mattapan Hospital.

SUPPLEMENTAL APPROPRIATION OF
\$22,540,000 FROM AVAILABLE FUNDS AND
\$100,000 FROM PARKING METER RECEIPTS

The following was received:

City of Boston,
Office of the Mayor

February 18, 1988.

To the City Council,
Dear Councilors:

I transmit herewith the proposed Supplemental Appropriation for the City of Boston, to cover certain departmental expenditures for the remainder of the current fiscal year. Revenue to support these Supplemental Appropriations will be drawn from available funds.

It is important to note that the most significant aspect of the proposed Supplemental Appropriation request is the commitment to fund recently agreed upon collective bargaining contracts. It is also significant in that the Supplemental Appropriation requests an amount to fund our FY89 statutory Reserve Fund requirement. Budgeting this amount one year in advance of the statutory requirement transmits a constructive message concerning the ability of the City of Boston to plan for and fund an appropriately sized Reserve Fund of this nature. Another way of looking at the Supplemental Appropriation is that almost 20 percent of the money to be appropriated is earmarked not to be spent. Given the increasingly uncertain economy, the appropriation to the Reserve Fund will help bolster the soundness of the city's long-term financial picture.

The proposed appropriation for the Library Department is to fund the recently signed collective bargaining contract.

The proposed appropriation for the Fire Department is to fund the recently signed collective bargaining contract.

The proposed appropriation for the Police Department is primarily, although not exclusively, earmarked for collective bargaining and for increased overtime related to public safety. The department will also receive a smaller amount for certain non-personnel service accounts to cover the cost of purchasing bullet-proof vests, indemnification increases and to cover the increases in the clothing allowance for police officers as a result of collective bargaining.

The supplemental appropriation for the Department of Health and Hospitals is designed to cover collective bargaining costs, increased overtime and expanded initiatives in the areas of combating homelessness, AIDS treatment and ambulance service.

The proposed appropriation for the Transportation Department is earmarked to cover costs associated with the city's new arterial street sweeping program.

The requested supplemental for the Election Department is earmarked to cover expenditures in that department's personnel service line items, principally in response to the city's expanded voter registration program.

The supplemental budget request for the Suffolk County Jail is principally for collective bargaining costs. A smaller portion is to fund two nurse positions for the jail suicide prevention unit.

The supplemental budget request for the Parks and Recreation Department is designed to pay for collective bargaining costs. A portion will also cover costs associated with the administration's expanded park maintenance program and park programming efforts.

The proposed supplemental for the Public Works Department is primarily targeted for collective bargaining costs, with an amount earmarked for the city's expanded street sweeping program.

Finally, as noted in the second paragraph, I am requesting an amount to be placed in the Reserve Fund as required by c. 701 of the Acts of 1986.

Your action on this request is appreciated.

Sincerely,

Raymond L. Flynn,
Mayor.

Ordered, That in addition to the appropriations made, to meet current operating expenses in the fiscal period commencing July 1, 1987, and ending June 30, 1988, the sum of \$22,540,000 be, and the same hereby is, appropriated in the amounts and to the respective accounts set forth below, said sum to be met from available funds:

ORDER FOR PETITION FOR SPECIAL LAW RE PI-
LOT STERILE NEEDLE AND SYRINGE EX-
CHANGE PROGRAM

The following was received:

City of Boston,
Office of the Mayor

February 23, 1988.

To the City Council.

Dear Councilors:

I transmit herewith for your approval a home rule petition for the purpose of establishing a pilot needle and syringe exchange program in the City of Boston.

I ask that you reserve judgment on this proposal until you have heard the full testimony of medical and public health professionals in public hearing. As I have stated repeatedly, we all, as political leaders, need to defer to the advice of public health experts when it comes to the desperate need to contain the spread of AIDS. A disci-

plined and professional consideration of this issue will serve to raise public awareness, even as we seek to legislate the necessary next steps.

Over the past few months, the City of Boston has taken every step possible under current state law and available state and federal funding. I am increasingly convinced, however, that these measures alone do not go far enough in the short term to address the desperate need to stem the transmission of the virus among intravenous drug users.

As you know, the number of AIDS cases among IV drug users and their partners has become a public health crisis with enormous consequences. These needle-using addicts, their sex partners and, most tragically, their babies are the fastest growing group of AIDS victims.

No one initiative to contain the virus can be the answer, other than finding a vaccine or a cure for the disease itself. In the meantime, we must explore every option which shows promise for containing the spread of the disease, while maintaining our uncompromising stand against illegal drug use.

In my own consideration of the pilot needle-exchange program, I ask two basic questions:

1. Will such a program help restrain the transmission of the virus among IV drug users?

2. Will such a program promote additional illegal drug use in any way?

I asked Dr. George Lamb, Deputy Commissioner for Clinical Programs and Community Health at our Health and Hospitals Department, to observe needle-exchange programs in Great Britain and the Netherlands. In these countries, the programs are seen as an important way to decrease the spread of HIV and AIDS among intravenous drug users.

In addition, Dr. Lamb reports that there is no evidence that illegal drug use increases among program participants or that new people are lured into illegal drug use because of these programs. In fact, these programs seem to be bringing many addicts into the public health system for the first time. Many program participants then move on to either methadone maintenance or drug abatement through their increased confidence in the government's desire to help them. These needle-exchange programs are proving to be the first step for many otherwise unreachable addicts who then move up the treatment ladder to finally beat their addiction.

At present time it is estimated that 25 percent of Boston's addicts are carrying the virus compared to upwards of 70 percent in New York City. Because our statistics have run about three years behind New York, we are still in a position to try to contain the spread. After a long public debate, the New York state health commissioner has finally given New York City public health officials approval to proceed. We must provide the leadership necessary now and not wait for the situation in Boston to become as desperate. By instituting an experi-

mental program to remove AIDS-infected needles from Boston's intravenous drug using population, we will not be increasing the number of syringes on the street, but rather we will be reducing the number of infected needles in the hands of addicts.

Additionally, our outreach workers will simultaneously offer education and counseling services in hope that any IV drug user who seeks protection from the AIDS virus will have the additional choice of rehabilitation. I would offer that there is simply no evidence to suggest that a public health program of this sort will contribute to an increase in drug use. Yet, if we do not act, we can be sure of the continued increase of IV drug users who carry the AIDS virus.

I urge your Honorable Body to join with me in an all-out public health strategy to prevent the spread of AIDS. I look forward to the testimony of public health experts and this very important legislative discussion over the weeks to come.

Respectively,
Raymond L. Flynn,
Mayor of Boston.

Ordered, That a petition to the General Court, accompanied by a bill for a special law relating to the City of Boston to be filed with an attested copy of this order be, and hereby is, approved under clause (1) of section 8 of article 2, as amended, of the Amendments to the Constitution of the Commonwealth of Massachusetts, to the end that legislation be adopted providing precisely as follows, except for clerical or editorial changes of form only:

Section 1. Notwithstanding the provisions of any general or special law to the contrary, including without limitation the provisions of G.L. c. 94C, in the City of Boston, the Board of Health and Hospitals shall have the authority to establish by regulation a Boston Pilot Sterile Needle and Syringe Exchange Program ("Pilot Program"). Such Pilot Program and regulations shall be for the purpose of preventing the spread of acquired immune deficiency syndrome ("AIDS") or human immunodeficiency virus ("HIV"). The Pilot Program shall be designed so as (a) to prevent the sharing of needles and syringes by intravenous drug users in the City of Boston; and (b) to evaluate the effectiveness of the program in preventing the spread of AIDS or HIV.

The Pilot Program shall be conducted under the supervision of a physician. The staff running the Pilot Program and distributing sterile needles and syringes shall each be specifically licensed for that purpose by the Board of Health and Hospitals.

The Pilot Program shall:

- (a) be open only to those persons who have first been examined by a licensed member of the Pilot Program staff and determined to be an intravenous drug user;
- (b) provide that, upon entry into the Pilot Program, each intravenous drug user shall be offered a referral to a drug treatment program;
- (c) provide for the direct distribution by Pilot Program staff of a limited number of sterile hypodermic needles and syringes to each participating intravenous drug user for use solely by the intravenous drug user to whom the sterile needles and syringes have been issued; the issued needles and syringes may be exchanged by the participating intravenous drug user for new sterile needles and syringes issued by Pilot Program staff;
- (d) provide that such sterile needles and syringes are for use exclusively within the City of Boston.

Records maintained pursuant to said Pilot Program shall not identify those receiving sterile needles and syringes by name or address. However, each sterile needle and syringe shall be issued as a single unit which shall be separately numbered. At the time that each such sterile needle and syringe is issued, the recipient shall also be issued a license to possess such sterile needle and syringe. Each such license shall expire seven days from its issuance and shall require that the sterile needle and syringe be returned to the Pilot Program within such seven-day period. The identification number appearing on the sterile needle and syringe unit and expiration date of the license shall be indicated on the license in bold print.

Individuals enrolled in the Pilot Program and duly licensed to possess sterile needles and syringes shall not be subject to prosecution under G.L. c. 94C, ss. 27 (a) or 321 for so long as they remain in compliance with the rules and regulations of such Pilot Program and the terms and conditions of said license; however, such individuals shall be deemed to be in non-compliance with the Pilot Program, and thus not exempt from prosecution, if such individuals are in possession of a needle and syringe, or a needle or a syringe, which is not properly licensed or for which the license has expired.

Section 2. No physician, nurse, or other health care professional employed by, engaged by, or otherwise involved in the Pilot Program described in section 1 of this act shall be held liable for any injury or loss of property or personal injury or death caused by his/her actions in connection therewith, including, but not limited to his/her prescription or dispensation of hypodermic needles and syringes.

Section 3. Nothing in this act shall be construed so as to make lawful the possession of controlled substance classified as such pursuant to G.L. c. 94C, s. 31 except that no prescription shall be required to dispense, obtain or possess a hypodermic needle and syringe which is dispensed, obtained or possessed pursuant to section 1 of this act.

Section 4. The provisions of this act are severable and if any provision or portion thereof shall be held to be unconstitutional or otherwise invalid by any court of competent jurisdiction, then such provision shall be considered separately and apart from the remaining provisions of this act, which shall remain in full force and effect.

Section 5. This act shall take effect upon passage and shall remain in effect for a period of 180 days.

Referred to the Special Committee on Substance Abuse and Neighborhood Crime Prevention.

Coun. MENINO offered the following:

Whereas, Massachusetts' agricultural heritage rooted in small farms is one going back over three and a half centuries; and

Whereas, Across the Commonwealth, there are more than fifty thriving farmers' markets that provide a setting for consumers to obtain fresh produce including corn, tomatoes and dozens of other vegetables which are picked the same day they are sold; and

Whereas, The farmers' markets operate a program with the Women, Infants and Childrens (WIC) and Elderly Program that provides coupons for needy families that are redeemable for fresh food only at farmers' markets; and

Whereas, A number of farmers' markets operate in Boston's neighborhoods, including the popular Copley Square market which has become a dependable inner-city source of produce for thousands of shoppers who don't have gardens or ready access to distant farm stands; and

Whereas, The renovation of Copley Plaza threatens the operation of the market for the 1987 and 1988 season; and

Whereas, The future of City Hall Plaza is presently being considered and published reports refer to City Hall Plaza as an "arid patch or urban wasteland"; and

Whereas, Henry Knox, soldier of the Revolution and our nation's first Secretary of War, was born in Boston at a place near the intersection of Federal and High Streets; and

Whereas, This son of Boston, a self-taught engineer and cannoneer, both built the High Fort in Roxbury to defend our city, and in his most-celebrated exploit, conveyed artillery from Fort Ticonderoga across frozen lakes and fields of snow to fortify Boston, causing the occupying forces to evacuate our city; and

Coun. IANNELLA offered the following:

Whereas, A side-effect of Boston's acute housing shortage is the tremendous increase in value of homes, which increase is reflected in escalating assessments; and

Whereas, These escalating assessments result in an increased tax burden for low-income taxpayers who occupy their property as their homes — not as an investment vehicle; and

Whereas, To prevent displacement due to an unfair tax burden, legislation has been filed with the General Court to implement a property tax "Circuit-Breaker" to provide relief to those owners and renters paying in excess of 8 percent of their income in property taxes (a portion of rents being attributed to such tax load); and

Whereas, As drafted, some 93 percent of the relief provided would aid those earning less than \$15,000 a year, a large proportion of these elderly persons; therefore, be it

ORDINANCE CONCERNING
FIRE ALARM SYSTEMS

The following was received:

City of Boston
Office of the Mayor

March 7, 1988.

To the City Council.

Dear Councillors:

I transmit herewith for your approval an ordinance concerning fire alarm systems.

The purpose of the ordinance is to establish procedures whereby the Fire Department will know of the location of fire alarm systems throughout the city. In addition, the ordinance imposes a graduated schedule of fines for fire alarm system malfunctions.

When the Boston Fire Department responds to a fire alarm activated because of a system malfunction, the estimated cost to the City of Boston is a minimum of \$800. In addition to the financial cost, each malfunction requires that Boston Fire Department personnel respond thereto, thus decreasing the number of Boston Fire Department personnel available to respond to an actual fire.

I urge your Honorable Body to pass this ordinance as

expeditiously as possible for the safety of all Boston citizens.

Respectfully,

Raymond L. Flynn,
Mayor of Boston.

GRANT OF \$415,000 IN CDAG FUNDS FOR DEVELOPMENT OF PUBLIC PARKING LOT IN CODMAN SQUARE

The following was received:

City of Boston
Office of the Mayor

March 8, 1988.

To the City Council,
Dear Councillors:

I attach herewith for your approval an order authorizing the City of Boston to apply for, accept, and expend \$415,000 in Community Development Action Grant (CDAG) funds.

The Codman Square area of Dorchester has suffered disinvestment for several years. Currently, there are several development projects in the pipeline that will revitalize this neighborhood. They include: mixed-use housing and commercial development in the Lithgow block and at the corner of Torrey and Washington Streets; facade rehabilitation at 655-659 Washington Street; and construction of a kitchen at the Kit Clark Senior House at 641-649 Washington Street. All of these projects are receiving city subsidies such as loans, grants, or city-owned land. In addition, extensive capital improvements are planned for Codman Square by the city.

The CDAG would fund the development of a public parking lot in Codman Square. The proposed lot will provide greatly needed parking space which will support the commercial development of Codman Square. Without this parking lot, it will not be possible to secure tenants for the commercial space or to provide adequate customer parking for the new businesses, greatly impairing the redevelopment of this blighted area.

Again, this CDAG is crucial to the revitalization of the Codman Square neighborhood, in which the city has already invested a great deal. I urge your Honorable Body to pass this order to make possible the construction of the aforementioned parking lot.

Respectfully,

Raymond L. Flynn,
Mayor of Boston.

Whereas, The Codman Square neighborhood of Dorchester has suffered serious past disinvestment; and

Whereas, Several housing and commercial development projects are planned which will revitalize Codman Square; and

Whereas, The current lack of public parking space jeopardizes this development and the revitalization of Codman Square; and

Whereas, The cost to construct a parking lot would prohibit the development of this greatly needed commercial space and affordable housing without extra funds; now, therefore, be it

Ordered, That the Mayor, acting on behalf of the City of Boston, be, and hereby is, authorized to apply to the Massachusetts Executive Office of Communities and Development for a Community Development Action Grant (CDAG) not to exceed \$415,000 to make feasible the construction of rental housing and commercial space in Codman Square, and in connection therewith, to execute and deliver such documents as may be required by the Commonwealth of Massachusetts, and in accordance with section 53A of chapter 44 of the General Laws of the Commonwealth, to accept and expend such funds for the purpose for which granted.

Referred to the Committee on Planning and Development.

GRANT OF \$599,830 IN CDAG FUNDS FOR REVITALIZATION OF GROVE HALL COMMERCIAL BUSINESS DISTRICT

The following was received:

City of Boston
Office of the Mayor

March 8, 1988.

To the City Council.

Dear Councillors:

I transmit herewith for your approval an order authorizing the City of Boston to apply for, accept and expend \$599,830 in commercial Community Development Action Grant (CDAG) funds. The Public Facilities Department (PFD) will submit a grant application to the Executive Office of Communities and Development for this funding. These funds will be utilized to support the city's Comprehensive Development Initiative plan for the improvement of Roxbury's Grove Hall Commercial District.

Currently PFD is working with neighborhood residents, merchants, community representatives and organizations to revitalize the social and economic foundations of the business district. The city's plans include the disposition of four city-owned commercial buildings, renovation of several multi-unit apartment buildings and the redevelopment of several underutilized privately-owned commercial buildings.

The total development costs for the targeted buildings within the core business district is in excess of \$7 million. The Development Initiative will achieve several objectives:

- Improve the physical appearance of the Business District by improving the street lighting, lighting and security of the municipal parking lot, and restoring the mini-park.
- Enhance the economic revitalization of Grove Hall by attracting new businesses and enlarging the clientele.
- Renovate vacant commercial and residential buildings, thereby creating affordable housing and increased employment opportunities for community residents.

I believe that this CDAG is a significant part of the Grove Hall Development Initiative. It will have a sub-

stantial impact upon the economic recovery currently underway in the area. I urge your Honorable Body to pass this order to make possible the revitalization of the Grove Hall Commercial District.

Sincerely,

Raymond L. Flynn,
Mayor of Boston.

Whereas, The City of Boston has experienced a major economic resurgence during the past decade; and

Whereas, Presently, Boston has one of the nation's most dynamic economies such that numerous national and international businesses desire to locate here, thus creating a growing demand for office space and supportive services; and

Whereas, Despite the vigor of Boston's downtown business district, many of the city's neighborhood business districts have not received the full benefit of this economic resurgence; and

Whereas, Roxbury's Grove Hall Commercial District is one such local business area in stress and greatly in need of special public assistance to stimulate private investment and promote its economic revitalization; and

Whereas, The City's Public Facilities Department has developed a Comprehensive Development Initiative which coordinates diverse public and private resources for the revitalization of the Grove Hall Commercial District, and the CDAG is an essential part of this effort; now, therefore, be it

Ordered, That the Mayor, acting on behalf of the City of Boston, be, and hereby is, authorized to apply to the Massachusetts Executive Office of Communities and Development for a Community Development Action Grant (CDAG) not to exceed \$599,803 to make feasible the revitalization of the Grove Hall Commercial Business District and, in connection therewith, to execute and deliver such documents as may be required by the Commonwealth of Massachusetts, and in accordance with section 53A of chapter 44 of the General Laws of the Commonwealth, to accept and expend such funds for the purpose for which granted.

Referred to the Committee on Planning and Development.

GRANT OF \$608,707 IN CDAG FUNDS FOR DEVELOPMENT OF CERTAIN OWNER-OCCUPIED HOUSING

The following was received:

City of Boston
Office of the Mayor

March 8, 1988.

To the City Council.

Dear Councillors:

I transmit herewith for your approval an order to apply for, accept and expend residential Community Development Action Grant (CDAG) funds for the Lorne Street Housing Development. On August 27, 1987, the Public Facilities Department tentatively designated Lorne Development Associates (LDA) as the developer of a number of city-owned vacant parcels in the Franklin Field area of Dorchester. LDA plans to construct sixty units of owner-occupied housing. The project has received enthusiastic support from community residents and representatives. The goal of the project is to redevelop long-abandoned parcels of land into affordable housing.

LDA is a joint partnership of Lena Park Community Development Corporation and Faith Pentecostal Church. Each of these entities owns parcels of land in the project area which they have pledged to combine with the city-owned parcels. The city-owned parcels are:

11, 15, 19, 22-24, 26-28, 30, 31, 34, 35, 37, 41, 43, 42, 44, 46, 48, 47, 51, 56, 57 and 59 Lorne Street; Parcels 4272, 4273, 4272, 4290, 4291, 4292, 4293, 4277, 4278, 4279, 4280, 4281, 4283, 4285, 4287, 4288, 4311.

The site upon which LDA wishes to build consists of vacant land which needs capital improvements for the construction of housing. These capital improvements include water/sewer lines, new roadbed and sidewalks, street lighting and landscaping.

The construction and sale of sixty new units of ownership housing on this long-vacant site will serve as an important stimulus to the economic revitalization of this neighborhood. The CDAG will allow the city to achieve several important goals:

1. It will allow the highest and best use for a vacant, blighted site in the Franklin Hill neighborhood.
2. It will provide sixty units of ownership housing, of which thirty-six will be affordable to low- and moderate-income residents.
3. It will promote residential stability and ownership opportunities in an area where a small percentage of residents own their own homes and many families reside in publicly assisted rental housing.
4. It will provide five construction-related and sixty construction jobs, at least half of which will be for city residents, 25 percent for minorities and 10 percent for women.
5. It will serve to reinforce the commercial revitalization which is clearly evident along Blue Hill Avenue.

I urge your Honorable Body to pass this order which will make possible the construction of sixty units of equity housing on the Lorne Street site in the Franklin Field area of Dorchester.

Sincerely,
Raymond L. Flynn,
Mayor of Boston.

Whereas, The Franklin Field area of Dorchester is one of the city's neighborhoods facing this housing shortage; and

Whereas, To meet the demand for affordable housing, the city has established the construction of new, owner-occupied housing as a major goal; and

Whereas, The city has targeted the Franklin Field area for the construction of new housing due to the presence of a large number of vacant parcels, with the expectation that this will stimulate the residential and commercial revitalization of the area; and

Whereas, The development of the Lorne Street site, including the city-owned parcels below, for sixty units of owner-occupied housing requires Community Development Action Grants (CDAG) funding to make the project possible; and Parcels 4272, 4273, 4274, 4290, 4291, 4292, 4293, 4277, 4278, 4279, 4280, 4288, 4287, 4285, 4283, 4311;

Whereas, Lorne Development Associates, a joint partnership of Lena Park Community Development Corporation and Faith Pentecostal Church, has the capacity and the neighborhood support to carry out this project, having been tentatively designated by the Public Facilities Department on August 27, 1987; now, therefore, be it

Ordered, That the Mayor, acting on behalf of the City of Boston, be, and hereby is, authorized to apply to the Massachusetts Executive Office of Communities and Development for a Community Development Action Grant (CDAG) not to exceed \$608,707, to make feasible the development of sixty units of owner-occupied housing by Lorne Development Associates; and in connection therewith to execute and deliver such documents as may be required by the Commonwealth of Massachusetts, and in accordance with section 53A of chapter 44 of the General Laws of the Commonwealth, to accept and expend such funds for the purpose for which granted.

tion therewith to execute and deliver such documents as may be required by the Commonwealth of Massachusetts, and in accordance with section 53A of chapter 44 of the General Laws of the Commonwealth, to accept and expend such funds for the purpose for which granted.

Referred to the Committee on Planning and Development.

Dear Councillors.

We are delighted to inform you that the Alexander Paritsky family of Kharkov, USSR, has been granted permission to leave. URGING BRA. MAYOR'S OFFICE. MANDELA APARTMENT TENANTS ORGANIZATION AND OTHER RELEVANT PARTIES TO COOPERATE AND ESTABLISH MANDELA APARTMENTS AS LIMITED EQUITY-COOPERATIVE

Coun. BOLLING offered the following:

Whereas, The Mandela Housing Development (formerly the Westminster/Willard Apartments), in Roxbury, is a 276-unit development housing over 1,500 low-income tenants; and

Whereas, This housing development was built with Housing and Urban Development (HUD) funds, specifically for lower-income tenants; and

Whereas, The Mandela Apartments are no longer under HUD jurisdiction and tenants have long suffered from insufficient security, widespread drug-trafficking, poor maintenance and a host of other difficulties; and

Whereas, The management of this property has succumbed to a variety of adverse business transactions, political maneuverings, and legal actions which have not been in the best interests of the Mandela Apartments tenants; it is, therefore

Ordered, That the Boston City Council hereby urge the Boston Redevelopment Authority, the Mayor's Office, the Mandela Apartment Tenants Organization, and all other relevant parties to work cooperatively in increasing meaningful security; stop drug-trafficking and other criminal activity; improve building maintenance; and create a clean, safe and healthy environment for tenants who reside at the Mandela Development; and be it further

Whereas, Morris I. Stern Square was located at the junction of Chambers and Green Streets in the West End section of the City of Boston; and

Whereas, Chambers and Green Streets no longer exist as a result of the reconstruction of the West End in the 1960, and Stern Square was not relocated as was the usual practice of the city in the case of hero squares; and

Couns. SCONDRAS and SALERNO offered the following:

Whereas, The Ikego Forest is a unique, protected reserve in the town of Zushi, Japan, located about 50 km south of Tokyo and the only open space near Tokyo; and

Whereas, Mayor Tomino of Zushi visited the Boston City Council with a delegation from Zushi who testified of their concern that the U.S. Navy intends to construct Naval Housing on 67.2 hectares of the Kego Forest which would cause irreparable ecological damage; and

Whereas, The Mayor and the citizens of Zushi are prepared to welcome the families of Naval personnel and are willing to negotiate with the U.S. Navy as to where the housing could be constructed; and

Whereas, It hurts the international reputation of the

Webb, Jr., our Congressional Delegation, and Japanese Ambassador Nobuo Matsunaga expressing our opposition to the destruction of the Ikego Forest and our sympathy with the objections of the Mayor and people of Zushi.

EMERGENCY PREAMBLE

Coun. TRAVAGLINI offered the following:

That in compliance with the rules of the City Council this emergency preamble is adopted, the rules are suspended and the attached order is properly before the body.

Whereas, Water rate increases for Boston consumers are imminent;

Whereas, The accompanying home rule order seeks to grant relief to small home owners and individual tenants who may be billed for their water usage;

Whereas, The order also amends the flat-rate charge imposed in legislation creating the Boston Water and Sewer Commission eleven years ago and endorses the graduated or "inclining rate" schedule impacting larger consumers who cause greater pollution; therefore, be it

Ordered, In accordance with Council rules, the attached order is considered to be before the Council.

The Emergency Preamble was adopted.

Rule 11 was suspended.

ORDER FOR PETITION FOR SPECIAL LAW AMENDING SECTION 7(b) OF CHAPTER 437 OF ACTS OF 1977

Coun. TRAVAGLINI offered the following:

Ordered, That a petition to the General Court, accompanied by a bill for a special law relating to the City of Boston to be filed with an attested copy of this order be, and hereby is, approved under clause (1) of section 8 of article 2, as amended, of the Amendments to the Constitution of the Commonwealth of Massachusetts, to the end that legislation be adopted providing precisely as follows, except for clerical or editorial changes of form only:

Chapter 437 of the Acts of 1977 is amended in section 7(b) by striking the second and third sentences and substituting in their place the following sentences:

Rates for water supplied by the commission shall be established on an inclining charge structure according to the volume of water consumed; rates for use of the sewerage works system and fees, rents, and other charges authorized by the commission may be established at a flat rate according to the volume of water consumed. The commission is authorized to adopt a classification system for water use charge to

give a percentage discount on bills sent to owner-occupants of residential properties containing not more than four dwelling units.

Referred to the Committee on Environment and Public Works.

EMERGENCY PREAMBLE

Coun. TRAVAGLINI offered the following:

That in compliance with the rules of the City Council this emergency preamble is adopted, the rules are suspended and the attached order is properly before the body.

Whereas, The matter of increased rates for water and sewerage use will be taken up next week by the Boston Water and Sewer Commission at a public hearing; and

Whereas, The attached order for an elderly and handicapped; consumer discount has pertinence to the hearing;

Whereas, This may be the last City Council meeting prior to that hearing; therefore, be it

Ordered, In accordance with Council rules for late-filed matters, this emergency preamble is hereby adopted and the accompanying Council order is before the Council.

The Emergency Preamble was adopted.

Rule 11 was suspended.

URGING MINIMUM 25 PERCENT DISCOUNT ON WATER-USE RATES TO CERTAIN ELDERLY AND DISABLED

Coun. TRAVAGLINI offered the following:

Whereas, Sharp increases in water and sewer use charges have been announced by the Massachusetts Water Resources Authority as society's price of cleaning up the harbor; and

Whereas, Boston's overall burden will increase at least 44 percent, with new rates scheduled to start implementation by the Boston Water and Sewer Commission next month; and

Whereas, The Commission will hold a public hearing the evening of March 16, 1988, at Faneuil Hall to receive testimony on proposed new rates; and

Whereas, It is important that the impact be eased on elderly and validly handicapped, owner-occupants or tenants by increasing to a minimum 25 percent the discount on the water bill portion of their quarterly bills, inasmuch as the increased sewer use portion of charges cannot legally be reduced; and

Whereas, It is also important to affirm the principle requiring that larger users pay an inclining rate per gallon for the larger burden they put on waste water treatment facilities; and

Whereas, This graduated rate over ten levels of daily water consumption marks a shift from flat-rate charges required when the Water and Sewer Commission took over from the city in 1978; and

Whereas, The inclining rate charge in itself can serve as a pocketbook incentive for water conservation by property owners and should encourage voluntary installation of water-saving measures; therefore, be it

Ordered, The Boston City Council records itself in favor of water conservation steps as a matter of policy, and supports a discount of at least 25 percent on water charges that will be levied on elderly persons sixty-five years of age or older, or on fully disabled owner-occupants of residential buildings containing up to four dwelling units, and that a similar discount be accorded any elderly or fully disabled tenants who are directly billed by the Commission for their unit's water use; and be it further

Ordered, That copies of this order be transmitted by the City Clerk to the Boston Water and Sewer Commission and to the Massachusetts Water Resources Authority.

Referred to the Committee on Environment and Public Works.

Later in the session Coun. TRAVAGLINI moved reconsideration of the foregoing referral; reconsideration prevailed.

On motion of Coun. TRAVAGLINI, the rules were suspended; **the order was passed.**

CONSENT AGENDA

The chair moved adoption of a Consent Agenda containing the following matters:

**COMMENDATION TO
BRIGHTON EMBLEM CLUB NO. 398**

Coun. McLAUGHLIN offered the following:

Whereas, The Brighton Emblem Club No. 398 is celebrating the occasion of their twenty-fifth anniversary; and

Whereas, The Brighton Emblem Club has been actively and enthusiastically involved in many activities and concerns; and

Whereas, The Brighton Emblem Club has exhibited a commitment to improving the quality of life for the residents of Brighton and beyond; and

Whereas, The Brighton Emblem Club has been involved in raising funds to assist a variety of charitable and worthy causes; therefore, be it

Resolved, That the Boston City Council does hereby commend the Brighton Emblem Club No. 398 for their commitment to and involvement in many worthwhile activities and congratulates them on their twenty-fifth anniversary.

COMMENDATION TO DAVID BRENNER

Coun. SALERNO offered the following:

Whereas, David Brenner is the President of the Laundry and Dry Cleaning Union, Local 66; and

Whereas, Most of Local 66's members are women and many are people of color and immigrants who earn between \$4 and \$8 per hour; and

NO. 2

NEW HOUSING FOR FRANKLIN FIELD SOUTH

More than 200,000 square feet of vacant, city-owned land will be transformed into new affordable housing in the Franklin Field South section of Dorchester under development plans approved by the city's Public Facilities Department (PFD). One hundred twenty-nine apartments, townhouses, condominiums and limited-equity coops — some of which will be available to families earning as little as \$8,000 a year — will be constructed through PFD's Project 747. Mayor Flynn's plan for the development of vacant city-owned buildable lots. The development scheme features three major projects — fifty limited-equity coops and apartments on Winston Road and Lucerne Street; sixty-two duplexes and condominiums on Arbutus, Balsam and Lucerne Streets; and seventeen townhouses and condominiums on Marden Avenue and Winston Road.

"These new homes will literally change the face of an entire neighborhood," said Lisa G. Chapnick, director of the Public Facilities Department. "Located within walking distance of the new police station we built for the Dorchester/Mattapan area, these homes will be attractive and affordable to families who, in some instances, will pay less than \$500 a month for the chance to own their own home."

In addition to new housing, the Winston/Lucerne project — known as Lucerne Gardens — will include a neighborhood meeting house that will provide a daycare center for fifty children and office space for on-site counseling for families who have been homeless and need social services. The developers — Duane Jackson, Patrick Lee, James Keefe and David Knisely — also plan to construct a park and a playground.

"We felt it was important to have the social service component in this project," said Patrick Lee, vice-president of Trinity Financial, a Boston-based real estate development and consulting firm. "Day care, for instance, is a critical issue for many working families."

Lucerne Gardens will offer thirty-two two-, three- and four-bedroom limited equity coops and eighteen two-, three- and four-bedroom rental apartments. Fifty percent of these homes, including fourteen four-bedroom units, will go to low-income families with no minimum income requirement. The remainder will be offered to moderate-income families who will pay \$591 a month for a two-bedroom unit and \$776 a month for

a three-bedroom unit. Construction is expected to begin in September, 1989.

The new homes on Arbutus, Balsam and Lucerne Streets — to be known as Hazel Parks Estates — will include twenty, two-bedroom duplexes that will be sold for \$80,000 each; twenty-one, two-bedroom condominiums in traditional three-deckers that will be sold for \$75,000 each; seven two and one-half-bedroom condominiums in three-deckers that will go for \$85,000 each; and fourteen three-bedroom condominiums also in three-deckers priced at \$95,000 each. Monthly carrying costs, which include principal, interest, tax and condo fees, will range from \$582 to \$730 a month.

"We strongly believe that homeownership is the way to go," said Paul Parks, the developer of Hazel Parks Estates. "It gives people a chance to build some equity and ensures long-term maintenance of the property."

The third Franklin Field South development on Marden Avenue and Winston Road is located across the street from the Bradford Estates, another PFD-backed housing project.

The developer, Peter Papesch of Mouldex, Inc., will offer seventeen, two-, three- and four-bedroom condominiums at prices ranging from \$62,500 to \$100,000. They will be constructed in two, four-unit townhouses, a three-decker and a six-unit building. The lowest priced units will be affordable to families earning as little as \$19,500 a year, with monthly carrying costs of \$487.

These new homes are expected to be ready for occupancy in late 1989.

NEVER TOO LATE GROUP ANNIVERSARY

The Never Too Late Group of the Boston Public Library will celebrate its 39th Anniversary on Thursday, January 19th, at 2 p.m. in the Rabb Lecture Hall, Boston Public Library, Copley Square. Helen Heineman, chair and professor of English, Framingham State College, will present an illustrated lecture on "Frances Trollope: A Career That Began at Mid-Life." Her presentation will be followed by a reception.

Frances Trollope was a remarkable Victorian woman who packed up her children and left England to seek her fortune in the untamed wilderness of America in the 1830s. She joined a commune in Tennessee, opened a bazaar in Cincinnati, and recorded her impressions of the new nation in the clever, humorous and controversial book "The Domestic Manners of the Americans."

The book launched her career as a best-selling author in America and England where she returned to become one of the most popular and witty hostesses in London, entertaining the cream of the social and literary world. She traveled to France, Italy, and Belgium — noting her observations in six sparkling travelogues. In her thirty-four novels, she was among the first authors

to explore contemporary social problems in fiction. Her influence on English and America letters is legendary.

Perhaps the most unique feature of Frances Trollope's life was the age at which she began it. Having started to write in her fifties, Frances Trollope continued to write into her seventies. Her son, the famous novelist Anthony Trollope, said of her: "Her career offers great encouragement to those who have not begun early in life but are still ambitious to do so before they depart hence." The sole support of her children, she also was a predecessor of the modern woman in her independence and lifestyle.

Professor Heineman, who is also lecturer for the Radcliffe College Seminars, is the author of "Mrs. Trollope: the Feminine in the 19th Century"; "Frances Trollope"; and "Restless Angels: The Friendship of Six Victorian Women." Her biography, "Mrs. Trollope," has been highly praised by critics for its literary insights and its appealing prose. One critic wrote: "Mrs. Heineman's biography is itself a triumphant success"; another, that she brings the extraordinary Frances Trollope and the world in which she lived to life; a third that she: "sheds new light on Mrs. Trollope as a forerunner to Mrs. Gaskell, Charlotte Bronte, and even George Eliot." Her biography argues convincingly for the integrity of Frances Trollope as a woman writer.

The Never Too Late Group, founded in January 1950, is the oldest Library-sponsored group for older adults in the country. It has grown from the eighty-two older adults who attended its first meeting to a membership of over 1,000 and a weekly average attendance of one hundred and fifty. Films, slide lectures, talks, and panel programs are presented on a variety of topics ranging from art, literature, and music to history, biography and science. Issues of concern to the aging, and services available to them, are also highlighted. Membership is free and available to anyone, sixty years of age or older, who resides in the State of Massachusetts. If you would like to be added to the mailing list for monthly announcements of the Thursday afternoon programs, please call 536-5400, Ext. 295, or write to: Never Too Late Group, Boston Public Library, 666 Boylston Street, Boston, MA 02116.

NO. 3

RODENT-PROOF TRASH BARRELS FOR CHINATOWN

Mayor Raymond L. Flynn, joined by Chinatown merchants and civic leaders, unveiled new, rodent-proof trash barrels which will be distributed to selected businesses and residents under a city pilot program.

Approximately 400 barrels will be distributed free of charge as part of an anti-rodent program which may be expanded to include all neighborhoods affected by the Central Artery Projects.

"The containers we are making available will effectively eliminate conditions that create and encourage the spread of rodents in this area," said Mayor Flynn.

"After eighteen months of hard work by business leaders and residents with Sam Wood of Rodent Control and other officials, we are now able to begin a program which will be a model for other neighborhoods that will be affected by the Central Artery project," the Mayor added.

Chinatown was selected as the neighborhood for this pilot project due to the high concentration of restaurants, businesses, and residents

in a small area. Yon Lee, Mayor Flynn's liaison to the Chinatown community, worked closely with Woods and members of the community to establish this program throughout the neighborhood.

The Chinatown Neighborhood Council, Chinatown Consolidated Benevolent Association, Chinese Economic Development Corporation and Chinatown Beautification Committee have enthusiastically supported this project.

In addition to the Parks Department, co-sponsors for the winter program include NYNEX, the Hampshire House, and the Ritz-Carlton, Four Seasons, and Park Plaza Hotels. WJIB-FM Radio is donating music and audio equipment, which will pipe in Austrian and German waltz music.

Ice skating on the Common (Frog Pond) and Public Garden (Lagoon) is free. Daily hours are 4 p.m. to 10 p.m. weekdays, and 10 a.m. to 10 p.m. weekends. Skate rentals are available for a nominal fee, and hot chocolate, apple cider, and hot pretzels will be available throughout the winter.

Free skating instruction is available, courtesy of NYNEX, on Saturdays from 11 a.m. to 1 p.m. and 3 p.m. to 5 p.m. The skating will be divided into three areas: children's skating on the Frog Pond; family and recreational skating on the Boylston Street side of the Lagoon; and sports skating on the Beacon Street side of the Lagoon. Skating guards will monitor the skating throughout the winter.

For more information about the skating program, please call 725-4006.

NO. 4

CITY COUNCIL LEGISLATIVE INITIATIVES 1988

The President of the City Council has issued the following highlights of the Council's legislative initiatives for 1988.

The Council met on the first Monday in January and elected Councillor Christopher A. Iannella as President.

Fourteen committees and four special committees were drawn up and set to work immediately.

By the last meeting held on December 14, 1988, the Council had met forty times and held 167 hearings. Some of the matters that were initiated and acted upon include:

Removal of abandoned cars; creation of and funding for a Groundwater Trust; control of the sale of realistic looking toy guns; location of space for a Farmer's Market on City Hall Plaza; location of space for a day care center in City Hall; recommendations on the Immigration Reform and Control Act; expansion of the Comparable Worth Commission; requirement for yearly departmental reports; imposition of fines for faulty fire alarms; protection for roomers in existing housings; mediation in the employee resignations at Boston City Hospital; protection for tenants in governmentally involved housing.

Additionally, strengthening of environmental ordinances; support for the right of elderly tenants to keep pets; boycott of Shell products; provision for Radon testing; disposal of hazardous medical waste; support for a needle exchange program and issuance of report with recommendations for controlling the spread of AIDS among IV drug users; creation of a recycling plan; overview of Boston Redevelopment Authority budget; raising City of Boston contract limits.

The Council insisted upon quarterly allotment reporting procedures as required by c. 701 of the Acts of 1986, analyzed revenue projections, and established periodic budget reviews.

The Council voted to accept legislation which increased the residential exemption to 20 percent. This con-

tributed to an average decrease of \$300 or 5 percent in tax bills for homeowners.

The Council also voted to accept provisions of the Pension Reform Act which provide for the establishment of a funding schedule for the reduction of the Retirement System's unfunded actuarial liability to zero. Another provision, accepted by the Council provides that city employees who are seventy years of age and continue working will now receive greater benefits when they retire. Also accepted were provisions of a special law regarding payment of burial expenses for certain retirees.

MBTA DIRECTORS INCREASE COMMUTER RAIL FARES

The Massachusetts Bay Transportation Authority Board of Directors has voted to increase fares on the MBTA's commuter rail system. One-way fares will be raised from 17 to 32 percent — forty to seventy-five cents per trip — depending on the distance traveled.

These increases, the first since 1981, were recommended by the MBTA Advisory Board in 1988. The Advisory Board, which has oversight responsibility for the MBTA's budget and is comprised of representatives of seventy-eight cities and towns in the MBTA district, voted that the Authority must recover a minimum of 33 percent of its operating expenses from fares.

"The only options," said MBTA General Manager James F. O'Leary, "were to raise fares or to reduce service. Given a 100 percent increase in commuter rail ridership in the last five years, reducing service was unacceptable."

Under the current fee structure, the fare recovery ratio for commuter rail was only 28 percent. The new fares will bring that figure to 34 percent, an estimated revenue increase of \$6.1 million.

The original fare increase proposal was to raise commuter fares by a flat fifty cents each way. However, after reviewing written and oral testimony from approximately 400 riders, General Manager O'Leary responded to public concerns that a flat fee was unfair. Instead, he recommended a new fee structure which was approved by the Board.

The General Manager said, "Most of our riders who offered opinions on the proposed fares did not object to the idea of an increase, but felt that it should be equitably distributed. We therefore designed a new fee structure which ensures that those riding the longest distances pay a higher amount."

Prices of all single ride tickets will increase on March 1, 1989. This includes discount fares for senior citizens, handicapped individuals, children and students.

Fare increases for monthly commuter passes will take effect on April 1, 1989.

Tickets for the following special fare programs will take effect as follows:

Type — 12 ride, effective date April 1, 1989; type — Family, April 1, 1989.

Also effective March 1st, there will be a 50-cent surcharge if tickets are purchased on the train. The current surcharge is 25 cents.

MBTA commuter rail fares will continue to be among the lowest in the nation, even when the increase takes effect. In addition, the Authority continues to make major improvements to the commuter rail system. The purchase of 107 new coaches has nearly doubled the number of commuter rail cars, while twenty-six new

diesel locomotives also have been added. An additional fifty-six new, single-level commuter rail coaches will be introduced into service beginning in June of 1989. In the early spring, the Authority will select a manufacturer to build seventy-five double-decker commuter rail coaches. Stations have been rebuilt, tracks and bridges have been upgraded, and the number of parking spaces has been increased.

Passengers should be advised that the design of the new commuter rail passes will be different in that only the zone will appear on the pass rather than the letter code and dollar amount. The monthly commuter rail passes also are valid on all rapid transit, streetcar and bus lines.

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without advertising, based on the following communications:

FIRE DEPARTMENT

Advice and Counsel

Dear Mayor:

I respectfully request your permission to dispense with public advertising and award a contract to retired District Fire Chief Paul F. Cook, 67 Chamberlain Avenue, Westwood, MA 02090. The department wishes to continue to receive his advice and counsel in several complicated fire apparatus response areas.

Under the terms of this contract, Mr. Cook shall meet with and advise the Fire Department and city and state inter-agency committees on the Artery Depression/Third Harbor Tunnel project in the matters of transportation of hazardous materials, location of Tobin Bridge standpipes, fire-alarm box locations, apparatus response to Charlestown, and access routes for Fire Department vehicles. Further, Mr. Cook will continue to advise Fire Department and Public Facilities Department officials on the building of two new firehouses for Engine Company 10 and the new Marine Unit to be located at Barttery Wharf.

Mr. Cook is uniquely qualified to perform these services based on his intimate knowledge of the issues involved with each of these projects. In addition to his prior service with the Fire Department in the position of District Fire Chief, Mr. Cook is also a former member of several committees involved in Central Artery/Third Harbor Tunnel issues. These include the City Inter-agency, State Inter-agency, and the State Tunnel Planning Committees.

The term of the contract shall be from November 1, 1988, through June 30, 1989. Compensation under the terms of the contract shall not exceed \$18,546.50. Hourly rate will be \$31.10 per hour, which I have determined to be reasonable for the work to be performed.

This contract is being submitted at a late date due to needed verification of retirement laws.

Respectfully,

LEO D. STAPLETON,
Commissioner/Chief

HEALTH AND HOSPITALS DEPARTMENT

Equipment Maintenance Insurance

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to award a contract, without advertising, to Specialty Underwriters, Inc., Marchwood Office Building, Pennsylvania, for the period July 1, 1988, through June 30, 1989, at a cost not to exceed \$34,405.

Boston City Hospital was approached in 1986 by two companies, Specialty Underwriters, Inc. and G.M.I., who provided maintenance insurance for hospital equipment. At that time neither company offered preventive maintenance coverage under the insurance policy. In 1988, Specialty Underwriters, Inc. informed the hospital that they would include preventive maintenance under the insurance policy.

This is a new concept for repairing hospital equipment. In prior years the hospital had contracts with the manufacturers to repair this equipment. Specialty Underwriters, Inc. is providing us with the same coverage at a lesser cost. The savings for fiscal year 1989 is \$16,807.

Specialty Underwriters, Inc., an agent of Continental Insurance Company and a third party provider of maintenance insurance for hospital equipment, has purchased a Technical Equipment Coverage insurance policy (IMC 77-18-07) with Continental Insurance Company.

Under the above-referenced policy the vendor will provide payment for repairs and preventive maintenance to the following equipment located in the Radiology Department at Boston City Hospital.

Elsintc APEX and Portable Unit; Technicare Sigma 410 Camera; Raytheon Gamma Camera; \$2,850; Marquette Tred Mill Case System, \$1,555.

An additional \$4,000 has been added to the contract to cover uninsured repairs.

The vendor also will reimburse the hospital at \$35 per hour on all in-house labor for corrective maintenance of scheduled equipment and will pay the rental cost for replacement equipment until the repairs are completed. Total repair cost cannot exceed the valuation of the equipment as it appears in Policy IMC 77-18-07.

Personnel at the hospital will call the equipment manufacturer when repairs are needed and to arrange for preventive maintenance calls. The manufacturer will bill the hospital and these bills will be forwarded to Specialty Underwriters for payment.

Because Specialty Underwriters, Inc. will pay for preventive maintenance under the policy as well as repairs and because the cost, in my opinion, is reasonable, no benefit would inure to the city by publicly advertising for bids.

Because of the necessity for legal review of the contract terms by both the hospital's legal office and the city's Law Department this contract is being processed late.

Very truly yours,

Judith Kurland,
Commissioner

Pneumatic Tube System Maintenance

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to award a contract, without advertising, to Edgar H. Whittier Company, Stoneham, for the period October 25, 1988, through June 30, 1989, at a cost not to exceed \$25,000.

Under this contract, Edgar H. Whittier Company will repair and provide parts, as needed, to maintain the pneumatic tube system which runs from all of the in-patient buildings and the Ambulatory Care Center to the Boston City Hospital. This system has been manufactured, fabricated and installed by the above vendor. It is a system what has been custom made and adapted to the needs of this institution. The system is used twenty-four hours a day, seven days a week. Because of the increased incidence of infectious disease the system has been running at its maximum capacity for the past year. It is imperative that a company be able to respond immediately to put the system back in order or extensive overtime by the transportation department is required.

In fiscal year 1988, an unadvertised contract was awarded to Edgar H. Whittier Co. in the amount of \$25,000. Prior to this, the system was under warranty, therefore no contract was necessary.

Because of the above, because Edgar H. Whittier Company, the manufacturer has trained per-

sonnel and availability of parts, and because cost, in my opinion, is reasonable, no benefit would inure to the city by publicly advertising for bids.

Documents were sent to the vendor on October 3, and were not returned until November 4, therefore this award is being processed late.

Very truly yours,

Judith Kurland,
Commissioner

JOBS AND COMMUNITY SERVICES

Skills Training

Dear Mayor Flynn:

I respectfully request your Honor's permission to award a contract to the Kasson Foundation, a non-profit corporation, located at Brighton, for the purpose of providing vocational skills training. Under the terms of the contract, the contractor will provide skills training in the area of drywall finishing for approximately sixty DPW/ET registered City of Boston women. In addition, support services will be provided.

The Mayor's Office of Jobs and Community Services was asked by the Commonwealth of Massachusetts, Department of Employment and Training to administer this contract, funds being provided from the State's Department of Public Welfare. Based upon an overall review of the contractor's performance during the prior contract period, the state has approved the continuation of the program at the recommended funding level.

Compensation under the terms of this contract shall not exceed \$101,000, payment being made from funds received from DPW. The period of performance shall be from September 1, 1988, to June 30, 1989. The submission of this letter has been delayed due to the length of time involved in the funding review process.

As this is a negotiated contract at a reasonable cost, mandated by the state agency responsible for funding this program, I believe that public advertising would serve no useful purpose.

Sincerely,

Neil H. Gordon,
Associate Director

PENAL INSTITUTIONS DEPARTMENT

Basic Education Courses

Dear Mayor Flynn:

I respectfully request your permission to dispense with public advertising and award a contract to Mr. Evan McCarthy who resides at Arlington.

Under the terms of the contract, Mr. McCarthy will provide Adult Basic Education courses (p GED) to inmates being held at the Suffolk County House of Correction at Deer Island.

Mr. McCarthy is uniquely qualified to perform these services based on his education and experience in the area of teaching pre-GED courses.

Compensation under this contract will not exceed \$2,001, which will be paid at the rate of \$4 per week or \$12.86 per hour. Mr. McCarthy's salary will be reimbursed to the Penal Institutions Department through a grant from the state which is presently awaiting City Council approval. Mr. McCarthy is presently being paid under service order number 2387-89. The department was unaware that it would take this long to get the grant through the City Council.

The term of this contract shall be from December 1, 1988, up to and including December 31, 1988.

This contract is being submitted late because we were awaiting Council approval for permission to accept and expend these monies.

Robert G. Walsh, Jr.,
Commissioner

PUBLIC FACILITIES DEPARTMENT

Financial Advice, etc.

Dear Mayor Flynn:

Pursuant to a vote of the Public Facilities Commission on October 27, 1988, I respectfully request your Honor's written permission to dispense with public advertisement and award a contract to the Boston Neighborhood Housing Services, Inc., a nonprofit corporation, with offices at 33 Harrison Avenue, providing financial advice and rehabilitation technical assistance to homeowners who desire to make home improvements. The contractor will also administer a high-risk revolving loan fund for qualified owners who cannot obtain home improvement financing from conventional services. Compensation under this contract shall not exceed \$26,000, which I have determined to be a reasonable cost for the services to be performed. The term of this contract shall be from November 1, 1988, to June 30, 1990.

This contract shall increase the current expenditure of services to \$347,908 as described below:

\$278,326 — Loans — Principal repayment of loans funded from awards of prior years Community Development Block Grant funds.

\$43,582 — Administration — Project interest to be received during contract period from loan repayment plus investment income

\$26,000 — Administration — New fund from Community Development Block Grant.

The contractor was selected based upon an evaluation of its past performance and its current ability to complete the scope of services for the new contract period. This program has been supported by the City of Boston with community Development Block Grant funds for the past eleven years with continued success.

On the basis of the Boston Neighborhood Housing Services, Inc. experience and expertise in providing housing rehabilitation and home improvement services, I feel that it is particularly qualified to perform the noted services.

This request has been delayed due to the time required of the project manager to prepare the scope of services.

As this is a negotiated contract at a reasonable cost, based upon an extensive program review, I believe that public advertising would serve no useful purpose. I, therefore, request permission to dispense with inviting sealed bids in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4, s 5.

Snow Removal

Dear Mr. Mayor:

On December 10, 1987, his Honor, the Mayor, approved the award of a contract based on public advertising for bids to Angelo Todesca Company, Westwood, for removing snow and furnishing labor and equipment for the purpose of supplementing the department forces and equipment in connection with the work of keeping the highways and streets open following snowstorms in District 8, C-7688(88), at a cost not to exceed \$100,000 for the period November 15, 1987, to April 30, 1988.

This contract contained an option to renew clause which allows the city to obtain the same services this year as last, at last year's prices, which I believe will result in a substantial savings to the city, and would be performed by a contractor well-qualified and familiar with the area of work.

For the reasons stated above and since public advertising would serve no useful purpose, I re-

spectfully request your Honor's permission to dispense with public advertising and award a contract for the above services to Angelo Todesca Company, Westwood, in the amount of \$100,000 for the period November 15, 1988, to April 30, 1989.

Very truly yours,

Joseph F. Casazza,
Commissioner

Dear Mr. Mayor:

This contract contained an option to renew clause which allows the city to obtain the same services this year as last, at last year's prices, which I believe will result in a substantial savings to the city, and would be performed by a contractor well-qualified and familiar with the area of work.

For the reasons stated above and since public advertising would serve no useful purpose, I respectfully request your Honor's permission to dispense with public advertising and award a contract for the above services to Susi & DiMascio Co., Inc. Hyde Park, in the amount of \$100,000 for the period November 15, 1988, to April 30, 1989.

Very truly yours,

Joseph F. Casazza,

SCHOOL DEPARTMENT

Computer-Aided Instruction

Dear Mr. Mayor:

I respectfully request your Honor's permission to dispense with public advertising and to award a contract to Instructional Systems, Inc., located at New Jersey, for providing the upgrading and expansion of a computer aided instruction system.

Under the terms of the contract, the contractor, will provide compatible software and hardware, including service to the CCC/ISI system of Computer-Assisted Instruction (CAI) and Computer-Managed Instruction (CMI) previously installed. The additions will enable twenty-seven parochial schools currently using the CCC/ISI system to access all graphics courses; provide CAI services to two additional parochial schools; and provide CAI services for three chapter I public schools. The system maintains an ongoing record of student performance and achievement and can adjust the level of difficulty of curriculum to accommodate various rates of progress and achievement. Instructional Systems, Inc. will provide technical support and assistance to Boston Schools Personnel and to non-public personnel.

Compensation under this contract shall not exceed \$500,000, from November 30, 1988, through June 30, 1992. The initial amount to be encumbered during fiscal year 1989 is \$35,000. Instructional Systems, Inc. was awarded the initial contract 4581(87) because they met all of the necessary bid specifications.

Because of the technical specifications for compatibility with the existing system and their satisfactory performance, I believe that public advertising would serve no useful purpose.

There has been no compensation to this vendor in the form of unadvertised contracts during the past three fiscal years.

Very truly yours,

Leo J. Burke,
Business Manager

CONTRACTS AMENDED

The Mayor has approved the amending of contracts, based on the following information:

JOBS AND COMMUNITY SERVICES

Outreach Services

Dear Mayor Flynn:

On or about September 29, 1987, your Honor approved the award of a contract to the Villers Foundation, a nonprofit corporation, located at 25 West Street, to provide outreach services to Hispanic, Asian, Haitian and other newcomers to assist them in receiving, if eligible, Supplemental Security Income (SSI) benefits. Compensation was for an amount not to exceed \$50,000, payment being made from funds received from the State's Executive Office of Communities and Development through the Gateway Cities Program for the period of July 1, 1987, until June 30, 1988. This contract was subsequently amended, approved by your Honor on May 26, 1988, increasing compensation in the amount of \$44,601 to allow the contractor to continue and to expand its program into the Haitian and Russian Jewish communities having made significant changes in access, services, and awareness of SSI in the Hispanic and Asian communities.

Your approval is requested to further amend this contract in terms of compensation and time. The purpose of this amendment is to increase the contract amount and to extend the existing contract period for an additional six months to allow the contractor time to close out its FY 88 contract and to satisfy its obligations under that contract. The new effective dates will be from July 1, 1987, until December 31, 1988. Funding for this amendment will be provided by the Executive Office of Communities and Development through the Gateway Cities Program in the amount of \$22,643. Total compensation under the terms of this contract, as amended, shall not exceed \$117,244. This request has been delayed due to the time involved in receiving notification from EOCD that funds had been granted to cover close-out costs. In addition, this request has been delayed due to the time involved in determining the exact dollar amount required to cover these costs. All other terms and conditions of the original contract shall remain the same.

As this is a negotiated contract amendment at a reasonable cost, I believe that public advertising would serve no useful purpose.

Sincerely,

Neil H. Gordon,
Associate Director

Dear Mayor Flynn:

On or about August 11, 1987, your Honor approved the award of a contract to the Uphams Corner Community Recreational Center, Inc., a nonprofit corporation, located at 500 Columbia Road, Dorchester, to provide outreach services to Cape

Verdean, Haitian and Southeast Asian newcomers in developing English language skills. Compensation was in the amount of \$25,000, payment being made from funds received from the State's Executive Office of Communities and Development through the Gateway Cities Program for the period of July 1, 1987, until June 30, 1988.

Your approval is requested to amend this contract in terms of compensation and time. The purpose of this amendment is to increase the contract amount and to extend the existing contract period for an additional six months to allow the contractor time to close out its FY 88 contract and to satisfy its obligations under that contract. The new effective dates will be from July 1, 1987, until December 31, 1988. I, therefore, request permission to increase compensation in the amount of \$9,722. Total compensation under the terms of this contract, as amended, shall not exceed \$34,722. This request has been delayed due to the time involved in receiving notification from EOCD that funds had been granted to cover close-out costs. In addition, this request has been delayed due to the time involved in determining the exact dollar amount required to cover these costs. All other terms and conditions of the original contract shall remain the same.

As this is a negotiated contract amendment at a reasonable cost, I believe that public advertising would serve no useful purpose.

Sincerely,

Neil H. Gordon,
Associate Director.

PUBLIC FACILITIES DEPARTMENT

Design of Renovations

Dear Mayor Flynn:

Pursuant to a vote of the Public Facilities Commission on November 10, 1988, I respectfully request your Honor's permission to dispense with further public advertisement and amend a contract approved by your Honor on May 4, 1987, awarded to William Rowe and Associates with offices at 3 Appleton Street, Boston, for design and management of Deer Island capital repairs. The cost of this amendment shall not exceed \$22,000. The amended cost of this contract shall not exceed \$133,385.

Said amendment is necessary due to the increased scope of service required of the designer. Under the terms of the amended contract, William Rowe and Associates shall provide additional services including design of a sprinkler system for the new modular buildings.

In view of the technical and professional nature of the services required, the expertise and familiarity of the designer with all existing conditions, and the reasonable cost of such services, it is my view that further public advertising would serve no useful purpose in this particular instance.

Sincerely,

Lisa G. Chapnick,
Director.

SCHOOL DEPARTMENT

Training Sessions, etc.

Dear Mr. Mayor:

On September 26, 1988, your Honor approved the award of a contract to School Mediation Associates, a sole-proprietor doing business at 702 Green Street, Cambridge, for conducting orientation and training sessions for schools in District C and E during the period October 3, 1988, to June 30, 1989, at a cost not to exceed \$10,000.

Your approval is requested to amend this agreement to increase the number of trainers and the length of the training project. After setting up the training schedule at Umana High School, the contractor realized that additional funding would be required to provide training and implement the program in a successful manner.

This amendment will allow for the following: 22 training hours at \$20 per hour plus 2 assistant trainers; 44 prep hours at \$43 per hour, plus 1 lead trainer; miscellaneous supplies — \$75.

The cost of this amendment, which is effective on January 3, 1988, shall not exceed \$3,000, the amount of the additional encumbrance shall be \$2,847, which I have determined to be reasonable. The contract as amended shall not exceed \$13,000.

Very truly yours,

Laval S. Wilson,
Superintendent.

CONTRACTS AWARDED AFTER ADVERTISING ("Requests for Proposals") ("Requests for Qualifications") ("Technically Deficient Bids")

The Mayor has approved the awarding of the contracts based on the following communications:

PARKS AND RECREATION DEPARTMENT

Soil Scientist Services

Dear Mr. Mayor

You are respectfully notified that request for qualifications for consulting services of an agronomist and soil scientist were advertised in the *City Record* and the *Boston Herald* on August 15, and August 22, 1988.

The firm of Camp, Dresser and McKee, Inc., One Center Plaza, submitted the only proposal. This firm is well-qualified to provide the required agronomist and soil scientist services. Their experience in turf and soil as it pertains to athletic fields in the City of Boston and surrounding communities are highly regarded.

Camp, Dresser and McKee, Inc. was awarded a publicly advertised contract during Fiscal Year 1987 for the amount of \$50,000 for providing professional services. Because of their wide range of extensive experience and professional services, which includes agronomy, horticulture and maintenance, they have been able to provide needed technical assistance to the Parks and Recreation Department.

Under the terms of the contract, Camp, Dresser and McKee, Inc., will provide professional services to evaluate existing turf conditions; do on-site analysis of soil properties and structures, to analyze loam and sub-soil for drainage and growth characteristics, to provide recommendations for turf-related construction and maintenance procedures, review consultant design of athletic turf areas and other miscellaneous related services.

The services will be provided on an as-needed basis at an hourly rate as set forth in Schedule A.

Your approval is requested to award this contract to Camp, Dresser and McKee, Inc., One Center Plaza, for the period of January 3, 1989, to June 30, 1989. Compensation shall not exceed the sum of \$10,000 to be charged to 011-300-0301-0290-PK05 account.

Very truly yours,

William B. Coughlin,
Commissioner

POLICE DEPARTMENT

Waste Products Disposal

Dear Mayor Flynn:

On August 1, 1988, and August 8, 1988, the Boston Police Department publicly advertised the *City Record* for disposal services of various automotive waste products classified as hazardous substances by the Massachusetts Department of Environment Quality Engineering and the Environmental Protection Agency. Despite the department's soliciting efforts in contacting companies engaged in performing this service, there was no vendor response.

The department readvertised in the *City Record* on September 26, 1988, and again on October 19, 1988. The following bid was publicly opened and read on October 11, 1988:

Clean Harbors of Kingston, Inc., Braintree \$7,312.50 for disposal only. Labor and equipment will be billed at our standard time and material rates.

The contract, as bid by Clean Harbors of Kingston, Inc., would estimate the department's annual disposal needs at \$22,000. As this proposed contract price was not within the department's estimated expenditure for this service, the bid was rejected.

The department then proceeded to solicit informal price quotations from six vendors engaged in performing this service. The responses were as follows:

Clean Harbors of Kingston, Inc., Braintree, no response; Cyn Oil Corporation, Stoughton, MA \$12,400; A Waste Oil, Waltham, no response; Clean Harbors, Inc., 900 E. First Street, \$20,900; MacDonald and Watson Waste Oil, Revere, no response; Dennison Oil, Inc., Hanson, \$5,850.

Inasmuch as Dennison Oil, Inc. submitted the lowest informal bid and inasmuch as this bid is a reasonable one (denotes a 73 percent reduction over the Clean Harbors of Kingston, Inc. formal bid), your permission is requested to award this contract without advertising to Dennison Oil, Inc., 1158 Main Street, Hanson. The term of the contract shall be December 19, 1988, through June 30, 1989, at a cost not to exceed \$5,850, from appropriation 011 211 0211 PD02 0250, with an initial encumbrance of \$5,850. Dennison Oil, Inc. is a new contractual vendor with this department.

Respectfully,

Francis M. Roache,
Police Commissioner

PUBLIC FACILITIES DEPARTMENT

Design Review, etc.

Dear Mayor Flynn

Pursuant to a vote of the Public Facilities Commission on September 8, 1988, I respectfully request your Honor's written permission to dispense with further public advertisement and award a contract to Lammers & Gershon, Inc., a Virginia corporation, with offices at Reston, VA, providing extended design review services for the Boston City Hospital Inpatient Hospital. Scope of work will include design review for design development, working drawings and construction documents.

Compensation under this contract shall not exceed \$50,000, which is a negotiated fee based on an estimated cost of construction of \$71,735,728, which I have determined to be a reasonable cost for the work to be performed. The term of this contract shall be for fifty-five months from the date of execution.

This project was designed to be a phased project with a separate contract for each phase, each contingent upon the successful completion of the previous phase. Lammers & Gershon, Inc. have successfully completed design review for the master planning, programming and preliminary design for this project.

Accordingly, the qualifications of the above-mentioned firm have been reexamined by the Public Facilities Department Selection Committee pursuant to M.G.L. c. 7, s. 38I. It has been determined that it is in the best interest of the City of Boston to extend the services of this firm.

I believe Lammers & Gershon, Inc. is qualified to perform the services required.

In view of the technical and professional nature of the services, and the selection process used, it is my judgment that further public advertising would serve no useful purpose in this instance.

Sincerely,

Lisa G. Chapnick,
Director.

Dear Mayor Flynn:

Pursuant to a vote of the Public Facilities Commission on October 27, 1988, I respectfully request your Honor's permission to dispense with further public advertisement and award a contract to Lawrence V. Tomlinson, with offices at Hingham, providing professional services to direct the multi-million dollar renovation and new construction project at Boston City Hospital. Scope of work will include reviewing drawings and specifications and supervising architectural and construction firms.

Compensation under this contract shall not exceed \$241,117 which is a negotiated fee based on hourly rates of \$50 per hour year one, \$52 per hour year two, and \$56 per hour year three, which I have determined to be a reasonable cost for the work to be performed. The term of this contract shall be from November 14, 1988, to November 13, 1991.

Following the advertisement of this project in the *Boston Globe* on September 19, 1988 and receipt of proposals, the contractor was selected on the basis of a rating system undertaken by a Public Facilities Committee. The Committee evaluated thirty-eight proposals submitted by the applicants and determined Lawrence V. Tomlinson most qualified and competent to complete said services. The numerical rating for a firm reflects the combined score of each committee member's ranking of this firm thus the recommended firm has the highest number. The numerical rating summary of the four finalists, in order of rank, was as follows: Lawrence V. Tomlinson, 30; William Mello, 24; John Regan, 23; Tom McCormack, 18.

Lawrence V. Tomlinson has extensive experience in the management of large scale hospital renovation and construction projects. He has familiarity with the Boston City Hospital project through his work at University Hospital.

I believe Lawrence V. Tomlinson is qualified to perform the services required.

In view of the technical and professional nature of the services, and the selection process used, it is my judgment that further public advertising would serve no useful purpose in this instance. This contract has been delayed due to lengthy negotiations with the vendor.

Sincerely,

Lisa G. Chapnick,
Director

Dear Mayor Flynn:

Scope of work will include preliminary drawings, design development, working drawings and construction supervision.

Compensation under this contract shall not exceed \$76,711 (including \$15,000 for supplementary services) which is a fixed fee of 13.13 percent based on an estimated cost of construction of \$470,000, which I have determined to be a reasonable cost for the work to be performed. The term of this contract shall be for 120 weeks from the date of execution.

Following the advertisement of this project in the *Boston Globe* on June 27, 1988 and receipt of proposals, the contractor was selected on the basis of a rating system undertaken by a Public Facilities Designer Selection Committee in accordance with MGL c. 7, s. 38A 1/2 et seq. The Committee evaluated eleven proposals submitted by the applicants and determined Gale Associates, Inc. most qualified and competent to complete said design work. The numerical matrix rating for a firm reflects the combined score of each Committee member's ranking of this firm thus the recommended firm has the lowest number. The numerical matrix rating summary of the three finalists, in order of rank, was as follows: Gale Associates, Inc., Weymouth, 8; Architype Architecture, Inc., 11; Chan, Kreiger, Levi Architects, Inc., Cambridge, 15.

I believe Gale Associates, Inc. is qualified to perform the services required.

In view of the technical and professional nature of the services, and the selection process used, it is my judgment that further public advertising would serve no useful purpose in this instance. This contract has been delayed due to lengthy negotiations with the vendor.

CITY OF BOSTON

Proceedings of City Council

Wednesday, March 23, 1988.

NELLA in the chair. Absent, Councillor BOLLING,

meeting was opened with the salute to the flag.

DISAPPROVING ORDER REQUIRING DEPART-
MENT HEADS FILE AFFIDAVIT OATH RE
FILING ANNUAL RESIDENT CERTIFICATES

The following was received:
City of Boston
Office of the Mayor

March 10, 1988.

To the City Council.
Dear Councillors:

I return herewith, without my signature and disap-
proved, an order passed by your Honorable Body on
February 24, 1988, which would require each depart-
ment head and like officer of the city to file with the City
Clerk, an affidavit regarding annual residency certi-
ficates. In addition, the order would authorize the City
Council's Committee on Government Operations to
summons before it department heads and like officers
who fail to file such affidavits.

My reason for disapproval is that, by this order, the
City Council is impermissibly involving itself with the
executive and administrative business of the city. The
City Charter, St. 1948, c. 452, s. 17G, as appearing in St.
1951, c. 376, s. 1, specifically proscribes such direct or
indirect council involvement. Furthermore, the charter
is quite clear as to the means by which the Council is to
obtain specific information from the executive branch of
municipal government. Pursuant to s17F of c. 452, the
City Council can request specific information from the
Mayor. There is no authority for the City Council to by-
pass the Mayor and require department heads or like offi-
cers to impart information to the City Council, whether
by summons or otherwise.

Further, the proposed order expands the terms of the
so-called residency ordinance without amending the or-
dinance itself. There is thus a question as to the authority
for and enforceability of this order.

Finally, the proposed order is vague. It is unclear what
persons are included in the category of "like officer." It
is also unclear what the scope of the department head's or
like officer's responsibility would be under the order.
The order can be read to require a department head or
like officer to take action beyond his or her own depart-
ment or agency.

This administration, like the Council, has strongly
supported the goal of employing Boston residents when-
ever possible, and we have taken unprecedented action to
extend the concept to include requirements that Boston

residents receive a fair portion of the jobs created in the
construction industry on city-supported projects. The
Council's proposed order does not extend the residency
concept; rather, because its terms are illegal and vague,
the order would serve to detract from the goal which we
all share.

Sincerely,
Raymond L. Flynn,
Mayor of Boston.

(Annex hereto is the order referred to.)

Assigned for further action.

COMMUNICATION FROM SECRETARY OF PUBLIC SAFETY RE COUNCIL ORDER REQUESTING CERTAIN SECTIONS OF BOSTON BE ELIGIBLE FEDERAL EMERGENCY AREAS

The following was received:
 The Commonwealth of Massachusetts
 Executive Office of Public Safety
 March 2, 1988.

Mr. Patrick F. McDonough,
 Assistant City Clerk,

Dear Mr. McDonough:

Governor Dukakis has asked me to reply to your letter of January 19, 1988, regarding the declaration of the Back Bay and Beacon Hill sections of Boston as federal emergency areas under the Federal Emergency Management Agency (FEMA) guidelines.

The lowering of the water table in the area has been a problem for some time and in some cases goes back to the MBTA tunnel construction. It has been a topic of discussion in engineer circles for the past several years, and to my knowledge, no cost effective solution is presently available. The only corrective action is rewatering which is impractical or replacement of the wood pilings with concrete or steel pilings which is extremely expensive.

On Tuesday, February 16, 1988, we contacted FEMA Region I regarding the Beacon Hill water level problems and the possibility of FEMA assistance.

Mr. Robert Teeri, Emergency Management Specialist in the Public Assistance branch stated that assistance for the gradual, long-term type of problem occurring in the Back Bay and Beacon Hill is not eligible under FEMA disaster recovery programs. A Presidential Disaster would be needed and this is extremely unlikely based on the problem.

The bottom line is that the damage is not caused by a sudden and uncontrollable natural or technological hazard which could utilize FEMA recovery assistance. Though the problem is of great concern to affected residents and property owners, it is not within the scope of FEMA assistance programs.

I regret that we cannot offer much or any hope of federal assistance. However, if we can be of assistance as you pursue other avenues of relief please advise.

Sincerely,
 Charles V. Barry,
Secretary of Public Safety.

REQUESTING PUBLIC IMPROVEMENT COMMISSION TO NAME CERTAIN INTERSECTION "MAYNARD WINSTON SQUARE"

Coun. IANNELLA offered the following:

Whereas, Maynard Winston, for some four decades, was a resident, a merchant, and an advocate of our Back Bay neighborhood; and

Whereas, Maynard became a fixture of the Back Bay, involving himself constantly in the civic, charitable, political, social, and religious life of Newbury Street and all of the Back Bay; and

Whereas, Maynard Winston's pleasant demeanor and helpful nature continued to give proof that an urban neighborhood can be as warm and friendly as the villages of Currier and Ives; and

CALLING ON UNITED STATES TO IMPOSE SANCTIONS ON SOUTH AFRICA AND SUPPORTING HR. 1580/S.556

Whereas, Apartheid is constitutionally enshrined racism which extends into every area of Black South African life and denies the Black majority access to the political process in their own country; and

Whereas, The white minority government has shown itself capable of the most extreme brutality against any and every attempt of the Black majority to move the country away from apartheid and towards a unitary state based on one-person-one-vote; and

Whereas, On February 24, 1988, the government of South Africa, in an attempt to crush any resistance to this brutality, effectively outlawed seventeen of the leading organizations engaged in nonviolent opposition to apartheid by imposing restrictions which prohibit them from "carrying on or performing any activities or acts whatsoever"; and

Whereas, South Africa illegally occupies Namibia, maintaining one South African soldier for every ten Namibians, and is subjecting the Namibian people to the crime of apartheid; and

Whereas, The City of Boston has established laws endorsing economic sanctions against South Africa; be it therefore

Resolved, That we, the citizens of Boston, call on the U. S. government to impose comprehensive, mandatory economic sanctions on South Africa, including a total trade embargo and the complete withdrawal of all U. S. corporations from South Africa and a severing of all licensing and franchise arrangements; and be it further

REQUESTING PERMISSION FOR MAJOR GENERAL JOHN F. CREMENS, BICENTENNIAL CAPTAIN COMMANDING OF ANCIENT AND HONORABLE ARTILLERY COMPANY, TO BE INTERRED IN CERTAIN BOSTON CEMETERY UPON HIS DEATH

Coun. O'NEIL offered the following:

Whereas, Robert Keayne, the first Captain Commanding of the Ancient and Honorable Artillery Company of Massachusetts, is interred in the King's Chapel Burying Ground, now an historic cemetery administered by the city's Parks and Recreation Department;

Whereas, The marker to Captain Keayne serves to remind citizen and visitor of the Ancients' distinctive role in time of war and the much longer periods of peace;

Whereas, A successor as Captain Commander almost three-and-a-half centuries removed was Atty. John F. Cremens who served during the 1976 Bicentennial year that focused historic attention on Boston;

Whereas, Mr. Cremens has served his nation, state

and community as a Navy officer in World War II, legislator and School Committee member from Cambridge, and now as major general in the state guard, as well as member of professional and academic associations;

Whereas, It would be a signal tribute to the heritage of the Ancient and Honorable Artillery Company if its Captain Commanding at the time of the American Bicentennial observance were to be allowed burial in the same hallowed ground as Captain Keayne or in another historic Boston cemetery; now, therefore, be it

Ordered, The Boston City Council requests the Boston Parks and Recreation Commission to permit that Major General John F. Cremens, the Bicentennial Captain commanding the Ancient and Honorable Artillery Company, at his death be provided interment in the King's Chapel Burying Ground or in nearby Granary Cemetery.

RESOLUTION RE AMNESTY FOR ILLEGAL ALIENS

Coun. BYRNE offered the following:

Whereas, The United States Congress enacted the Immigration Reform and Control Act on November 6, 1986, in an act of generosity, which allows illegal aliens a chance to legalize their status; and

Whereas, The amnesty program permits individuals who entered the United States prior to January 1, 1982, and who have continuously resided in an illegal status since that date to apply for legalization; and

Whereas, Although there are currently several million illegal individuals living in the United States, many have not applied for the benefits of legalization; and

Whereas, Due to the confidentiality provisions of this unique legislation, no information provided on the amnesty application will be used to deport an application or non-qualifying family members; and

Whereas, All qualified illegal aliens are strongly urged to apply for this once in a lifetime opportunity to legalize

their status and continue to live and work in the United States without fear; and

Whereas, The amnesty program ends on May 4, 1988; therefore be it

Resolved, That we encourage all illegal aliens to enjoy the freedom that this law provides by "coming out of the shadows" and joining and fully participating in American society as a legal person in the United States and we urge city and state government to make every effort to publicize this program.

Passed under suspension of the rules.

DECLARING COUNCIL OPPOSITION TO BUILDUP OF TROOPS AND SUPPLIES FROM UNITED STATES IN HONDURAS

Coun. SCONDRAS offered the following:

Whereas, The City of Boston has urgent needs, such as housing for the homeless, which cannot be effectively attended to without significantly reordered national priorities; and

Whereas, In 1986, a similar action was undertaken by the Reagan administration only to have it disclosed at a later point in time that the reason for sending the troops and U. S. dollars, as well as the request from Honduras, was in fact a fabricated event which was the result of pressure upon Honduran officials by the Reagan administration; and

Whereas, The above and the recent indictment of high ranking officials in the Reagan administration for breaking the law in connection with supporting the Contras leads to a serious credibility gap for the Reagan administration; and

Whereas, In the past local officials, who must shoulder the burden of the impact of national policies which cut funds to cities, have been important in shaping national policy; and

Whereas, It is incumbent upon the City of Boston to articulate its posture relative to the war in Central America; now, therefore, be it

Resolved, That the Boston City Council, in meeting here assembled, does hereby declare its opposition to the build-up of troops and supplies from the United States in Honduras and commends the presidential candidates from the Democratic Party who have taken a stand against this policy.

Whereas, The four billion dollar James River Corporation closed the mill this January, just four years after purchasing it; and

I recommend the adoption of the accompanying order by your Honorable Body.

Whereas, From 1978 to 1987, Casey & Hayes, Inc., has been paying property taxes on the 23,475 square feet of discontinued property and had to date paid approximately \$27,871.23, in the belief that they were owners of this land; now, therefore, it is

Ordered, That the Mayor of the City of Boston be, and he hereby is, authorized to execute and deliver to Casey & Hayes, Inc., for consideration paid in the amount of \$30,000, an instrument in writing conveying all of the City of Boston's right, title and interest in and to the 23,475 square feet of discontinued area as herein described.

AUTHORIZING CITY TO ACCEPT AND EXPEND CDAG OF \$1,300,000 FOR BACK OF THE HILL PROJECT

The following was received:

City of Boston
Office of the Mayor

March 23, 1988.

To the City Council.

Dear Councillors:

I attach herewith for your approval an order authorizing the City of Boston to accept and expend \$1,300,000

in Community Development Action Grant (CDAG) funds for the Back of the Hill Townhouses.

The Back of the Hill Townhouses project, which is being developed by the Bricklayers and Laborers Non-Profit Housing Company, will provide 165 townhouse condominiums on the back of Mission Hill. The site is vacant land formerly owned by the Lahey Clinic. Over 70 percent of these units will be affordable to low- and moderate-income families.

The amount requested in the original CDAG application, which you approved several months ago, was \$870,000. Because of unanticipated site preparation costs, we must increase the request to \$1,300,000. The CDAG funds are essential to the success of this important project. I, therefore, urge your Honorable Body to pass this order to make possible the construction of the Back of the Hill Townhouses.

Respectfully,

Raymond L. Flynn,
Mayor of Boston.

Whereas, The city has already submitted a CDAG application for \$870,000 for the Back of Hill project; and

Whereas, The aforementioned application received both City Council and Mayoral approvals; and

Whereas, This project has \$430,000 in unanticipated additional costs that can not be met without CDAG funds; and

Whereas, The Bricklayers and Laborers Non-profit Housing Company, Inc. proposes to construct 165 units of ownership housing on the former Lahey Clinic site in Mission Hill; and

Whereas, Over 70 percent of the units will be affordable to low- and moderate-income residents; now, therefore, be it

Ordered, That the Mayor, acting on behalf of the City of Boston, be, and hereby is, authorized to accept and expend \$1,300,000 in Community Development Action Grant funds from the Executive Office of Communities and Development to make feasible the construction of 165 units of ownership housing by the Bricklayers and Laborers Non Profit Housing Company, Inc. REPORT ON ORDER THAT COMMITTEE ON ARTS AND HUMANITIES HOLD HEARINGS RE PROPOSED RE-USE OF CUSTOM HOUSE AND TOWER AND REPORT TO CITY COUNCIL

Coun. McLAUGHLIN, on behalf of the Committee on the Arts and Humanities, submitted the following:

Report on Docket No. 0173, order that the Committee on Arts and Humanities hold hearings with respect to proposed re-use of the Custom House and Tower, evaluate the same, solicit public comment, and make report to the City Council (referred January 27) — recommending that the order be placed on file.

The Committee held public hearings in the chamber on February 16, 1988, and March 21, 1988, with respect to the proposed re-use of the Custom House.

The Custom House is exceptionally significant, both historically and architecturally.

The Custom House is exceptionally significant, both historically and architecturally. Completed in 1847, it serves as a reminder of Boston's prominence as a major seaport in the 1800s. As the center of New England, the city's role in increased shipping grew and the Custom House played an all-important role. Boston's first skyscraper, the Custom House, is a classic example of Greek Revival and Classical Revival architecture. Even though it has been eclipsed by taller buildings, the Custom House tower, with its well-known clocks, distinctive designs and pyramid shaped top, remains the outstanding structure from Boston's waterfront.

By way of brief background, in March, 1986, the regional office of the General Services Administration (GSA) notified the City of Boston that the federal government would be selling the Custom House as surplus property. The State of Massachusetts was also notified but did not express interest. The Boston Redevelopment Authority (BRA), acting on behalf of the city, negotiated with the GSA and purchased the Custom House. The BRA drew up a Request for Proposal (RFP) which required a nonprofit cultural use for the first three floors. Eventually, three groups responded to the RFP and each of the three appeared before the Committee to detail their plans.

The New England Sports Museum is proposing a museum dedicated to professional and amateur athletes from throughout New England. Dave Cowens, former Celtics star and Devin Hamlen, the developer for the project, spoke to the Committee. All sports, plus past and present time periods, will be covered. The Museum will include exhibits, memorabilia and slide shows depicting New England's rich sports history. An auditorium and rotating exhibit hall will also be part of the Museum. The present facility in Brighton, which is not large enough to house the wealth of information and exhibits the Museum owns, would be retained for office space, archives and research. Since it is a non-profit museum, income would be generated through the sale of tickets and items from the Museum Shop. They hope to keep the ticket prices at a low rate and supplement their income needs through special fundraisers and grants. The most positive aspect of this proposal is the major plan to use the Museum as an educational tool. They plan to work with the Boston Public School system to involve young

people in sports and arts contests, in educational programs against drugs and in working to bring families together in a common interest. The Sports Museum has done an admirable job in gaining letters of support from the residents of Boston. Mr. Hamlen also has extensive experience in preserving historical landmarks and has worked with the Landmarks Commission on several projects.

The Custom House Associates are proposing a City of Boston Museum to depict the cultural and political history of Boston as well as the neighborhoods and people of Boston. James White, attorney at Palmer & Dodge, represented the Associates in speaking to the Committee. Cia Mooney, in charge of Museum Programming, and Lawrence DiCara, legal counsel, also testified before the Committee. Several other persons spoke in favor of this proposal. In addition to the history of Boston, this Museum would develop themes pertaining to the present and future. The Museum would include exhibits, public assembly rooms in which current issues such as the Central Artery and neighborhood development would be discussed and two gallery spaces, one permanent and the other temporary. The permanent gallery would house exhibits and simulated programs which would allow visitors to see how city and state government work and the temporary gallery would house changing exhibits on Boston's neighborhoods. One floor would exhibit originals or copies of important historical documents such as the City Charter. It was stated that many many significant papers and documents are stored in boxes in the Boston Public Library because there is no city museum. There would also be computers and electronic-type exhibits to interest both older and younger people. They stated that their purpose is to "enlighten, educate, inspire and entertain visitors to their museum." In addition, on the top three floors, there would be an official reception area to welcome dignitaries and visitors to Boston. They also propose a small, maritime-type museum with a history of Boston's islands, waterfront and commerce. Also on these top floors would be classrooms and function halls for residents and corporations. The deck would contain viewing scopes.

The Maritime Whydah Associates are proposing a Maritime Museum to display the pirate ship, the Whydah, thousands of artifacts taken from this ship, and oceanographic and marine technology exhibits. Barry Clifford of Maritime Explorers, Inc. who unearthed the treasures, a representative from Benjamin Thompson and Associates, the architect for the project, Lou Heafitz, the developer, and Thomas O'Neill, III, the project consultant, spoke before the Committee. The Whydah, a pirate ship which sunk off the coast of Wellfleet, Cape Cod, in 1717, has been found in shallow water. Over 10,000 artifacts have been retrieved thus far with millions expected by the end of the excavation which will take place over the next four to five years. The developers hope to make Boston the home of the only pirate ship found anywhere in the world. They stated that the archaeological find from the ship is unprecedented and contains the collection of over fifty ships which the pirates had seized in their travels. They brought a pistol, grenade and a gold piece to show the Committee as examples of the artifacts found thus far. They feel that their find is important both culturally and historically to Boston but did stress that their project is attractive on an international and national level. There was an emphasis on the Museum being a major tourist attraction. In addition, the Museum would include marine technology and oceanographic studies and displays. They stated that they would like to develop an educational program which would connect the interest in the pirate treasure with a study of history, sociology, and navigation and stated that their project would be an educational opportunity that

young people would probably never see again. The project would be financed by Shearson Lehman, American Express and E.F. Hutton. The Museum of Science, Peabody Museum, and the Peabody Museum of Salem would assist in developing and operating the Museum.

All three projects plan to develop office space on the non-museum floors. Since, structurally, the Custom House cannot accommodate parking and because parking is extremely scarce in the immediate area, all three museums are anticipating that access to their buildings will be mainly by public transportation, special buses and pedestrian traffic.

The Boston Landmarks Commission appeared at the committee hearing on February 16, 1988. Ms. Carol Kennedy, the representative, stated that the entire exterior and portions of the interior of the Custom House have been designated as landmarks. The Landmarks Commission will not have input into the selection process for the developer. However, after designation by the B.R.A., the Landmarks Commission will have authority to ensure conformity to the preservation guidelines. Whomever is chosen as the developer will retain the architectural and historical significance of the Custom House.

The Committee on Arts and Humanities requests that the B.R.A. consider the following recommendations:

- A provision for off-site parking arrangement be included in developer designation considerations;
- An outreach effort be developed by the designee to invite residents of the City of Boston to visit and use the Museum, through a media education campaign and program linkage with the Boston public schools;
- The Freedom Trail Commission be petitioned to re-route the Trail to include the property lines of the Custom House;
- Use of the observation deck on the top floor remain accessible to the public and used to complement the designation use

The Committee on Arts and Humanities asks that these recommendations be forwarded by the Clerk to the B.R.A.

The report was accepted; **the order was placed on file.**

EMERGENCY PREAMBLE

Couns. HENNIGAN CASEY, SCONDRAS, McCORMACK, MENINO, and O'NEIL offered the following:

Whereas, A recent housing court ruling calls into question the City Council's intent when it passed a removal permit system for the removal of lodging houses from the rental market; and

Whereas, The number of lodging house units in the City of Boston is quickly dwindling; therefore, be it Ordered, That the rules of the Boston City Council are suspended and the attached order is before the body.

The Emergency Preamble was adopted.

Rule 11 was suspended.

ORDINANCE RE PERMITS FOR REMOVAL/CONVERSION OF HOUSING ACCOMMODATIONS IN LODGING AND ROOMING HOUSES

Couns. HENNIGAN CASEY, SCONDRAS, McCORMACK, MENINO, and O'NEIL offered the following:

Be it ordained by the City Council of Boston, as follows:

Whereas, A serious public emergency exists in the City of Boston; and

Whereas, The conversion of rental housing units, especially lodging house units, into condominiums and cooperatives and other uses such as dormitories and housing for students, has resulted in fewer affordable rental housing units for low/moderate income, elderly and handicapped persons; and

Whereas, The vacancy rate for rental housing units in the City of Boston is less than 5 percent; and

Whereas, The removal/conversion of lodging house units has resulted in increases in rent, displacement of tenants and loss of rental housing stock especially for low/moderate income, elderly and handicapped persons; and

Whereas, The shortage of rental housing units in lodging houses and the failure of some landlords to rent avail-

able lodging house units has resulted in hardship for low/moderate income, elderly and handicapped persons seeking housings; and

Whereas, Many of the tenants who reside in lodging houses are low/moderate income, elderly or handicapped persons and are often evicted, constructively evicted or displaced so that the lodging house in which they reside can be converted to other uses such as condominiums, cooperatives, dormitories or housing for students; and

Whereas, Many of the tenants who have been evicted, or constructively evicted or displaced from lodging houses are unable to find alternative housing in the City of Boston and often become homeless; and

Whereas, The City of Boston and the Mayor of the City of Boston recognized the emergency and requested the Interdepartmental Task Force on Lodging Houses to systematically study the problem; and

Whereas, The study prepared by the Interdepartmental Task Force on Lodging Houses found that in 1950 there were 25,000 single rooms in the City, 9,500 in 1968, and only 3,000 in May of 1986, and found that widespread speculation in the rental market has decreased the availability of affordable rental housing and lowered the number of single rooms; and

Whereas, On June 16, 1987, the Boston City Council by a vote of 10 to 1, addressed the problem of displacement of lodging house tenants, by passing an amendment to the Rental Housing Equity Ordinance, chapter 34 of the Ordinances of 1984, as amended, entitled "Permits for Removal/Conversion of Housing Accommodations in Lodging Houses and Rooming Houses." The Mayor of the City of Boston signed the amendment into law; and

Whereas, It was and is the CLEAR AND UNEQUIVOCAL INTENTION of the City Council and Mayor that the June 16, 1987 Amendment requires any landlord of a lodging house to obtain a Removal/Conversion Permit from the Board BEFORE any lodging house units can be converted to any other use including the leasing of rooms to a college or university or its students for use as dormitory rooms or housing for students; and

Whereas, The Buckminster Hotel, located at 645 Beacon Street, Boston, is a lodging house subject to licensing under General Laws chapter 140, section 23 and subject to all of the Provisions and Amendments of chapter 34 of the Ordinances of 1984, including the June 16, 1987 Amendment; and

Whereas, The landlord of the Buckminster Hotel, without applying for and receiving a Removal/Conversion Permit from the Rent Equity Board pursuant to the June 16, 1987 Amendment, leased out a large portion of the building to Chamberlayne Junior College for occupancy by over 100 students; and

Whereas, More than 30 rooms of the Buckminster Hotel are occupied by long-term lodging house tenants who are entitled to live in a safe, decent and quiet environment, uninterrupted by the noise and confusion of more than 100 college students; and

Whereas, It is the CLEAR AND UNEQUIVOCAL INTENTION of the City Council and Mayor that the June 16, 1987 Amendment does prohibit and has prohibited the leasing of rooms for use as a dormitory or as student housing without first obtaining a Removal/Conversion Permit from the Board; and

Whereas, The tenants of the Buckminster Hotel and the Rent Equity Board have sought relief from the Housing Court of the City of Boston, requesting the court to order the landlord of the Buckminster Hotel to move the students out of the Buckminster Hotel until such time as a Removal/Conversion Permit is applied for by the landlord and issued by the Board; and

Whereas, The Housing Court, refused to issue an in-

junction prohibiting the landlord of the Buckminster Hotel from moving Chamberlayne Junior College students into the Buckminster Hotel; and

Whereas, It is clear that the Housing Court has misinterpreted the intentions of the City Council and Mayor in adopting the June 16, 1987 Amendment; and

Whereas, In order to give the Housing Court, the owners of lodging houses, lodging house tenants and the Rent Equity Board guidance as to the CLEAR AND UNEQUIVOCAL INTENTION of the City Council and Mayor in adopting the June 16, 1987 Amendment, the following ordinance is adopted in substitution of the June 16, 1987 Amendment; and

Whereas, It is the CLEAR AND UNEQUIVOCAL INTENTION of the City Council and Mayor in substituting this new ordinance for the June 16, 1987 Amendment that the new ordinance is designed to clarify the June 16, 1987 Amendment, and that the new ordinance is effective as of the date of passage of the June 16, 1987 Amendment; and

Whereas, It is the CLEAR AND UNEQUIVOCAL INTENTION of the City Council and Mayor in substituting this new ordinance for the June 16, 1987 Amendment that the landlord of the Buckminster Hotel shall continue to be in violation of the June 16, 1987 Amendment as well as the substituted ordinance until such time as he moves the students out of the Buckminster Hotel; and

Whereas, It is the CLEAR AND UNEQUIVOCAL INTENTION of the City Council and Mayor in substituting this new ordinance for the June 16, 1987 Amendment that the landlord of the Buckminster Hotel continues to be prohibited from leasing any rooms in the Buckminster Hotel to any college or university or directly renting to students for use as dormitories or student housing without first obtaining a Removal/Conversion Permit from the Board; and

Whereas, It is the CLEAR AND UNEQUIVOCAL INTENTION of the City Council and Mayor in substituting this new ordinance for the June 16, 1987 Amendment that the Courts of the Commonwealth enforce the Ordinance in order to protect the stock of lodging house units in the City of Boston; and, in the case of the Buckminster Hotel, order the landlord of the Buckminster Hotel to move the students out of the Buckminster Hotel immediately and in the future not to lease any rooms in the Buckminster Hotel to any college or university or directly rent to students for use as dormitories or student housing without first obtaining a Removal/Conversion Permit from the Board.

Now, Therefore, pursuant to the authority vested in it by law, including without limitation, Article 2, as amended, and Article 47 of the Constitution of the Commonwealth of Massachusetts, and chapter 797 of the Acts of 1969, as amended by chapter 863 of the Acts of 1970, and by chapter 843 of the Acts of 1971, and by chapter 45 of the Acts of 1987, be it declared by the City Council and City of Boston that a substantial and critical shortage of safe, decent and reasonably priced rental housing exists in the City of Boston, particularly for those who are elderly, handicapped, or who have low or moderate incomes, because of deterioration or demolition of existing housing and an insufficient supply of new housing, and due, further, to the eviction and displacement of tenants for the purpose of conversion of rental housing units to other uses or forms of ownership, particularly conversion to condominiums, cooperatives and dormitories or student housing and, therefore, the following is declared to be in the public interest.

Section 10 of chapter 34 of the Ordinances of 1984, as amended, is hereby further amended by deleting the subsection entitled "PERMITS FOR REMOVAL/CONVERSION OF HOUSING AND ACCOMMODA-

TIONS IN LODGING AND ROOMING HOUSES" passed by the City Council on June 16, 1987 and substituting in place thereof a new subsection entitled "PERMITS FOR REMOVAL/CONVERSION OF HOUSING ACCOMMODATIONS IN LODGING HOUSES AND ROOMING HOUSES" to be appropriately numbered and incorporated into the City Code by the City Clerk as follows:

ORDINANCE REGULATING THE SALE AND MARKETING OF REPLICA FIREARMS IN CITY OF BOSTON

Coun. MENINO called Docket No. 0184 from the Committee on Government Operations. Having been in Committee more than forty-five days, the matter was before the body.

City of Boston

In the Year Nineteen Hundred and Eighty-eight

An Ordinance Regulating the Sale and Marketing of Replica Firearms in the City of Boston.

Be it ordained by the City Council of Boston, as follows:

Whereas, The sale and possession of replica firearms has increased in the City of Boston in recent years; and

Whereas, Replica firearms can be so authentic looking as to be visually indistinguishable from real firearms; and

Whereas, Replica firearms have been and continue to be used in the commission of violent crimes in the City of Boston; and

Whereas, When such replica firearms are perceived as actual firearms, fear and dangerous defensive actions may result; and

Whereas, Such prevalence and use is a threat to public safety and security; and

Whereas, The City of Boston must address this threat to public safety and can best do so by limiting the availability of such replica firearms; and

Whereas, Boston police officers, because of their training and experience, have the knowledge and ability to assess the similarities between real and replica firearms and the violence that can result from the use of replica firearms; now, therefore — Be it ordained by the City Council of Boston as follows:

ACKNOWLEDGING CONTRIBUTIONS OF REVEREND MARTIN LUTHER KING, JR.

Coun. YANCEY offered the following:

Whereas, Monday, April 4, 1988, commemorates the anniversary of the death of Martin Luther King, Jr., a tragic day in America's past; and

Whereas, This senseless act ended the life of a great American hero twenty years ago, we should take time to reflect on his tremendous contributions to the United States; and

Whereas, Martin Luther King, Jr., a minister, orator, author of numerous books, a loving father and husband, was a champion of the oppressed who sought to right the wrongs of our world community; and

Whereas, Martin Luther King, Jr.'s dreams envisioned a society where the measurement of an individual was not based on the color of his skin, "... but on the content of his character," a society where human rights prevailed over economic concerns, a society where opposing viewpoints were settled through communication, not with ammunition; and

Whereas, Martin Luther King, Jr. received many national and international awards, including the Nobel Peace Prize, and a national holiday on the celebration of his birthdate beginning in 1986. Curing injustice would have been the most rewarding prize, for that was simply his objective and mission in life, and he is quoted as saying, "Injustice anywhere is a threat to justice everywhere"; and

Whereas, His contributions to society are measured by each of us, individually; be it therefore

Resolved, That the Boston City Council, in meeting assembled, acknowledge the contributions of the Reverend Martin Luther King, Jr.

The matters contained within the Consent Agenda were severally adopted.

CITY PROVIDES LAND FOR DORCHESTER HOMEOWNERS

Nine Dorchester homeowners and a shelter provider for homeless families have recently acquired parcels of vacant city-owned land for use as gardens, yards, and off-street parking under the Abutter Lots Program operated by the city's Public Facilities Department (PFD). The Abutter Lots Program is an off-shoot of Project 747, Mayor Flynn's plan to convert vacant city-owned land to productive use.

"Everybody benefits from this program," said PFD Director Lisa G. Chapnick. "The local residents benefit by improving their properties, and the city benefits by having someone to care for these often-neglected and underutilized lots."

The lots recently conveyed in Dorchester include: 30 Burt Street to Harriet A. Best; 107 Park Street to Nancy Taylor; 47 Van Winkle Street to Christine Bailey; 49 Alpha Road to Patricia E. Spence and Son Van Tran; 165 Calender Street to Robert and Sonja Holmes; 9 Leedsville Street to Dudley and Noreen McDonagh; 67-69 Richfield Street to Charran and Soonderdai Mahedo and Armando and Edite Lima; and 140 Pleasant Street to Sojourner House.

The parcels of land sold through the Abutter Lots Program are generally less than 3,000 square feet in size, and are considered unbuildable. To be eligible to buy one of these lots, an applicant must live immediately adjacent to the land. Preference is given to owner-occupants. The lots are usually sold at well below market prices. Where feasible, lots may be divided and sold to more than one homeowner. Restrictions prohibit the construction of separate housing on the site.

In the last year, 100 Abutter Lots have been advertised for disposition, 61 have been tentatively designated to neighboring homeowners and 39 have been conveyed. Another 72 lots are in the pipeline for disposition in 1989.

RECYCLING PROGRAM IN CITY HALL

City Councillors Rosaria Salerno and David Scondras and City of Boston Administrative Officials, in conjunction with the Work Experience Center of the Center House, Inc., announce an exciting new venture to recycle waste paper and provide employment for eight mentally disabled workers.

"Solid waste disposal is a huge problem for Boston, and recycling is the answer," said Councillor Scondras. "We decided to start the recycling program at home, in City Hall."

"This program demonstrates that recycling is an environmental and human issue. It is one of many steps the Council and city must take to develop an integrated solid waste disposal plan. Equally exciting is the opportunity this program provides to individuals in need of training and employment," noted Councillor Salerno.

This venture is the outgrowth of a recycling order introduced by Councillors Salerno and Scondras and signed by Mayor Raymond L. Flynn. It was implemented by the Real Property Department with the assistance of the Environment Department.

"The recycling program at Boston City Hall represents a very nice symmetry in which the city saves on its disposal cost; Center House employees gain training and work experience; important environmental issues are highlighted; and we enhance a cooperative working relationship between city government and a valued segment of our community. It is truly a win, win, win program," said Frank Jones, Commissioner of the Real Property Department.

Workers with mental disabilities from the Center House will collect and sort paper from each of the City Hall offices.

Recycling Program . . .

(Continued from front page)

Office paper such as this can sell for approximately \$60 a ton. All of the monies realized from the sale of waste paper from City Hall will be given directly to the Center House by the paper recycler.

"The recycling program will be very beneficial to Center House clients," said Bill Sprague, associate director of Center House.

The average age of the disabled workers is late twenties and most have never worked in an outside training program before. "When they are given the opportunity to be integrated into work situations outside Center House, it not only increases their normalization and growth opportunities, but it gives them a great sense of accomplishment and independency," said Sprague.

Bill Sprague also said that work situations such as this program will be a stepping stone to future competitive employment for some workers.

The program recycles various types of paper such as white office paper, colored office paper, greenbar computer paper, and computer tab cards. For each ton of recycle paper the city saves \$62.50 in avoided waste disposal charges.

The city, through this pilot project, intends to demonstrate the viability of paper recycling as a component of successful waste disposal management plans.

"BOSTON!—

Let every child born of her
And every child of her adoption
See to it to keep the name of Boston
As clean as the sun
And that in the distant ages
The prayers of the millions
On the hills that grid this Town of Boston

will be:

SICUT PATRIBUS—SIT DEUS NOBIS."

ANNUAL APPROPRIATION OF
\$341,100,000 FOR SCHOOL DEPARTMENT

The following was received:

City of Boston
Office of the Mayor

April 7, 1988.

To the City Council
Dear Councillors:

Attached to this letter you will find an appropriation order, in the amount of \$341,100,000, for General School Purposes for FY89, submitted pursuant to the provisions of chapter 224 of the Acts of 1936, as amended by chapter 190 of the Acts of 1982, as further amended by chapter 701 of the Acts of 1986 and chapter 613 of the Acts of 1987.

The requested appropriation for the Boston School Department represents a 9.5 percent increase in appropriations over the current fiscal year. This appropriation, when combined with other available funds, will support an operating budget spending level for the School Department of \$350 million for FY89. In addition, the Department will have available another \$42 million of categorical grant funds, for an aggregate operating budget of \$392 million for the upcoming fiscal year.

There are several features to this budget request which, I believe, merit attention:

- The appropriation for FY89 represents an increase of \$29.5 million over FY88, or 9.5 percent.
- The appropriation will allow the department to increase repair and maintenance funding by \$1.6 million to bring that portion of the budget in line with the recommendations of the Maintenance Improvement Program, which I support.
- In FY84, the operating budget spending level was \$236.4 million. This appropriation will support a spending level of \$350 million for FY89, up more than \$113 million since FY84.

This financial commitment is, as you know, matched only by our \$147 million capital improvement program for school facilities throughout Boston.

Our efforts over the past several years have allowed the School Department to restore programs cut, following Proposition 2 1/2 and to hire over 800 new employees, including more than 260 in the past year alone. New initiatives to address the needs of "at-risk" students, to reduce the dropout rate, and to implement sections of the Superintendent's Boston Education Plan, have been launched and funded.

For FY89, I am recommending a budget increase of \$29.5 million — the largest in the history of the Boston

Public Schools. I respectfully ask your support of this appropriation to fund a School Department budget of \$350 million for the coming fiscal year.

Sincerely,
Raymond L. Flynn,
Mayor.

Ordered, That pursuant to chapter 224 of the Acts of 1936 as amended by chapter 190 of the Acts of 1982, and as further amended by chapter 701 of the Acts of 1986 and chapter 613 of the Acts of 1987, to meet the current operating expenses of the School Department in the fiscal period commencing July 1, 1988, and ending June 30, 1989, the sum of \$341,100,000 be, and the same hereby is appropriated, said sum to be raised by taxation pursuant to section 23 of chapter 59 of the General Laws: School Department, \$341,100,000.

Referred to the Committee on Public Education.

ORDERED FOR ACCEPTANCE OF
PROVISIONS OF PENSION REFORM ACT

The following was received:

City of Boston
Office of the Mayor

April 11, 1988.

To the City Council.
Dear Councillors:

I transmit herewith for your approval an order accepting the provisions of section 22D of chapter 32 of the General Laws. Section 22D is that portion of the recently enacted Pension Reform Act which provides for reduction of the retirement system's unfunded actuarial liability to zero by June 30, 2028.

Retirement systems adopting said section 22D will establish a funding schedule to be approved by the actuary of the Division of Public Employee Retirement Administration. The retirement system shall then receive annual pension funding grants from the Commonwealth for the first fifteen years of the schedule, beginning with the fiscal year ending June 30, 1990. This will reduce the amount the city would otherwise be required to appropriate pursuant to the funding schedule.

By accepting said section 22D, the Retirement System will be deemed to have also accepted the following provisions of the Pension Reform Act:

1. M.G.L. c. 32, sections 5 (3) (e) and 5A. The city shall adopt certain minimum wellness and fitness standards and programs for police and fire fighters.
2. M.G.L. c. 32, section 22 (1) (B 1/2). The \$30,000 salary cap on the amount of regular compensation used in the calculation of retirement allowances for persons hired on or after January 1, 1979 is repealed. An additional 2 percent is to be withheld from the regular compensation over \$30,000.
3. M.G.L. c. 32, section 90G 1/2. Members of the retirement system over age 70 who continue in employment may elect to have deductions made from regular compensation which will then be used in calculating the member's retirement allowance.
4. M.G.L. c. 32, section 6 (1). This section lowers from fifteen years to ten years the number of years of creditable service an employee must have in order to be eligible for ordinary disability retirement.
5. M.G.L. c. 32, section 7 (2) (a) (iii). Supplemental dependent's allowance for eligible children of persons retired for accidental disability is increased from \$312 to \$450 per year; cost of living increases are to be applied to this allowance.

Funding systems will not be required to appropriate the normal costs associated with the above provisions for any year prior to the year in which the first annual pension assistance grant is payable to the system.

The acceptance of section 22D of chapter 32 of the General Laws will promote the future financial well-being of the city and its employees by eliminating the unfunded pension liability. Each of the attendant provisions which are automatically accepted with section 22D are also beneficial to the city's employees and retirees. I therefore urge your Honorable Body to pass this order as expeditiously as possible.

Respectfully,

Raymond L. Flynn,
Mayor of Boston.

Orderd: That the provisions of section 22D of chapter 32 of the General Laws be, and hereby are accepted.

Referred to the Committee on Government Operations.

ORDINANCE AMENDING FEE, FINE AND LICENSE STRUCTURE OF CITY OF BOSTON CONCERNING TRANSPORTATION DEPARTMENT

The following was received:

City of Boston
Office of the Mayor

April 12, 1988.

To the City Council.

Dear Councillors:

I transmit herewith for your approval an ordinance which amends the fee, fine and license structure of the City of Boston concerning open-air parking spaces in the City of Boston. Specifically, the ordinance sets a fee for a license granted by the Commissioner of Transportation to operate an open-air parking lot.

In 1985, the City Council passed an ordinance which raised the fee for such a license. Several corporations who were licensed to operate open-air parking lots, as well as other plaintiffs, filed suit to challenge the ordinance, alleging that in passing the ordinance, the City of Boston exceeded its authority.

The ordinance which I transmit to you today is the result of negotiations which led to settlement of the suit. The ordinance states the fee for a license to operate an open-air parking lot based on the location and the size of the lot. The fee is to cover the administration and regulatory costs the city incurs in relation to these lots.

I urge your Honorable Body to pass this ordinance so that the city will have a valid and enforceable fee schedule in place for open-air lots in the City of Boston and so that we may finally resolve the outstanding court suit on this matter.

Sincerely,

Raymond L. Flynn,
Mayor of Boston.

Any department head or executive officer or director of an unaffiliated agency failing to meet the deadline or extension for submitting an annual report shall be personally liable for a civil penalty of \$1,000, with the penalty continuing at the rate of \$500 for each successive month or portion thereof during which the deadline is not met. REPORT ON ORDINANCE AMENDING CHAPTER 19 OF ORDINANCES OF 1981 REQUIRING SITE CLEANLINESS PLAN AND LICENSE FOR CERTAIN ACTIVITIES

Coun. HENNIGAN CASEY, on behalf of the Committee on Government Operations, submitted the following:

Report on Docket No. 0424, ordinance amending chapter 19 of the Ordinances of 1981 requiring site cleanliness plan and license for certain activities (referred March 30) — recommending passage of the ordinance in the following new draft:

City of Boston
In the Year Nineteen Hundred and Eight-eight
An Ordinance Amending Chapter 19 of the
Ordinances of 1981

Be it ordained by the City Council of Boston, as follows: Chapter 19 of the Ordinances of 1981 is hereby amended by adding the following new section:

Site Cleanliness Plan: The Commissioner of Inspectional Services or his designee shall issue site cleanliness licenses. No restaurant or store, including but not limited to, fast food, take out, grocery, convenience and package stores, gasoline service stations, automobile repair and/or parts shops, shall sell food or drink or automotive parts for consumption or use off the premises without first obtaining a site cleanliness license from the Commissioner of Inspectional Services. Site cleanliness licenses shall be required for the following:

- A. Restaurants, fast food establishments, convenience stores, grocery or package stores which sell food or drink for consumption off the premises.
- B. Gasoline service stations and automotive repair shops or parts shops that sell automotive parts for installation off the premises.

Annually on a date set by the commissioner, establishments designated in categories A and B above shall file,

renew or amend a site cleanliness plan containing the following information in writing on a form approved by the Commissioner:

Address and plan of the site on which the establishment is located.

Name, address, telephone number of the property owner of the site.

Name, address, telephone number of the establishment and manager of same.

Name, address and telephone number of the person or company responsible for activities covered by the site cleanliness plan.

Site cleanliness plan which states a weekly schedule giving the days and times of the week for cleaning and maintaining the exterior site of the establishment and adjacent sidewalks or public ways free from litter, rubbish or refuse. Said plan and the license issued pursuant thereto shall be posted on the premises in a site accessible to public view. If there is a bulk refuse container on the premises said bulk refuse container must be licensed in accordance with CBC Ordinances Title 14, section 264A.

If there is a bulk refuse container on the site provisions must be made for screening by solid fencing or vegetation the bulk refuse container from view from public ways and sidewalks at all sites other than construction sites, unless said screening would eliminate disposal access to the bulk refuse container.

If the Commissioner of Inspectional Services reasonably determines that the above information is accurate and that the site maintenance plan submitted is adequate to keep the site free from litter, the Commissioner of Inspectional Services shall issue a site cleanliness license for the site upon payment of a \$25 fee. Performance of the activities scheduled in the site cleanliness plan shall be a condition of the license and nonperformance of the activities scheduled in the site cleanliness plan shall be a violation of the license and of this ordinance. Each site shall be licensed separately unless adjacent sites file a group site cleanliness plan where cleaning and maintenance services are provided by a single entity and said plan has been approved by the Commissioner. The term of a license shall be one year.

If a licensee fails to abide by a site cleanliness plan and is cited by the Inspectional Services Department or by another city agency, three times in any one year, this license may be suspended or cancelled by the Commissioner. Notice of such suspension or cancellation shall be served on the owner or his agent. The Commissioner or his agent may order the establishment to cease its normal business activities until compliance with the site cleanliness plan is achieved. In event of suspension or cancellation of the site cleanliness license, other municipal agencies issuing licenses will be so notified.

REPORT ON ORDER FOR HEARING TO REVIEW IMMIGRATION REFORM AND CONTROL ACT RE IMPACT ON UNDOCUMENTED IMMIGRANTS IN BOSTON

Coun. IANNELLA, on behalf of the Committee of the Whole, submitted the following:

Report on Docket No. 0312, order for hearing to review Immigration Reform and Control Act with respect to its impact on undocumented immigrants in Boston (referred February 24) — with the following recommendations:

1. The Committee heard testimony from thirty-one witnesses during a four-hour period. Those testifying included representatives of labor unions, social service, religious, and advocacy organizations, and local and state government, as well as, elected officials, immigration lawyers, social workers, and documented and undocumented workers. The testimony of all witnesses was tape recorded and written testimony from a number of the witnesses, as well as from individuals unable to attend such as U. S. Representative John Joseph Moakley, has been received. (A complete list of those who testified is attached.)

2. The intent of Congress in passing the Immigration Reform and Control Act (IRCA) of 1986 was to encourage the greatest possible number of eligible persons to apply for legal resident status under the Amnesty Program detailed in the act. (The Amnesty Program began on May 5, 1987, and is to end on May 4, 1988.) The Immigration and Naturalization Service (INS) estimated that 3.9 million undocumented immigrants would be eligible to apply for legal residence status and that nearly 60,000 eligible applicants lived in Massachusetts. However, with less than four weeks before the deadline, approximately 1.5 million individuals have applied. Five thousands of these applicants reside in Massachusetts. The reasons for the low response to the Amnesty Program are numerous, however the Committee repeatedly heard reference to the following:

2. 1. Limited and late public education about the content of IRCA, particularly the provisions of the amnesty program, by the Immigration and Naturalization Service to the public in general and the country's immigrant population in particular.

2. 2. An unrealistic deadline that does not take into consideration factors such as the language barrier faced by many immigrants and the immigrant community's fear and mistrust of the Immigration and Naturalization Services.

2. 3. Fear on the part of many eligible applicants of being separated from their families fueled by the lack of clarity and public education concerning the status of family members who are ineligible for legalization and the requirement that an applicant must provide the names, citizenship status, date of birth, place of birth, present address, and whether or not applying for legalization, for spouses, former spouses, sons, daughters, brothers, and sisters.

2. 4. The detailed and time-consuming documentation requirements applied to a community that by its very nature has sought to avoid the creation of a paper trail. Thus, many documents normally in the possession of legal residents that provide proof of a history of employment, continuous residence in the United States, or financial status (all requirements of IRCA) are difficult for applicants to obtain. In addition, though the IRCA specifically directs that any documents submitted for use in a

legalization application remain in that file not to be available to other branches of the INS, nor to other government agencies, many former employers (who may not have followed correct accounting procedures) and landlords and landladies have been uncooperative often refusing to provide documentation to an eligible applicant.

3. While many testified about the unrealistic documentation requirements, the testimony of Gerado, an undocumented immigrant, allowed members of the Committee to hear first-hand the difficulties eligible applicants face. Through a translator, Gerado spoke of the unwillingness of past employers to provide documentation and the difficulty he has had in obtaining records from financial institutions and businesses.

4. The Committee also learned that IRCA makes it possible for only those who arrived in the United States before 1982 to apply for legal resident status, and that the number of undocumented immigrants who arrived after 1982 could be as high as two million. These individuals, like those who may have arrived before 1982, but do not qualify for the amnesty, are reliable employees who provide an important economic service to businesses and cities across the country. Due to IRCA regulations and sanctions on employers if these regulations are violated, many of these individuals will lose their jobs. In addition, fear of deportation will make it less likely that they will seek public assistance or take advantage of available social service programs. The enormous population of undocumented immigrants will face serious social and economic problems that eventually will have to be addressed by local and state governments across the country.

5. In consideration of the foregoing testimony, your Committee respectfully recommends that it be established as the official policy of the City of Boston that the City does:

—Support extending the amnesty deadline and expanding the Amnesty Program of the Immigration Reform and Control Act—1986;

—Support the national legislation (S.2015 and H.3816) introduced by Massachusetts Senator Edward Kennedy and New York Representative Charles Schumer that would extend the amnesty period one additional year, from May 5th, 1988, to May 5, 1989, and the national legislation (the Legalization Extension Act of 1988) introduced by Representative Massachusetts Representative Joseph Kennedy that would expand the amnesty program's eligibility date to March 31, 1988;

—Urge that the Immigration and Naturalization Service expand its education efforts concerning the provisions of the Amnesty Program and that all educational materials be printed in languages appropriate to the immigrant population most affected by IRCA;

—Encourage all departments of the City of Boston to cooperate with all city employees applying for legalization through the amnesty program by providing them with proof of employment immediately upon request;

—Encourage all city agencies to cooperate with any resident applying for legalization through the amnesty program by providing them with documentation needed to prove residence in Boston between January 1, 1982;

—Encourage and urge all employers operating within the city to cooperate with any resident applying for legalization through the amnesty program by them with proof of employment immediately upon request;

—Encourage and urge all renters in Boston to cooperate with any resident applying for legalization through the amnesty program by providing them with documentation of rental records immediately upon request;

—Request that the Regional Director of the INS in Boston immediately issue and make public operating instructions stating that no enforcement of deportation will

take place against any immediate family relation of any applicant for legalization under the IRCa amnesty program; and

—Request that the Immigration and Naturalization Service liberalize its policy regarding employment authorization.

Further, your Committee respectfully recommends that:

—a copy of this report be forward to every member of the Massachusetts Delegation to the United States Congress, the Speaker of the House of Representatives, the President pro tempore of the Senate, the Director of the Immigration and Naturalization Service, the Director of the Regional Immigration and Naturalization Service, and to all City of Boston departments and agencies.

The report was accepted and placed on file.

APPROPRIATION AND TAX ORDERS FOR FY1989 FOR CITY OF BOSTON AND COUNTY OF SUFFOLK

The following was received:

City of Boston
Office of the Mayor

April 13, 1988.

To the City Council.

Dear Councillors:

I transmit herewith my proposed Fiscal Year 1989 Operating Budget for the City of Boston and the County of Suffolk.

Over the past four years the Operating Budgets of the City of Boston have pursued two strategic goals: the first was to allocate the resources of the City of Boston in such a manner as to directly address the long-term social, health and safety needs of the people and neighborhoods of our great city; the second was to do so in a fiscally prudent manner designed to insure a balanced budget. I firmly believe that progress built on a shaky financial foundation quickly becomes only an illusion of progress.

For four years we have made great strides in accomplishing both goals. Over the first four years of my administration, Boston's financial house was put in order. The inherited chronic deficits of the past are gone, the impacts of proposition 2 1/2 are being addressed and essential services have, in large measure, been restored. Fire stations that were shuttered have been reopened,

new police stations are being built, an ambitious capital improvements budget unveiled and significant investments in education and youth activities accomplished. The city has revitalized its parks, strengthened its health care delivery system, begun to fund an aggressive AIDS treatment program and confronted the issue of homelessness. In terms of management, we have reduced unnecessary expenditures, tightened financial controls, revamped the city budget process and begun a comprehensive management evaluation program. However, those accomplishments are threatened and future progress is in doubt. Last year in my budget transmittal letter I made the following comment:

"(In terms of Boston's relationship to the Commonwealth of Massachusetts, the budget clearly indicates that state assumption of certain programs must be a high priority and a reflection of an overdue commitment that needs to be fulfilled. Overall city revenue growth is moderating and, while still healthy, is a harbinger of the need for additional revenue options and state assumptions."

I must report to you that our efforts to secure more fair treatment for Boston have not yet met with success. There have been no state assumptions of programs and no new recurring revenue resources made available to the Commonwealth's capital city. The attitude continues to prevail that Boston is a convenient place to shop, work, make money, go to school and receive medical care, but an inconvenience to support, finance, nourish and respect. It is easy, unfortunately, to overlook the fact that Boston's financial strength is a major and inextricable pillar of the Commonwealth's economy. To the extent that the Commonwealth does not address its largest city's needs, it is only succeeding in undermining its own financial future. The economic fate of the Commonwealth is and will continue to be driven by that of its largest and most dynamic city.

I am pleased to inform you, however, that this budget is both balanced and dedicated to providing funds for needed programs and services. While the city may be known as the home of fine educational institutions, outstanding medical centers, and cultural, sports and recreational activities, it is also — and more importantly — the center for housing the poor, caring for the homeless and treating the neglected. This budget attempts to address that reality by allocating resources to programs which serve those most dependent upon government.

In conclusion, we have made great progress in improving the programs and services provided by the City of Boston. Continued progress depends, however, upon action on the part of the Commonwealth of Massachusetts. State government must avoid further delay and face up to its responsibilities in such areas as:

- the need to deal with Boston's solid waste crisis;
- the need to address the overdue assumption of costs of operating county jails and houses of correction;
- the need to provide additional local option revenue measures for municipal governments;
- the need to redress the unfair and inequitable MBTA assessments paid by the City of Boston;
- the need to stop the decreases in Boston's share of new local aid; and
- the need to restructure lottery aid distributions to cities and towns so as to consider financial need as the principal factor in determining the amounts distributed.

The City of Boston is ready to act as an equal partner with the Commonwealth in order to make progress on all of these fronts. Quick and decisive action on each of these issues is long overdue.

The FY89 budget is stringent, yet continues to address the priorities of this administration and the people of the

City of Boston. It funds all obligations and builds upon the accomplishments of the past four years. Your action on this budget request is greatly appreciated.

Very truly yours,
Raymond L. Flynn,
Mayor.

Whereas, Asbestos cases in Massachusetts are overwhelming in number and have lingered for years in U. S. District Court in Boston, as the victims of asbestosis in the state who are waiting for their cases to be tried, are barely scraping by on small disability pensions and help from family members; and

Whereas, Presently Massachusetts federal court cases are the slowest to be handled nationally resulting in plaintiffs who die before their cases are heard; and

Whereas, The individuals, plaintiffs, their families, friends, trade unions, and organizations have long advocated for a response to this problem; be it therefore

Resolved, That the Boston City Council memorialize the Massachusetts Congressional Delegation urging that they take all measures to encourage, assist and direct the Federal District Court to expedite a resolution of these thousands of asbestos-related cases.

RAYMOND L. FLYNN
MAYOR OF BOSTON

OFFICIAL CHRONICLE, MUNICIPAL AFFAIRS

CHRISTOPHER A. IANNELLA
PRESIDENT, CITY COUNCIL

VOL. 81

MONDAY, FEBRUARY 6, 1989

NO. 6

MAYOR'S "STATE OF THE CITY" PLEDGE IN ACTION

Mayor Flynn kicked off the JobStart/Codman Square Neighborhood Council Job Fair at the Dorchester YMCA, urging young people in that neighborhood to turn away from crime and drugs, to believe in themselves, and take advantage of the many job and education opportunities now available to them in the city's growing economy. Echoing his State of the City remarks, Mayor Flynn pledged that his administration would help any young person who stayed off drugs get back into high school, get into college, or find a job.

The Mayor chose the Codman Square neighborhood — an area residents say is plagued by crime and drug abuse — as the site of the year's first neighborhood job fair, putting into action his message of hope and opportunity. Last year, a series of "Success '88" neighborhood job fairs and the Mayor's two, door-to-door jobs campaigns in Roxbury and South Boston put hundreds of Boston residents in touch with some of the city's fastest growing companies. This year the Mayor promises to bring even more success opportunities for Boston residents.

In his remarks, the Mayor urged Boston residents to utilize the city's free JobStart network. JobStart, a program of the Mayor's Office of Jobs and Community Services, is part of the "Boston for Boston" jobs package partnership agreement signed by the Mayor and many of the city's real estate developers in 1987. "Boston for Boston" promises neighborhood residents first opportunity at new jobs created by downtown development. Counselors working in the five JobStart offices (Downtown, Charlestown, South Boston, Roxbury, and Dorchester) provide residents free assistance with career counseling, education and skills-training referrals and job placement.

Approximately thirty Boston employers and skills-training programs were represented at the fair. Job seekers met with employer representatives, filled out applications, set up interviews, and discussed benefits packages and wage scales. Participants also had an opportunity to meet with JobStart counselors. Residents can remain active with JobStart for as long as they like, receiving support and direction until they are placed in the job, education, or skills-training program that's right for them.

"Our goal for this year is to continue to bring opportunities into the neighborhoods," says Ted Landmark, Director of the Mayor's Office of Jobs and Community Services. "On the one hand, we have many jobs downtown waiting to be filled. On the other hand, we have many residents in our neighborhoods who don't know where the opportunities are or how to take advantage of them. Our mission at JCS is to bring employers and residents together and to facilitate good job matches."

UNITED WAY ELECTS MICO FERNANDEZ SPRING

The United Way of Massachusetts Bay board members elected Mico Fernandez Spring chairman of its board of directors, at United Way's 53rd Annual Meeting, held January 25. As United Way chairman, she becomes the top volunteer officer of New England's largest private charitable organization.

Ms. Spring, president and CEO of Boston Telecommunications Company, and former Deputy Mayor of Boston (1980-1984), will succeed such notable United Way chairmen as John Larkin Thompson (1987-1988), president of Blue Cross and Blue Shield of

Massachusetts, and John P. LaWare (1986), newly appointed member of the Federal Reserve Board of Governors.

The first woman to be elected United Way's chairman of the board, Ms. Spring has been at the core of the organization's planning and decision-making process since she was elected an officer on the United Way's board of directors in 1985. The same year, she was appointed chairman of the Public Affairs Committee, a position she held for two years. In addition, a key player in United Way's strategic planning efforts, she has served as co-chair of the Strategic Goals Implementation Committee since 1987.

During her two-year chairman term, Ms. Spring will lead the United Way along an evolving strategic path to address the health and human service challenges of the Eastern Massachusetts community.

As the United Way Annual Meeting, entitled "Reflections and Resolutions," she told the United Way volunteers, contributors and affiliated agencies, "Our human service network is being challenged by a very difficult set of new, tough, complex, and seemingly intractable social issues — such as AIDS, lack of affordable housing and child care, substance abuse, and homelessness — that threaten the quality of life for all of us.

"The significance of our strategic plan," Chairman Spring said, "is that it recognizes these dramatic changes. We have put in place a process to regenerate and reposition the United Way to play a central role in meeting the human service challenges of the '90s through aggressive fund-raising to increase available resources, and through bringing together public and private resources to help in community problem solving."

She made it clear that she and the other board members will be listening

(Continued from previous page)

to the needs of the people in the community. "We hear you," she said. "We can only succeed if we listen carefully to both our constituencies — and to our critics — as we continue to broaden our mission in order to meet community challenges."

In addition to her volunteer involvement with the United Way, Cuban-born Ms. Spring has long been active in civic and charitable affairs in Boston. She is co-chair of the Jorge Hernandez Hispanic Cultural Center's Endowment Committee, a member of WCVB-TV's Editorial Board and a member of the Boston Cable Access and Programming Foundation, Inc.'s board of trustees.

In addition, she is a former member of Brigham and Women's Hospital's board of trustees, the Boston Public Library's board of trustees, and the Massachusetts Convention Center Authority.

A 1975 graduate of Harvard University with a master's in Public Administration, Spring also majored in Urban Studies at Columbia University, and studied Portuguese and French at Georgetown University.

Spring is married to William J. Spring, vice-president of Community Affairs at the Federal Reserve Bank of Boston, and they reside in Boston with their two young children.

The United Way of Massachusetts Bay, which last year raised more than \$48.7 million, helps serve the needs of nearly 1.4 million people in eighty-one cities and towns in Eastern Massachusetts through its more than 200 affiliated human and health care agencies.

NATIONAL SAFETY MONTH

The month of February is National Safety Month.

- The leading cause of child death can be eliminated in a snap, so buckle up!

- Motor vehicle accidents are the leading cause of death among Americans ages one to forty-four. Children are particularly vulnerable. The proper use of seat belts and child car seats can reduce death and injuries by more than 50 percent.

- No years of costly research. No lengthy search for a cure. Just properly

securing your children will help save their lives in the event of a motor vehicle accident.

- Now, it's not only one of the kindest things you can do, in Massachusetts, it's also the law.

- You can be fined \$25 for every child twelve years old and under, not fastened in a safety belt or child car seat.

- Using seat belts can save lives and prevent injuries. So buckle up the ones you love and buckle up yourself for their sake.

The original contract amount was approved before the scope of services and the budget was reevaluated and finalized. This occurred, due to the urgency of the work needed to be performed.

The submission of this request has been delayed due to the time required of the Housing Division's Project Manager to revise the scope of services and to recalculate the budget.

Because of the professional nature of the services to be provided, and the qualifications of the contractor, I believe the public advertising would serve no useful purpose in this instance.

Sincerely,

Lisa G. Chapnick,
Director.

Lu & Associates shall provide additional supplementary services. Upon review of data, a phased construction will need to be designed, a master plan for the park will need to be produced and additional testing and inspection will be needed.

In view of the technical and professional nature of the services required, the expertise and familiarity of the designer with all existing conditions, and the reasonable cost of such services, it is my view that further public advertising would serve no useful purpose in this particular instance.

Sincerely,

Lisa G. Chapnick,
Director.

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without advertising, based on the following communications:

FIRE DEPARTMENT

Legal Services

Dear Mr. Mayor:

I respectfully request your approval to dispense with public advertising in the award of a contract to Lawrence Ball, Esquire, 50 Federal Street, Boston.

The purpose of this contract is that Mr. Lawrence Ball will be hired on a per-hour basis to provide legal services to the Boston Fire Department. Mr. Ball, until recently, was under contract with the Labor Relations Department, City of Boston. As a result of his former position with Labor Relations he still has ongoing legal matters in which he represents the Boston Fire Department.

The term of the contract shall be from November 1, 1988, through June 30, 1989. Compensation under the terms of the contract will be at a rate of \$75 per hour, not to exceed \$15,000 for the stated contract period. I have determined this to be reasonable for the work to be performed.

Because of existing and ongoing legal matters in which Mr. Ball is already involved, I believe that public advertising would serve no useful purpose. Contract is being submitted at a late date due to the change in hourly wage.

Respectfully,

Leo D. Stapleton,
Commissioner/Chief

Lodging House Consultant

Dear Mayor Flynn:

Pursuant to a vote of the Public Facilities Commission on October 27, 1988, I respectfully request your Honor's written permission to dispense with public advertisement and award a contract to OKM Associates, Inc., a Massachusetts corporation, located at 164 Canal Street. Under the terms of this contract, the contractor will provide lodging house consultant services for the Public Facilities Department. Specifically, the consultant will work with PFD staff to design funding mechanisms for lodging houses through charitable foundations, banks and tax credits.

Compensation under this contract shall not exceed \$35,000, which I have determined to be a reasonable cost for the services to be performed. The term of this contract shall be from December 27, 1988, to June 30, 1989. Funds for this contract

hall come from those received under the Executive Office of Communities and Development's Challenge Grant program

The contract was selected based upon an evaluation of the proposal submitted in response to a publicly advertised request for proposals conducted by the Public Facilities Commission on August 14, 1988 in the *Boston Globe*. OKM Associates, Inc. was selected from a field of twenty-seven responses. They were interviewed twice by PFD staff and found to be the strongest applicant with the most technical expertise in areas relevant to this contract

Costs were determined to be reasonable after thorough analysis by Public Facilities Department staff.

As this is a negotiated contract at a reasonable cost, based upon an extensive program and proposal review, I believe that further public advertising would serve no useful purpose. I, therefore, request permission to dispense with inviting sealed bids in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4, s. 5

Sincerely,

Lisa G. Chapnick,
Director

Fuel Oil Tank

Dear Mr. Flynn:

On October 31, 1988, the Public Facilities Department was notified of an emergency situation regarding a ruptured underground oil tank at 43 Hawkins Street, a city-owned building. This building houses a twenty-four-hour, live-in program class. Air Conditioning and Heating Corp. was called in to provide continuity of heat to the building while the underground tank was being removed. Oil tanks were installed in the basement to see the building through this heating season.

Therefore, in accordance with Massachusetts General Laws chapter 30, section 39M, I request your Honor's written approval to award a contract to Mass. Air Conditioning and Heating Corp. of Everett, in an amount not to exceed \$10,000.

Sincerely,

Lisa G. Chapnick,
Director

PUBLIC WORKS DEPARTMENT

Mechanical Sweepers

Dear Mr. Mayor:

In conjunction with the Banfield Division of Waste Management of MA, Inc., contract for furnishing mechanical sweepers to supplement the department forces and equipment, (SC 7326-89), page 1a, (Notice to Bidders section) (copy enclosed), in accordance with the specifications and requirements set forth in the Notice to Bidders section, the contractor is obligated to furnish one truck or each mechanical sweeper being employed, to be used in spreading and/or plowing operations during the snow season.

With regard to the foregoing, I respectfully request permission to dispense with public advertising and to award a contract to Banfield Division of Waste Management of MA, Inc., a corporation, located at South Boston, for furnishing trucks for spreading and/or plowing operations during the snow season in various districts in the City of Boston.

The contractor is specifically qualified to do this work because it is relative to the above mentioned mechanical sweeper contract.

Compensation under this contract shall not exceed \$34,000, to be paid at the rate of \$85 per hour

for each truck to be utilized during snow operations, and which I have determined to be reasonable for the work to be performed. The terms of this contract shall be from November 15, 1988, to April 30, 1989

Because this work is relative to and in conjunction with another existing contract, and due to the reasonable cost of the services, I believe that public advertising would serve no useful purpose.

Very truly yours,

Joseph F. Casazza,
Commissioner

REAL PROPERTY DEPARTMENT

New Roof

Your Honor:

I respectfully request your Honor's permission to dispense with public advertising and to award a contract to T. C. Murphy Contractors for installation of new roof at 32 Hartwell Street, Dorchester.

Thirty-two Hartwell Street is a three-unit building, housing two families which this department received through tax foreclosure. In the process of doing heating repairs, agents from this department were finally able to gain access to the top unit which is occupied, and at that time it was discovered that there was a major roof leak causing water to reach electrical outlets. Because of this reason, I have requested and received approval from the Commonwealth of Massachusetts, Division of Capital Planning, and operations to dispense with meeting the requirements of M.G.L. chapter 30, section 39M, as it pertains to public advertising. During the process this department requires written bids, the results are as follows:

T. C. Murphy, Dorchester, \$8,900; Camdele Construction Co., 154 Salem Street, \$9,741; Boston's Finest, Allston, \$11,200.

Because of the urgency of the present situation, and the competitive bids, I believe public advertising would serve no useful purpose. The total amount of this contract shall not exceed \$8,900 for the period December 20, through December 30, 1988

Respectfully yours,

Frank N. Jones,
Commissioner

SCHOOL DEPARTMENT

Meals, Parking, etc.

Dear Mr. Mayor

As Superintendent of the Boston Public Schools, I respectfully request your authorization for the award of a contract to the Children's Inn, a corporation located at 342 Longwood Avenue.

This contract shall be in effect during the period April 9, 1989, to April 12, 1989, and shall occur at a cost not to exceed \$8,000, which I have deemed to be reasonable

Under the terms of this contract, the contractor will provide accommodations, meals, parking and refreshments for the accreditation committee of the New England Association of Schools and Colleges. The accreditation will be performed at the Burke High School

The contractor is specifically qualified to provide the above services because the staff at the Burke High School solicited bids from three area hotels: the Westin Hotel, Copley Place Boston; the Marriott, Boston Marriott, Copley Place; and the Boston Harbor Hotel, at Rowe's Wharf. The Children's Inn was selected to provide these services because its price quote was the lowest of the facilities contacted

Because of the professional nature of the services to be provided under this agreement and the

expertise of the contractor in providing these services, it is my determination that the public interest would not be served by publicly advertising for bids

Compensation to this vendor during the past three fiscal years in the form of unadvertised contracts is as follows: 1988 — \$00; 1987 — \$3,309.97; 1986 — \$3,786.67.

Very truly yours,

Laval S. Wilson,
Superintendent

Plan for Injured Employees

Dear Mr. Mayor:

As Superintendent of the Boston Public Schools, I respectfully request your authorization for the award of a contract to Lynch, Ryan & Associates, Inc., a corporation located at Westborough

This contract shall be in effect during the period January 9, 1989, to September 30, 1989, and shall occur at a cost not to exceed \$60,000, which I have determined to be reasonable.

Under the terms of this agreement, the contractor will develop and implement a cost-effective management plan for the treatment of injured employees. Outlays for wages and medical payments under the School Department's Workmen's Compensation account rose 83.6 percent, from \$1.17 million in FY1986 to \$2.15 million in FY1988. The Budget Office now anticipates that Workmen's Compensation expenditures will climb at least another 9 percent to \$2.36 million in FY1989, and if current trends persist next year's budgetary requirement will approach \$2.6 million

A clear need exists to develop a suitable plan and managerial controls to first slow the rate of expenditure growth under Workmen's Compensation, and then reduce it to more manageable levels. Lynch, Ryan & Associates, Inc. has developed recommendations, which upon review indicates the School Department can reduce the cost of Workmen's Compensation claims by 30 percent over a two-year period

Under a contractual agreement with the City of Boston, Division of Administrative Services, Lynch, Ryan & Associates, has completed a study of the Workmen's Compensation program. This study focused on city departments, but did include some review of the School Department and consequently Lynch, Ryan & Associates, Inc. has already gathered some knowledge of the Boston Public School's overall situation. Lynch, Ryan's study for Administrative Services identified specific areas of cost which could be reduced by planned intervention and a process of managed care.

Because Lynch, Ryan and Associates was the only bidder to respond to the request for proposals to study the City of Boston Workmen's Compensation program, and because of the experience it has gained during the past year under contract to the city, I recommend dispensation with advertising and the award of a contract to Lynch, Ryan & Associates

Because of the professional nature of the services to be provided under this agreement and the expertise of the contractor in providing these services, it is my determination that the public interest would not be served by publicly advertising for bids

This is the first contractual agreement between the Boston Public Schools and Lynch, Ryan and Associates, Inc

Very truly yours,

Laval S. Wilson,
Superintendent

Hardware, Software, etc.

Dear Mr. Mayor

Attached is a letter dated August 10, 1986, in which the School Department requested that a contract be awarded to Instructional Systems, Inc., New Jersey, for the purchase of computer assistant and computer managed instruction system (chapter I) for a three-year period for a total of \$2,040,694. The first year period of the contract was September 16, 1986, through June 30, 1987. This contract contains an option to renew for the years 1987-88, and 1988-89. Total contract requires three-year payment schedules for hardware, software and consultant services to be provided for twenty-seven private chapter I schools.

The original bid was for \$878,187 for the partial payment of equipment for 1986-87; the second year option was for \$878,187. During the second year, an amendment to the contract of \$162,000 was made to pay for the technicians who maintain and operate the computer labs at the schools. The third year option will allow for the final payment of the equipment (\$509,073) and continued maintenance of the computers. Also included in this final payment is the cost of (\$50,969) for new equipment at two schools. These schools refused the equipment during the first year of the contract, but have now accepted the computers.

Inasmuch as we have advertised this contract in the *City Record*, Monday, June 2, 1986, and as we have provided in the original contract the option to renew for a third year, we request your permission to implement the option to renew for the period September 5, 1988, through August 30, 1989, at a cost not to exceed \$529,073 with the initial encumbrance of \$509,073. Additional contract money is to allow for any software that may be required to ensure that all locations are adequately provided for during the school year.

The reason for late submission of this contract is due to the delay in obtaining the necessary documents and signatures from this company.

This award letter replaces previous award letter dated October 3, 1988

Very truly yours,

Leo J. Burke,
Business Manager.

CONTRACTS AWARDED AFTER ADVERTISING ("Requests for Proposals") ("Requests for Qualifications") ("Technically Deficient Bids")

The Mayor has approved the awarding of the contracts based on the following communications:

HEALTH AND HOSPITALS DEPARTMENT

Radionuclides

Dear Sir:

An invitation for bids, Proposal No. 847, to furnish radionuclides to the Department of Health and Hospitals, was advertised in the *City Record* on October 10, 1988. Bids were publicly opened and read on October 26, 1988. Twelve companies were solicited and seven companies responded to the invitation to bid.

Technically defective bids were received from the following vendors, who submitted the lowest

acceptable bids meeting specifications at prices I consider to be reasonable, in that the vendors did not file a copy of the bid with the City Auditor.

Syncor International Corp., California, \$72,000, net on receipt of invoice; Mallinckrodt, Inc., St. Louis, Missouri, \$8,000, net thirty days.

Therefore, because it is in the best interest of the city, pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to award a contract, without further advertising, to the above vendors. The contract amounts are approximate figures based on estimated volumes. The contract period is from January 1, 1989, through December 31, 1989.

Very truly yours,

Judith Kurland,
Commissioner.

PUBLIC WORKS DEPARTMENT

Reconstruction of Squares

Dear Mr. Mayor:

We respectfully request your Honor's permission to award a contract, without further advertising, to Vanasse Hangen Brustlin, a corporation located at 60 Birmingham Parkway, to provide design and engineering services for the reconstruction of Day Square and Eagle Square in East Boston and of Andrew Square in South Boston. (To simplify administration and lower costs, the above work was combined as one project.)

The above services will include, but not be limited to: analysis of traffic, lighting, signals, and sub-surface conditions; preparation of maps, construction plans, and specification documents; and participation in public meetings as may be required.

Vanasse Hangen Brustlin was selected as a result of the following process. On May 11, 1988, the request for proposals was sent to William D. Byard, Jr., the city's Minority/Woman Business Coordinator, who sent the RFP to thirteen firms. In addition, the project was advertised and proposals were invited in the May 6, 1988 issue of the *City Record*. Eleven engineering firms responded to the advertisement, and received the RFP. By the June 3 deadline, five firms had submitted proposals. The proposals were thoroughly reviewed by senior staff members of our departments. As a result, three firms were invited to make presentations to a Selection Committee on June 13. The committee was likewise comprised of senior staff members of our departments. The firms which made presentations were: Bayside Engineering Associates, Inc., Storch Engineers, Vanasse Hangen Brustlin, Inc.

In its review, the Selection Committee considered factors such as cost, understanding of the work to be done, the proposed project personnel, previous corporate experience, and the proposed work schedule. The committee recommended the firm of Vanasse Hangen Brustlin, Inc. as having the best proposal and presentation, and we agree with the committee's recommendation.

Compensation under this contract is not to exceed \$134,210, an amount which we have determined to be reasonable.

The term of the contract shall be December 30, 1988, through November 30, 1989.

This contract shall be charged to Public Works appropriation code 626-310-6130-0725.

Because of the professional nature of the services, the quality of the firm and its proposal, and the reasonableness of the cost, your permission is re-

quested to award this contract under the terms and conditions stated above.

Very truly yours

Joseph F. Casazza,
Commissioner.

MAYOR FLYNN'S FIVE-YEAR CAPITAL PLAN

Pledging never again to allow the city's facilities—schools, parks, libraries, hospitals—to deteriorate, Mayor Raymond L. Flynn has released the city of Boston's fourth consecutive Capital Plan "REBUILDING BOSTON."

The Mayor pointed to the "hard work over the past four years," and noted that "All across the city, the sign of our time, Rebuilding Boston can be seen."

Mayor Flynn said that "This year our commitment to schools is furthered by a \$166 million investment to restore over eighty of our educational facilities. An additional nineteen parks have been included in our \$91 million program to rehabilitate our city's green spaces. Mattapan Chronic Disease Hospital will receive \$7 million, and repair of city streets and bridges will be put on a regular replacement schedule, fueled by \$268 million capital investment."

The updated Capital Plan also includes funding for upgraded, renovated, new police, fire and library facilities and equipment.

Mary Nee, Director of the Mayor's Capital Planning, said that this year's capital budget was set at \$986.2 million. She also emphasized the progress which has been made stating, "in this year's Capital Plan we describe over 200 projects. Of these, 200 have been completed, with another 110 in construction and 290 in design."

The Capital Plan, spanning the five-year period of 1989-1993, touches all aspects of city services. Approximately \$56.9 million is being invested in public safety. The result is that 90 percent of Boston's fire fighting apparatus has been replaced. The Police Department has been able to return to the neighborhoods with the renovation of eight stations and the construction of three more.

Libraries will receive \$34.5 million which will be used to upgrade every branch library and to construct the addition on the West Roxbury branch and restore the McKim Building. Over \$24 million has been earmarked for recreation facilities and pool repair.

Over \$75 million in infrastructure improvements have been targeted to neighborhood business districts, support housing initiatives, and to help the city retain its blue-collar jobs.

"Muni Buildings" throughout the neighborhoods will benefit from \$10 million in renovations, even as the historic Faneuil Hall, Parkman House, and Old State House receive necessary repairs.

WHY SAFETY BELTS WORK: The Human Collision:

1/50 of a second after the car has stopped, the unbelted person slam into the dashboard or windshield. This is the human collision.

With effective safety belts, the person will stop before hitting the steering wheel, dash or windshield.

Remember . . . SAFETY BELTS WON'T WORK UNLESS THEY'RE FASTENED!

MBTA TO HOLD PUBLIC HEARINGS

The Massachusetts Bay Transportation Authority will hold public hearings concerning a proposal to raise the one-way fare on the subway portion of the rapid transit system from sixty cents to seventy-five cents. The increase will raise MBTA revenue by an estimated \$10.5 million.

The increase will not affect bus fares.

This is the first fare increase since 1981. Since that time, ridership has increased by over 20 percent, while service on all lines has increased, and cost of operation, when factored for inflation, has gone down.

Currently, the MBTA's base fare is the lowest of any subway system in the nation. With the fifteen cents per ride increase, the MBTA's fares will still remain the nation's lowest.

The public hearings will be held between 3:30 p.m. and 7 p.m., on Monday, February 27, 1989, at Quincy City Hall, Hancock Street; Tuesday, February 28, 1989, at the Transportation Building, 10 Park Plaza, Boston; and Wednesday, March 1, 1989, at Malden City Hall, 200 Pleasant Street.

The public is invited to attend these hearings to comment on the proposed fare increase. Written comments will be accepted through March 2, 1989, and should be addressed to: Massachusetts Bay Transportation Authority, Transportation Building, 10 Park Plaza, Boston, MA 02116, Attn.: Subway Fare Proposal.

All public comments will be recorded and forwarded to the MBTA's General Manager and Board of Directors for their review before a determination is made concerning the proposal.

The proposal to raise fares by fifteen cents is a result of recommendations made by the MBTA's Advisory Board to raise the fare recovery ratio (percentage of operating cost that is paid through fares) from the current 30 percent to approximately 33 percent. The Advisory Board is composed of representatives of the seventy-eight cities and towns within the MBTA's operating district and oversees the Authority's budgets.

The proposed new fares, which will affect rapid transit (Red, Orange and Blue lines), the Central Subway (Green line), and Zone 1A of the commuter rail, are expected to generate an estimated \$10.5 million in revenue each year. Rapid Transit "B" monthly passes would increase in price from \$22 to \$27; and passengers who now use a "C" pass (\$36) will be required to purchase a "D" (\$40) pass.

The ten-cent fare now charged to senior citizens and passengers with special needs would not change. Passengers eligible for half fare, will pay thirty-five cents.

Over the past several years, the MBTA has undertaken a comprehensive modernization program that has resulted in increased service levels on all lines, including six-car trains on the Red and Orange lines, additional streetcars in service on the Green Line, modernized stations, and fifty-eight new red and one hundred Green line vehicles.

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without advertising, based on the following communications:

BUDGET & PROGRAM EVALUATION Monitoring, Evaluation System

Dear Mayor Flynn:

I respectfully request your Honor's permission to award a contract to INFRASYS, Inc. of Arlington. Under the terms of the contract, the contractor will assist the City of Boston in the development and implementation of a monitoring and evaluation system with respect to Minority Business Enterprise/Women Business Enterprise (MBE/WBE) contract awards. The Office of Budget & Program Evaluation will exercise the renewal option which was incorporated into the RFP dated December 16, 1987.

The Office of Budget & Program Evaluation issued a request for proposals to develop and implement a monitoring and evaluation system with respect to MBE/WBE contract awards dated December 16, 1987. Proposals from over fifty firms were solicited directly. Of the five responding firms, the second lowest bid made by INFRASYS, Inc. was chosen after an extensive analysis by officials from the M/WBE Development Program, OBPE, Purchasing Division, Office of Contract Management, Office of Jobs and Community Services and the Administrative Services Department. Evaluation criteria included cost, the quality of the consultant's experience and expertise with minority/women business development, the consultant's internal affirmative action commitment, and the degree and depth of understanding expressed by INFRASYS, Inc. in responding to the scope of services detailed in the RFP, and their ability to operationalize that understanding into an effective program.

Compensation under the terms of this contract will not exceed \$50,000. Services will be performed on a task-order basis as detailed on Addendum 1 at the following hourly rates: \$100/Principal Staff and Senior Consultants; \$65/Senior Associates; \$35/Associates; \$25/Research Associates; and \$20/Project Administration and Clerical Support. Payment for these services will be made from appropriation code 011-140-0141-BP02-0290 and the period of performance will be from December 12, 1988, through June 30, 1989.

Based upon the professional nature of the services provided, no purpose would be served through public advertising. I, therefore, request permission to dispense with inviting sealed bids in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,

Robert J. Ciolek,
Director.

HEALTH AND HOSPITALS DEPARTMENT Medical Director Services

Dear Sir:

Pursuant to authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to dispense with public advertising and award a contract to Harrison Farber, M.D., 179 Warren Avenue, for the period February 1, 1989, to June 30, 1989, at a cost not to exceed \$4,840.16.

Under this contract, Dr. Farber will provide consultant services to Pulmonary Medicine and Respiratory Therapy for the patients at Mattapan Hospital. Dr. Farber will serve as the Medical Director for the Respiratory Therapy Division. This will include developing and reviewing policies and procedures for the Respiratory Therapy Division, evaluation and in-service education for the staff, ongoing review of patient care, participation in Quality Assurance Programs, and monitoring or compliance of the Respiratory Therapy Department regulatory

agencies. Telephone availability for problems relating to Pulmonary Medicine will be provided at the flat rate of \$500. Each on-site consultative session, which shall not exceed four hours in length, shall be scheduled in advance on a weekly basis. The hours of said sessions will be determined by the Medical Director. Reimbursement will be at the rate of \$49.32 per hour to be paid monthly on a services-rendered basis.

Fiscal year 1989 is the first year that a contract will be awarded to Dr. Farber. Unadvertised contracts were awarded to Dr. Make for the past three fiscal years in the following amounts: 1988 — \$12,800; 1987 — \$22,000; 1986 — \$12,800. Dr. Make resigned his position in June, 1988.

As Dr. Farber is a specialist in this field, because of the professional nature of the services to be provided, and as the cost, in my opinion, is reasonable, no useful purposes would be served by publicly advertising for bids.

Very truly yours,

Judith Kurland,
Commissioner.

LAW DEPARTMENT Legal Services

Dear Mr. Mayor:

I respectfully request your permission to dispense with public advertising and to award a contract to the law firm of Glass & Brand, located at 71 Summer Street.

Under the terms of the contract, Glass & Brand have been designated "Special Municipal Employees" pursuant to G. L. ch. 268A, section 1(n) and the order approved by the City Council and will provide legal services to the City of Boston and Joseph M. Jordan in the case of *Eloise N. Pate vs. John Crowley, et al.*, C.A. No. 67186 (Suffolk Superior Court).

Compensation under this contract shall not exceed \$40,000. Payment will be made at the rate of \$100 per hour for partners and \$25 per hour for paralegals. I have determined this rate to be reasonable.

The period of this contract shall be July 1, 1988, through June 30, 1989.

Because of the professional nature of the services to be performed, I believe that public advertising would serve no useful purpose.

This contract is being submitted late due to the paperwork being held in abeyance pending clarification of Attorney Glass' ability to participate personally in the above case. The matter has now been completely resolved and an order classifying the position of Special Outside Counsel as that of a Special Municipal Employee has been passed in the City Council and has been approved by the Mayor.

Very truly yours,

Joseph I. Mulligan,
Corporation Counsel.

PUBLIC FACILITIES DEPARTMENT Day Care Facility Play Area

Dear Mayor Flynn:

Pursuant to a vote of the Public Facilities Commission on October 27, 1988, I respectfully request your Honor's written permission to dispense with public advertisement and award a contract to Action for Boston Community Development, Inc., a nonprofit corporation, located at 178 Tremont Street. The contract provides for repairs to allow direct access to the courtyard for a much-needed play area for their day care facility located at 41 Dimock Street, Roxbury.

Compensation under this contract shall not ex-

ceed \$13,000, which I have determined to be a reasonable cost for the services to be performed. The term of this contract shall be from January 2, 1989, to December 31, 1989. Funds for this contract shall come from those received under the Community Development Block Grant program.

The contractor was selected based upon an evaluation of the proposal submitted in response to a publicly advertised request for proposals conducted by the Public Facilities Commission in December of 1986 in the *Boston Globe*. This request has been delayed due to time necessary to gather contract documents. Costs were determined to be reasonable after thorough analysis by Public Facilities Department staff.

As this is a negotiated contract at a reasonable cost, based upon an extensive program and proposal review, I believe further public advertising would serve no useful purpose. I, therefore, request permission to dispense with inviting sealed bids in the *City Record*, pursuant to authority granted under the City of Boston Code, St. 4, s. 5.

Sincerely,

Lisa G. Chapnick,
Director.

CONTRACTS AWARDED

The Mayor has approved the award of the following contracts to the lowest eligible bidders:

POLICE DEPARTMENT

Temporary Employees

Placement of temporary clerical and technical employees on an as-needed basis, the following firms declared their intent to enter into a contract with the city:

WPC 190 High Street, Boston, MA, \$20,000; Preferred Temp., Inc., 100 City Hall Plaza, Suite 550 Sears Crescent Building, Boston, MA 02108, \$20,000; American Personnel, Inc., 30 Winter Street, Boston, MA 02109, \$20,000; John Leonard Personnel, One Post Office Square, Boston, MA 02109, \$20,000; Tac/Temps, Inc., 607 Boylston Street, Boston, MA 02116, \$20,000; Ford & Ford, 581 Boylston Street, Boston, MA 02116, \$20,000.

In no event shall the payments to be made nor the maximum liability of the city under this contract for all firms exceed \$20,000.

RETIREMENT SYSTEM

For financial audit service for a period of three years starting with the year ended December 31, 1988, and June 30, 1989, awarded to Peat Marwick Main and Company, at \$150,000.

CONTRACTS AWARDED AFTER ADVERTISING ("Requests for Proposals") ("Requests for Qualifications") ("Technically Deficient Bids")

The Mayor has approved the awarding of the contracts based on the following communications:

PARKS AND RECREATION DEPARTMENT

Conservation of Fountain

Robert G. Neiley, Architects, of 286 Congress Street, the designer, will assist the Parks and Recreation Department to provide services for the renovation and conservation of the Brewer Fountain, with a fixed fee of \$10,000 and additional \$5,000 fee.

CONTRACTS AMENDED

The Mayor has approved the amending of contracts, based on the following information:

HEALTH AND HOSPITALS DEPARTMENT

Linen Carts and Hitches

Dear Sir:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to amend the contract with Institutional Linens, Inc., 48 Mason Street, Boston, for providing laundry services at Boston City Hospital for the period July 1, 1987, through June 30, 1990, at a cost not to exceed \$1,500,000.

This amendment will increase the contract by \$150,000, thereby increasing the city's total liability under this contract, as so amended, to an amount not to exceed \$1,650,000.

This amendment is necessary to purchase 100 replacement linen carts with hitches and tow at an approximate cost of \$80,000. An additional \$70,000 is required because the linen replacement costs have far exceeded what had been originally estimated. This increase is due to the higher price of goods, the addition of new items, the precaution policy regarding Aids and the cost of supplying sheets and blankets to the homeless shelter.

In view of the above, and as the cost, in my opinion, is reasonable, I recommend approval of the amendment.

Very truly yours,

Judith Kurland,
Commissioner.

Day Care Facility Renovations

Dear Mayor Flynn:

Under delegation from the Public Facilities Commission to the Director of the Public Facilities Department dated November 19, 1987, I respectfully request your Honor's written permission to dispense with public advertisement and amend a contract approved by your Honor on December 2, 1987, to N.I.C.E. Day Care Center for the purpose of renovations to its facility under the Non-Profit Organization/Physical Improvement Program during the period November 1, 1987, to December 31, 1988, at a cost not to exceed \$37,500.

Your approval is requested to amend this contract because a number of handicapped and other code violations must be corrected. The cost of this amendment shall not exceed \$3,000, which I have determined to be reasonable. The contract, as amended, shall not exceed \$40,500. The period of performance, as amended, shall be from November 1, 1987, to June 30, 1989.

Because of the professional nature of the services to be provided, and the qualifications of the contractor, I believe that public advertising would serve no useful purpose in this instance.

Sincerely,

Lisa G. Chapnick,
Director.

PUBLIC WORKS DEPARTMENT

Trucks for Plowing

Dear Mr. Mayor:

On May 31, 1988, his Honor, the Mayor, approved the award of a contract without public advertising for bids to Browning-Ferris Industries, located at Quincy, for furnishing trucks for plowing operations during the snow season, SC-7675(88) at a cost not to exceed \$9,000, for the period November 15, 1987, to April 30, 1988.

Your permission is respectfully requested to amend this contract to provide for additional funds that are necessary for work that was done but never paid for, as only very recently, work sheets necessary to accurately verify time worked, were found not to have been previously submitted.

Upon investigation, it was determined that this was caused by an inadvertent breakdown in the reporting system, and many reports were subsequently lost.

A meeting was held to determine the cause of the breakdown in the reporting system and new measures were agreed upon to insure that this problem would not be repeated.

The cost of this amendment, which is effective on February 1, 1988, shall not exceed \$14,120, at rates set forth in the original contract and are reasonable for the services. The contract, as amended, shall not exceed \$23,120.

This letter is being prepared at this late date, as copies of the reports were only recently received, completed, and agreed upon by the contractor.

Inasmuch as this work is related directly to and in conjunction with an existing contract, I feel that public advertising would serve no useful purpose.

Very truly yours,

Joseph F. Casazza,
Commissioner.

SHERIFF'S DEPARTMENT

Residential Beds

Dear Mayor Flynn:

On June 24, 1988, your Honor approved the award of a contract, without public advertising for bids, to Massachusetts Halfway Houses, Inc., a nonprofit organization, located at 186 Massachusetts Avenue, Boston, to provide temporary housing and residential services for the Pre-Trial Release Program, as well as non-residential and support services during the period of July 1, 1988, to June 30, 1989, at a cost not to exceed \$280,100.

Your approval is requested to amend this contract to provide for additional services which were not anticipated in the terms of the original contract. On August 29, 1988, the Supreme Judicial Court ordered the Sheriff of Suffolk County to increase the number of residential beds under the program to forty. At that time, there were no beds available. Subsequently, ten beds became available on October 1, 1988, and another ten beds became available on January 20, 1989. These twenty additional beds will be paid for at a rate of \$36.97 per bed per day. The cost of this amendment which is effective January 20, 1989, shall not exceed \$160,820, which I have determined to be reasonable.

My staff has determined that there will be considerable savings realized in the non-residential portion of the original contract. This savings, \$109,282, will partial offset the cost of this amendment. As a result the total cost of this contract, as amended, shall not exceed \$331,638.

Funding for this contract is provided by the Commonwealth of Massachusetts, through a grant from the Executive Office of Human Services. Because

of the professional nature of the service to be performed, I believe that public advertising would service no useful purpose.

Please excuse the late submission of this letter as an earlier draft submitted on December 1, 1988, was technically flawed and had to be redrafted.

Very truly yours,

Robert C. Rufo,
Sheriff of Suffolk County.

To the City Council.

Dear Councillors:

I enclose herewith for your approval a home rule petition exempting certain city commissions from certain provisions of the Massachusetts Conflict of Interest Law, G.L. c. 268A. ORDER FOR PETITION FOR SPECIAL LAW AUTHORIZING CITY OF BOSTON TO GRANT PENSION TO WIDOW OF POLICE DETECTIVE THOMAS J. GILL

The following was received:
City of Boston
Office of the Mayor

April 26, 1988.

To the City Council.
Dear Councillors:

I transmit herewith for your approval a home rule petition authorizing the Boston Retirement Board to grant a pension to the widow of Boston Police Detective Thomas J. Gill under the provisions of M.G.L. c.32, s.100.

Detective Gill lost his life in the line of duty. He was accidentally struck and killed by a train last February while conducting a search in the snow for stolen firearms along railroad tracks in Brighton.

This petition is necessary because of the provisions of M.G.L. c.32, s.100 which only allow payment of maximum permissible death benefits to widows of police officers who are killed in the line of duty . . . "as the result of an assault on his person or as a result of an accident involving a police department vehicle which he is operating or in which he is riding in the performance of his duties. . . ." Since Detective Gill had gotten out of his police car to conduct the search, and since there was no intent by the train operator to injure him, his situation is technically not covered by the law.

This is a unique situation. As a matter of conscience and in the interest of promoting the diligence and devotion to law enforcement exemplified by Detective Gill, I urge your Honorable Body to pass this petition as expeditiously as possible.

Respectfully,
Raymond L. Flynn,
Mayor of Boston.

Ordered, That a petition to the General Court, accompanied by a bill for a special law relating to the City of Boston to be filed with an attested copy of this order be, and hereby is, approved under clause (1) of section 8 of article 2, as amended, of the Amendments to the Constitution of the Commonwealth of Massachusetts, to the end that legislation be adopted providing precisely as follows, except for clerical or editorial changes of form only:

Section 1. The Retirement Board of the City of Boston is hereby authorized to grant a pension to the widow of Thomas J. Gill pursuant to the provisions of section 100 of chapter 32 of the General Laws, as most recently amended by chapter 781 of the Acts of 1985, notwithstanding any contrary provision thereof.

Section 2. This act shall be effective upon its passage.

Coun. KELLY requested that he be included as a sponsor for the foregoing order.

The order was passed under suspension of the rules.

SUPPLEMENTAL APPROPRIATION OF \$22,540,000 FOR VARIOUS DEPARTMENTS AND \$100,000 FROM PARKING METER RECEIPTS TO TRANSPORTATION DEPARTMENT

The following was received:
City of Boston
Office of the Mayor

April 26, 1988.

To the City Council.
Dear Councillors:

I transmit herewith the proposed supplemental appropriation for the City of Boston, to cover certain departmental expenditures for the remainder of the current fiscal year. Revenue to support these supplemental appropriations will be drawn from available funds.

It is important to note that the most significant aspect of the proposed supplemental appropriation request is the commitment to fund recently agreed upon collective bargaining contracts. It is also significant in that the supplemental appropriation requests an amount to fund our FY89 statutory reserve fund requirement. Budgeting this amount one year in advance of the statutory requirement transmits a constructive message concerning the ability of the City of Boston to plan for and fund an appropriately sized reserve fund of this nature. Another way of looking at the supplemental appropriation is that almost 20 percent of the money to be appropriated is earmarked not to be spent. Given the increasingly uncertain economy, the appropriation to the reserve fund will help bolster the soundness of the city's long-term financial picture.

The proposed appropriation for the Library Department is to fund the recently signed collective bargaining contract.

The proposed appropriation for the Fire Department is to fund the recently signed collective bargaining contract.

The proposed appropriation for the Police Department is primarily, although not exclusively, earmarked for collective bargaining and for increased overtime relating to public safety. The department will also receive a smaller amount for certain non-personnel service accounts to cover the cost of purchasing bullet-proof vests, indemnification increases and to cover the increases in the clothing allowance for police officers as a result of collective bargaining.

The supplemental appropriation for the Department of Health and Hospitals is designed to cover collective bargaining costs, increased overtime and expanded initiatives in the areas of combating homelessness, AIDS treatment and ambulance service.

The proposed appropriation for the Transportation Department is earmarked to cover costs associated with the city's new arterial street sweeping program.

The requested supplemental for the Election Department is earmarked to cover expenditures in that department's personnel service line items, principally in response to the city's expanded voter registration program.

The supplemental budget request for the Suffolk County Jail is principally for collective bargaining costs. A smaller portion is to fund two nurse positions for the jail suicide prevention unit.

The supplemental budget request for the Parks and Recreation Department is designed to pay for collective bargaining costs. A portion will also cover costs associated with the administration's expanded park maintenance program and park programming efforts.

The proposed supplemental for the Public Works Department is primarily targeted for collective bargaining costs, with an amount earmarked for the city's expanded street sweeping program.

Finally, as noted in the second paragraph, I am requesting an amount to be placed in the reserve fund as required by c. 701 of the Acts of 1986.

Your action on this request is appreciated.

Sincerely,

Raymond L. Flynn,
Mayor.

Ordered, That in addition to the appropriation heretofore made, to meet current operating expenses in the fiscal period commencing July 1, 1987, and ending June 30, 1988, the sum of \$22,540,000 be, and the same hereby is, appropriated in the amounts and to the respective accounts set forth below, said sum to be met from available funds:

011-121-0000 — Election Department, Personal Services, \$350,000.

011-221-0221 — Fire Department, Personal Services, \$1,800,000; Current Charges, \$200,000.

DISAPPROVING ORDINANCE REQUIRING ANNUAL DEPARTMENTAL REPORTS

The following was received:

City of Boston
Office of the Mayor

April 29, 1988.

To the City Council.

Dear Councillors:

I return herewith without my signature and disapproved, the ordinance passed by your Honorable Body on April 13, 1988, which would require annual departmental reports.

The ordinance purports to order the Mayor, the Director of Administrative Services, and the Auditor, among others to take certain action. This violates St. 1948, c. 452, s. 17G, as appearing in St. 1951, c. 376, s. 1, which

forbids the City Council from taking part, either directly or indirectly, in the conduct of the executive or administrative business of the city. In addition, the proposed penalties are excessive. City of Boston Code, Statutes, Title 2, s. 750, as amended, limits the amount of the penalty for violating an ordinance to \$200. Furthermore, the withholding of compensation presents other legal problems, including possible violation of constitutionally protected due process rights.

My administration already provides the information which this ordinance would mandate. For example, my office recently completed a Year End Report on all city departments and agencies. This report gives an extensive overview of the accomplishments of city departments and agencies. In addition to the Year End Report, the Office of Budget and Program Evaluation has instituted quarterly reports which evaluate departmental performance and service delivery. The Auditing Department compiles annual financial reports for the city. These reports are comprehensive and in keeping with the spirit and intent of the ordinance.

Respectfully,

Raymond L. Flynn,
Mayor of Boston.

(Annexed hereto is the ordinance referred to.)

Assigned for further action.

REPORT ON ORDINANCE
CONCERNING FIRE ALARM SYSTEMS

Coun. HENNIGAN CASEY, on behalf of the Committee on Government Operations, submitted the following:

Report on Docket No. 0331, message of the Mayor and ordinance concerning fire alarm systems (referred March 9) — recommending passage of the ordinance in the following new draft:

City of Boston

In the Year Nineteen Hundred and Eighty-eight
An Ordinance

Concerning Fire Alarm Systems.

Be it ordained by the City Council of Boston, in accordance with the provisions of Massachusetts General Laws chapter 43B, section 13, and any other applicable law, as follows:

Section 1. Preamble.

Whereas, There has been an increase in recent years in the use of fire alarm systems which operate by way of a

master box or by way of a central station operating company; and

Whereas, Improper installation, defective equipment, lack of maintenance or other reasons cause fire alarm systems to malfunction; and

Whereas, Each time the Boston Fire Department responds to a fire alarm activated because of a fire alarm malfunction the estimated cost to the City of Boston is a minimum of \$800; and

Whereas, In addition to the financial cost, each malfunction requires that Boston Fire Department personnel respond, thus decreasing the number of Boston Fire Department personnel available to respond to an actual fire; and

Whereas, The Boston Fire Department's responding to fire alarm malfunctions jeopardizes the safety of fire fighters as well as the general public; now, therefore, be it ordained to be in the public interest as follows:

Section 2. Fire Alarm Systems.

City of Boston Code, Ordinances, Title 11, is hereby amended by adding after chapter 3 the following chapter 4 to be entitled "Fire Alarm Systems."

Section 115. Definitions.

When used in this chapter, unless a contrary intention clearly appears, the following words and phrases shall have the following meanings:

(a) "Central Station Operating Company": A company equipped to receive a fire alarm signal from each of its customers and which then transmits to the Boston Fire Department (BFD) the location of any such alarm the central station operating company receives.

(b) "Fire Alarm System": Any heat-activated, smoke-activated, flame-energy-activated or other such automatic device capable of transmitting a fire alarm signal to either a central station operating company or directly to the BFD by way of a master box.

(c) "Fire Alarm System Malfunction": The transmittal of a fire alarm to a central station operating company or directly to the BFD by way of a master box which alarm is caused by a malfunction. For the purposes of this ordinance, a malfunction is defined as the failure of a fire alarm system to operate in the normal or usual manner due to improper installation or maintenance and/or mechanical defect(s) in the system, resulting in the transmittal of a needless alarm signal to the BFD.

(d) "Fire Alarm System Owner": An individual or entity who owns the title to and/or has on his business or residential premises a fire alarm system equipped to send a fire alarm signal to a central station operating company or directly to the BFD by way of a master box.

(e) "Fire Marshal": The Deputy Fire Chief in charge of the Fire Prevention Division of the BFD, designated by the Fire Commissioner as the Fire Marshal of the City of Boston.

(f) "Half-year Period": January 1 through June 30, or July 1 through December 31, as the case may be, of any calendar year.

(g) "Head of the Boston Fire Department": The Chief of the Boston Fire Department, designated by the Boston Fire Commissioner as Chief Executive Officer.

(h) "Master Box Owner": An individual or entity who has on his business or residential premises a fire alarm system equipped to send a fire alarm signal directly to the BFD by way of a master box.

Section 116. Connection of Fire Alarm Systems to the BFD by Way of a Master Box.

Before the fire alarm system is connected to the BFD, the master box owner shall provide the Fire Marshal with the following information:

(a) the name, address, and home and work telephone numbers of the master box owner;

(b) the street address where the master box is located;

(c) the names, addresses and telephone numbers of the persons or businesses protected by the fire alarm system connected to the master box;

(d) the names, addresses and home and work telephone numbers of at least two persons other than the owner who can be contacted twenty-four hours a day, who are authorized by the master box owner to respond to an alarm signal and who have access to the premises in which the master box is located.

If at the passage of this ordinance a fire alarm system has already been connected to the BFD by way of a master box, the master box owner shall comply with the requirements of this section within sixty days after the BFD has sent him notice by first-class mail of the requirements of this section.

If a master box owner fails to comply with this section, the Fire Marshal may assess a fine of \$50 for each day of noncompliance.

Section 117. Connection of Central Station Operating Companies to the BFD.

Before the central station operating company is connected with the BFD, it shall provide the Fire Marshal with the following information:

(a) the name, address and telephone numbers of the central station operating company;

(b) the names, addresses, and home and work telephone numbers of at least two persons who can be contacted twenty-four hours a day, who are authorized by the central station operating company to respond to an alarm signal and who have access to the premises from where the alarm signal is emitting to the central station operating company;

(c) the name, address, home and work telephone numbers, and location of the premises of each customer of the central station operating company who has a fire alarm system equipped to send a fire alarm signal to the central station operating company.

If at the passage of this ordinance a central station operating company already has a direct connection to the BFD, the central station operating company shall comply with the requirements of this section within sixty days after the BFD has sent it notice by first-class mail of the requirements of this section.

If a central station operating company fails to comply with this section, the Fire Marshal may assess a fine of \$50 for each day of noncompliance.

Section 118. Updating Information.

Every master box owner and every central station operating company shall be responsible for updating the information herein required to be provided to the Fire Marshal. If the information provided changes, the master box owner and the central station operating company shall provide the Fire Marshal with the updated information by the January first, following the changes. If a master box owner or a central station operating company fails to comply with this section, the Fire Marshal shall assess a fine of \$50 for each day of noncompliance.

Section 119. Fire Alarm System Malfunctions — Fines.

If there are more than three fire alarm system malfunctions, as defined herein, in a particular building in a half-year period, then the Fire Marshal may assess a fine pursuant to M.G.L. chapter 40, section 21, against a fire alarm system owner for the fourth and

any subsequent each malfunction according to the following schedule:

- (a) Fourth Malfunction: \$50.
- (b) Fifth Malfunction: \$75.
- (c) Sixth Malfunction: \$100.
- (d) Seventh Malfunction: \$150.
- (e) Eighth and any subsequent malfunction: \$200.

Notice of citation regarding any malfunction shall be given to the owner in writing.

Except as set forth below, for the eighth and any subsequent malfunction in a particular building in any such half-year period, the Fire Marshal may assess an additional fine of \$200 for each day after the date of such malfunction until the fire alarm system owner, through the Informal Determination process, either Demonstrates Compliance or Demonstrates No Malfunction, as those terms are defined below. The imposition of any such Additional Fine shall be suspended during the pendency of any Informal Determination or appeal proceeding as described below.

With respect to any malfunction for which an alarm system owner is cited, such owner shall have the right to seek to (i) Demonstrate Compliance or (ii) Demonstrate No Malfunction to the Fire Marshal. 1. If the Informal Determination is that the owner has Demonstrated Compliance to the satisfaction of the Fire Marshal there will be no additional fines.

2. If the Informal Determination is that the fire alarm system owner does not Demonstrate Compliance or No Malfunction, unless the owner appeals the Informal Determination under section 121 hereof then, for the eighth and any subsequent malfunction, due to the seriousness of this situation, the Fire Marshal shall assess such additional fine of \$200 per day until the owner Demonstrates Compliance with respect to such violation.

(b) If a fire alarm system owner seeks an Informal Determination at any time and such Informal Determination is that the fire alarm system owner has demonstrated to the satisfaction of the Fire Marshal that there was No Malfunction, then the citation for any such malfunction shall be rescinded by the Fire Marshal.

(c) If a fire alarm system owner appeals, under section 121 hereof, any malfunction for which the owner is cited or assessed a fine, then:

Any fines shall be held in abeyance until final resolution of the appeal process. If any appellant is successful in such appeal process, no fine shall be

assessed. If the appellant is unsuccessful in such appeal process, total fines shall be calculated from the day of the filing of the formal appeal.

If a fire alarm system owner fails to comply with this section, the Fire Marshal may assess a fine of \$50.

Section 121. Appeal Procedures.

Any fire alarm system owner who is aggrieved by an action taken by the Fire Marshal under this ordinance, may, within ten business days of such owner's receipt of written notice of action or such longer period of time as may be authorized in writing by the Fire Marshal, file an appeal, in writing, to the Fire Marshal and to the head of the BFD, as defined herein. After notice to such owner, the head of the BFD, or his designee, shall, within ten days after such owner's appeal, hold a hearing, after which he shall issue a decision in which he affirms, annuls or modifies the action taken by the Fire Marshal, giving his reasons in writing therefor. The head of the BFD shall send his decision to the owner by first-class mail within ten days after the hearing. The decision of the head of the BFD shall be a final administrative decision. The owner shall have thirty days from the date of the owner's receipt of such written decision to seek judicial review in the appropriate court.

ORDINANCE AMENDING RENTAL HOUSING EQUITY ORDINANCE RE PERMITS FOR REMOVAL/CONVERSION OF HOUSING ACCOMMODATIONS IN LODGING AND ROOMING HOUSES

Coun. BYRNE called Docket No. 0455, ordinance amending Rental Housing Equity ordinance, from the Committee on Housing under Rule 20.

Three members having stood with him, the ordinance was before the body.

Couns. BYRNE, HENNIGAN CASEY, IANNELLA, McCORMACK, McLAUGHLIN, MENINO, O'NEIL, SALERNO, and SCANDRAS moved that the following ordinance be substituted for Docket No. 0455.

City of Boston

In the Year Nineteen Hundred and Eighty-eight
An Ordinance Permits for Removal/Conversion
of Housing Accommodations in Lodging Houses
and Rooming Houses.

Be it ordained by the City Council of Boston, in accordance with the provisions of Massachusetts General Laws chapter 43B, section 13, and any other applicable law, as follows:

Whereas, A serious public emergency exists in the City of Boston; and

Whereas, The vacancy rate for rental housing units in the City of Boston is less than 5 percent; and

Whereas, The removal/conversion of lodging house units has resulted in increases in rent, displacement of tenants and loss of rental housing stock especially for low/moderate income, elderly and handicapped persons; and

Whereas, The shortage of rental housing units in lodging houses and the failure of some landlords to rent available lodging house units has resulted in hardship for low/moderate income, elderly and handicapped persons seeking housings; and

Whereas, Many of the tenants who have been evicted, or constructively evicted or displaced from lodging houses are unable to find alternative housing in the City of Boston and often become homeless; and

Whereas, The City of Boston and the Mayor of the City of Boston recognized the emergency and requested the Interdepartmental Task Force on Lodging Houses to systematically study the problem; and

Whereas, The study prepared by the Interdepartmental Task Force on Lodging Houses found that in 1950 there were 25,000 single rooms in the city, 9,500 in 1968, and only 3,000 in May of 1986, and found that widespread speculation in the rental housing market has decreased the availability of affordable rental housing and lowered the number of single rooms; and

Whereas, The availability of affordable lodging house rental units has continued to decline from the date of the study through the present; and

Whereas, on June 16, 1987, the Boston City Council by a vote of ten to one, addressed the problem of displacement of lodging house tenants, by passing An Amendment to the Rental Housing Equity Ordinance, chapter 34 of the Ordinance of 1984, as amended, enti-

tled "Permits for Removal/Conversion of Housing Accommodations in Lodging Houses and Rooming Houses." The Mayor of the City of Boston signed the amendment into law; and

Whereas, It was and is the clear and unequivocal intention of the City Council and the Mayor that the June 16, 1987 amendment requires and has required any landlord of a lodging house to obtain a Removal/Conversion Permit from the Board before any lodging house units can be converted to any other use including the leasing of rooms to a college or university or its students for use as dormitory rooms or student housing; and

Whereas, It is the clear and unequivocal intention of the City Council and Mayor that the June 16, 1987, amendment does prohibit and has prohibited the leasing of rooms for use as a dormitory or as student housing without first obtaining a Removal/Conversion Permit from the Board; and

Whereas, It is the clear and unequivocal intention of the City Council and Mayor in substituting this new ordinance for the June 16, 1987 amendment that the new ordinance is designed to clarify the June 16, 1987 amendment, and that the new ordinance is effective as of the date of passage of the June 16, 1987 amendment; and

Whereas, It is the clear and unequivocal intention of the City Council and Mayor in substituting this new ordinance for the June 16, 1987 amendment that the courts of the Commonwealth enforce the ordinance in order to protect the stock of lodging house units in the City of Boston.

Now, therefore, pursuant to the authority vested in it by law, including without limitation, Article 2, as amended, and Article 47 of the Constitution of the Commonwealth of Massachusetts, and chapter 797 of the Acts of 1969, as amended by chapter 863 of the Acts of 1970, and by chapter 843 of the Acts of 1971, and by chapter 45 of the Acts of 1987, be it declared by the City Council and City of Boston that a substantial and critical shortage of safe, decent and reasonably priced rental housing exists in the City of Boston, particularly for those who are elderly, handicapped, or who have low or moderate incomes, because of deteriorating or demolition of existing housing and an insufficient supply of new housing, and due, further, to the eviction and displacement of tenants for the purpose of conversion of rental housing units to other uses or forms of ownership, particularly conversion to condominiums, cooperatives and dormitories or student housing and, therefore, the following is declared to be in the public interest.

Section 10 of chapter 34 of the Ordinances of 1984, as amended, is hereby further amended by deleting the subsection entitled Permits for Removal/Conversion of Housing Accommodations in Lodging and Rooming Houses passed by the City Council on June 16, 1987, and substituting in place thereof a new subsection entitled "Permits for Removal/Conversion of Housing Accommodations in Lodging Houses and Rooming Houses" to be appropriately numbered and incorporated into the City Code by the City Clerk as follows:

(i) General Rule: Notwithstanding any other statute, ordinance, code or law to the contrary, no person shall remove any occupied or vacant, controlled or decontrolled lodging house unit from actual or potential rental housing use, without first obtaining a removal/conversion permit from the board. Such provisions shall apply whether or not there is a license for such lodging house. The board may establish reasonable regulations governing the criteria listed in section (iii) and the procedures to be followed regarding application for and issuance of removal/conversion permits.

Notwithstanding anything to the contrary contained herein, any lodging house, or any lodging house building or structure owned by an educational institution on or

before March 30, 1988, and now or hereafter used by such educational institution for dormitory or student housing purposes shall be exempt from the removal permit requirement. Such use shall not constitute a removal.

Further, notwithstanding anything to the contrary contained herein, lodging house units which are newly constructed or converted to lodging house use after the effective date of this ordinance and which have not been rented or offered for rent previously as lodging house units shall be exempt from the lodging house removal permit requirement. Said exemption shall have no effect on the operation of all other ordinances and regulations.

(ii) Definitions: For purposes of this ordinance unless the context otherwise requires, the following terms shall have the following meanings:

A. Dormitory or Student Housing.

Any building, structure or part thereof rented or offered for rent by or for any educational institution for use as housing for undergraduate students, but shall not include units rented to individual students on the open market in the ordinary course of business.

Such houses shall include but not be limited to any building, structure or complex which is designed for the letting of at least four rooms to individuals not related to each other or the owner or operator thereof as spouse, grandparent, parent, child, sibling, aunt or uncle.

C. Lodging House Unit

Any rent-controlled or decontrolled rental housing unit occupied or unoccupied in a lodging house as that term is defined in section (ii)(B).

D. Removal:

1. Any activity by a landlord or any other person which would result or is intended to result in the sale or transfer of legal title of any controlled or decontrolled lodging house unit as a condominium or cooperative unit. Such activities shall include but not be limited to:

a. The conversion of controlled or decontrolled lodging house units to condominium units in accordance with General Laws, chapter 183A; or

2. The change in occupancy of a controlled or decontrolled lodging house unit so as to no longer be a lodging house unit or potential lodging house unit, including but not limited to changes in occupancy to: medical offices, professional offices, retail shops, hotels, motels, inns, parking facilities, dormitories, student housing, faculty or staff of any educational institution, as well as such other changes in occupancy to any educational, industrial, religious, commercial, charitable, institutional or business purpose. Such changes in occupancy shall be subject to the provisions of this ordinance whether the landlord makes the changes him/herself or whether the

landlord leases or licenses the lodging house or individual lodging house units to a third party who makes such changes in occupancy.

3. The continued use of any housing unit which as of June 16, 1987, was a lodging house unit, for any non-lodging house purpose such as: a condominium, cooperative, student housing or dormitory unit.

5. The demolition of any controlled or decontrolled lodging house unit.

(a) Substantial rehabilitation or substantial upgrading of a unit for lodging house purposes; or

(b) Seasonal vacancy of a unit.

(iii) Removal Permit Criteria:

The board, in determining whether to grant or deny a Removal/Conversion Permit shall consider the aggravation of the shortage of safe, decent and affordable rental housing units, especially lodging house units, in the city and its neighborhoods which may result from the removal/conversion, especially for low to moderate income, handicapped or elderly tenants.

A. In making such determination, the board, in its discretion, shall make findings on any or all of the following factors:

1. The benefits and detriments to the persons whom the ordinance and this section seek to protect;

2. The hardships imposed on the tenant(s) residing in the lodging house units proposed to be removed or converted;

3. Circumstances demonstrating hardship and inequity to the applicant seeking a permit;

4. The rate of vacancy in the City of Boston at the time the applicant applies for a permit;

5. Whether the majority of the tenants are elderly, as defined in section 1 (l) or handicapped, as defined in section 1 (m) or low or moderate income as defined in section 1 (q) or low income as defined in section 1 (r);

6. Any other relevant factors.

B. Any Removal/Conversion Permit granted by the board may be subject to such terms and conditions which the board may require in furtherance of the purposes of the ordinance.

(iv) Hearings: Removal/conversion permit hearings shall be conducted in accordance with the provisions of section 11 of chapter 30A of the General Laws except that requirements (7) and (8) of such section 11 shall not apply to such hearings.

(vi) Enforcement:

A. The Superior Court Department of the Trial Court and the Housing Court Department of the Trial Court, City of Boston, shall severally have jurisdiction to enforce the provisions of this section and any rules and regulations promulgated pursuant to this section, and may restrain or enjoin violations of this ordinance.

B. The Rent Equity Board shall give notice of a hearing within fourteen days from the filing of a petition for a removal permit and shall hold a removal permit hearing within thirty days from the date of the filing of the petition. The Rent Board shall make a decision within forty-

five days from the filing of the petition. Should the Rent Board fail to meet the schedule set forth herein, parties may seek an order from the Superior Court or the Housing Court Department of the Trial Court, City of Boston Division requesting an order that the Rent Equity Board make an expedited determination of the petition. Upon finding that the rent board has failed to comply with the schedule set forth herein, the court shall order an expedited hearing and determination of the petition.

MBTA TO INVESTIGATE POSSIBILITY OF INCREASING OPERATING HOURS UNTIL 3 A.M.

Coun. BOLLING offered the following:

Whereas, MBTA service in the City of Boston currently shuts down at 1:00 in the morning; and

Whereas, Boston is a thriving, cosmopolitan city with much to offer in the way of cultural events; these events, and Boston's nightlife in general, often extend past 1:00 in the morning; and

Whereas, Many of Boston's nightclubs and bars have a closing time of 2:00 a.m. and, despite the recent focus of attention on the problem of drunk driving, patrons of these clubs are not afforded access to public transportation and, consequently, often resort to driving while intoxicated; therefore, be it

Ordered, That MBTA officials thoroughly investigate any and all means of increasing the operating hours of the MBTA until 3:00 a.m. or thereabouts; and be it further

Ordered, That, while the aforementioned investigation is under way, the MBTA implement, on a trial basis, expanded hours of service on Fridays and Saturdays in order to determine whether increased hours will in fact result in increased ridership.

CONSENT AGENDA

The chair moved adoption of a Consent Agenda containing the following matters:

**DESIGNATING WEEK OF MAY 8-14, 1988,
"NATIONAL CORRECTIONAL OFFICERS WEEK"**

Coun. O'NEIL offered the following:

Whereas, Correctional Officers across the County bear a vital responsibility in our society; protecting inmates from violence while encouraging them to develop "correct" attitudes and skills to become productive citizens upon release; and

Whereas, Good job performance often demands these officers absorb the adversities present in situations of confinement, overcrowding, outdated facilities, while conducting themselves as professionals; and

Whereas, Correctional Personnel assigned to the Suffolk County House of Correction at Deer Island as well as those who staff the Suffolk County Jail at Charles Street constantly face these kinds of challenges; and

Whereas, Public awareness and appreciation of a Correctional Officer's role is a most important incentive to help these men and women sustain morale in their specialized — and sensitive — calling; and

Whereas, In conjunction with observance of National Correctional Officers' Week in many communities of America, it is appropriate that public officials in Boston call attention to the Public Safety Service Correctional Personnel at Charles Street Jail, Deer Island House of Correction and correctional officers throughout Massachusetts provide; therefore, be it

Ordered, By the City Council of Boston that the week of May 8-14 in this year, 1988, be declared as "National Correctional Officers' Week" in Boston; and be it further;

Ordered, That appropriate programs be held to recognize the service that Correctional Officers render in our society.

**HONORING THE MEMORY
OF ANNE AND CECIL WALSH**

Coun. BYRNE offered the following:

Whereas, On April 30, 1988, there was a ceremony to dedicate and memorialize the C. Walsh Theatre and Anne Walsh Foyer at Suffolk University; and

Whereas, Cecil and Anne Walsh came into the world in 1908 and resided in Uphams Corner, where they raised two sons: Thomas, current chairman and CEO of C. Walsh Movers, and Frederick; Thomas has two sons: Thomas, Jr. who attends Suffolk University, and William, who is president of C. Walsh Movers; and

Whereas, Cecil unofficially founded C. Walsh Movers in 1924 using a one-ton Model T Ford; and while still attending high school Cecil was awarded a contract for coal deliveries — his first regular shipping assignment. An increase in business warranted the purchase of a fleet of moving vans in 1929; and

Whereas, Cecil and Anne have been a great inspiration to all by the great reputation that C. Walsh holds in the moving industry; be it therefore

Resolved, That the Boston City Council, in meeting assembled, honors the memory of Anne and Cecil Walsh, and salutes their family for continuing in the tradition of C. Walsh Movers.

**COMMENDING STAFF
OF ST. JOHN OF GOD HOSPITAL**

Coun. McLAUGHLIN offered the following:

Whereas, May 8-14, 1988, has been designated Na-

tional Hospital Week by the American Hospital Association; and

Whereas, The theme for National Hospital Week celebration is "You're Our Speciality"; and

Whereas, The citizens of Boston pay tribute to the staff of St. John of God Hospital for their commitment to providing compassionate, high-quality chronic disease and rehabilitation health care; and

Whereas, St. John of God Hospital, as a member of Caritas Christi, a Catholic Health Care System, continues its commitment to serving the needs of citizens of this community; therefore, be it

Resolved, That the Boston City Council extends its official congratulations and appreciation to St. John of God Hospital and all its staff for a job well done.

**CONGRATULATIONS TO "THE HONORABLE
CLAIRE CULLEN LYNCH" ON ELECTION AS
"MAYOR OF CHARLESTOWN"**

Coun. TRAVAGLINI offered the following:

Be it resolved, that the Boston City Council extends its congratulations to "The Honorable" Claire Cullen Lynch, in recognition of her election as "The Mayor of Charlestown"; and be it further

Resolved, That the Boston City Council extends its best wishes for continued success; that this resolution be duly signed by the President of the City Council and attested to and a copy thereof transmitted by the Clerk of the City of Boston.

**COMMENDATION TO DISTRICT 65, UAW,
ON ITS TENTH ANNIVERSARY**

Coun. SCONDRAS offered the following:

Whereas, Thousands of Boston residents work for colleges and universities in the Boston area; and

Whereas, Colleges and universities represent one of the major industries in Boston; and

Whereas, Most of the support staff in colleges and universities are women and people of color and earn salaries far below the value of their work; and

Whereas, These workers are deserving of representation by the union of their choice; and

Whereas, District 65, UAW, has organized workers at many educational institutions in the Boston area including several hundred support staff at Boston University; and

Whereas, The month of May marks the tenth anniversary of the election of District 65, UAW, to represent the workers at Boston University; now, therefore, be it

Resolved, That the Boston City Council, in meeting here assembled, does hereby commend District 65, UAW, for its representation of university and college workers and for its commitment to economic, social and racial justice in the workplace.

On motion of Councillor MENINO, Rule 11 was suspended in order to add the following matters to the Consent Agenda:

**PROCLAIMING MAY 2-6, 1988,
"NATIONAL NURSES' WEEK"**

Coun. MENINO offered the following:

Whereas, The Nursing Division of the Department of Health and Hospitals has served the citizens of Boston in

an outstanding manner by providing superior nursing care to all residents of our city; and

Whereas, The 1,070 nurses who work at the Boston City, Long Island, and Mattapan Hospitals, and in the Community Health Services should be recognized for their caring, dedication, and unending contributions to the health care field; and

Whereas, These nursing professionals have enhanced the quality of life in our city through their commitment to the mission of service to the people of Boston; therefore, be it

Resolved, In recognition of the exceptional contributions made by the Department of Health and Hospitals Nursing Division — contributions which have been instrumental in the preservation of the health and well-being of the citizens of Boston, the Boston City Council shall proclaim May 2-6, 1988, as "National Nurses' Week."

COMMENDATION TO FIRST CONGREGATIONAL CHURCH, HYDE PARK, ON ITS 125TH ANNIVERSARY

Coun. MENINO offered the following:

Whereas, First Congregational Church of Hyde Park, under the leadership of Reverend Earl Alger, Interim Development Pastor, will celebrate its 125th anniversary this month with a variety of activities; and

Whereas, Even before Hyde Park was incorporated, First Congregational Church was a mainstay in the community and has, for 125 years, upheld its reputation as an institution which has provided spiritual service and community outreach; and

Whereas, First Congregational Church is known for its dedicated members — many of whom are third and fourth generation members — and who participate in church dinners to the elderly and handicapped, and in the Hyde Park Food Pantry; and

Whereas, The First Congregational Church building in Webster Square houses other important community activities: Day Care for Pre-school Children, Al-Anon Sessions, and Boy Scout Meetings; and

Whereas, First Congregational Church initiated its anniversary celebrations at a special opening anniversary service on May 1, 1988, at which the Reverend Dr. Harold H. White, a handicapped clergyman whose healing community organization is dedicated to helping churches serve the needs of the handicapped, was the guest preacher; and

Whereas, On Saturday, May 7, 1988, First Congregational Church will host a reunion banquet to bring together current and former church members and clergy to hear the Reverend Charles Harper, former Interim Pastor and now of the Metropolitan Office of the United Church of Christ, speak; and

Whereas, Mrs. Sarah Cox, during her seventy-five years, has been a surrogate mother and "church" mother to many setting a positive role model as family matriarch for her children, her community, and the many who have come to her over the years; and

Whereas, Bishop Tutu, recognizing the importance of education and leadership has stated, "Our refugees are most often young — many under eighteen — with one single common trait: leadership ability. For these young, gifted and capable people to be equipped to take over the leadership of our country, they must be educated. Education must be one of our priorities."; be it therefore

MAYOR OF BOSTON

OFFICIAL CHRONICLE, MUNICIPAL AFFAIRS

CHRISTOPHER A. IANNELLA
PRESIDENT, CITY COUNCIL

VOL. 81

MONDAY, FEBRUARY 20, 1989

NO. 8

L STREET BATHHOUSE REOPENED

On February 4, 1989, Mayor Raymond L. Flynn cut the ribbon marking the opening of the new L Street Bathhouse. Over the last year and a half, the recreation center has undergone a \$7 million facelift. The improvements include renovations to two-thirds of the facility, the beach areas, and the fences. One of the highlights of the festivities was the reopening of the annex area, known as the women's side, which has been closed since 1979.

"In the 1970s, this annex was taken away from the community and then abandoned," said Mayor Flynn. "We are proud to be able to return this facility, in the best condition ever, to the women and children of Boston."

The project, overseen by the City's Public Facilities Department, is part of the Mayor's five-year, \$986 million Capital Improvements Plan, "Rebuilding Boston." Mary Nee, Director of the Mayor's Office of Capital Planning, served as MC at the ribbon-cutting.

"The restoration of the L Street Bathhouse is one of the largest of over 200 construction and renovation projects — from recreation facilities, to parks, to schools, to police stations — that have been completed to date under the Mayor's plan," said Ms. Nee. "With another 400 projects to go, every neighborhood in the city will benefit from 'Rebuilding Boston.'"

Also speaking at the ceremonies were Joe Pedicaro, Chairperson of the L Street Advisory Board, who presented Mayor Flynn with a plaque expressing the board's appreciation of his efforts on their behalf. Mary O'Donald, also a member of the L

Street Advisory Board, spoke for the many seniors who will now be able to enjoy the new Senior Community Room.

Sciaba Construction of Hyde Park, contractors for the project, will continue with the renovations to the remaining areas of the facility, estimated to take approximately three months. HMFH Architects of Cambridge were the designers for the renovations.

The facility will be managed by Boston Community Schools and Recreation Centers. A complete schedule of programs and activities is now available. Please call the L at 269-1060 for more information.

NEW FEDERAL PLANT CLOSING LAW

Mayor Raymond L. Flynn and Economic Development and Industrial Corporation Director Marilyn Swartz Lloyd, on February 3, marked the enactment of the new federal plant closing law by announcing new incentives and financial assistance opportunities for Boston employers.

Welcoming union officials and business representatives, Flynn said, "This new law is a very important victory for working people in cities and towns across the United States. It's a law we hope we don't have to use. In Boston, our efforts are aimed at keeping businesses open and helping them grow. The resources of our industrial parks, loan programs, and new light manufacturing zones help companies succeed and see to it that good jobs go to residents of our neighborhoods."

Joseph Joyce, of the Greater Boston Labor Council, says the new law "is a hard-fought victory for the American labor movement. It's important the word gets out that workers have new rights giving them the respect and dignity they deserve."

(Continued on next page)

New Federal Plant . . .

(Continued from previous page)

EDIC/Boston Director Swartz Lloyd said the "new light manufacturing zones were created so companies can have a home in Boston. We're announcing new programs so companies can afford their new homes, stay healthy, and keep people working."

The federal Worker Adjustment and Retraining Notification Act, which went into effect on February 4, requires employers with 100 or more workers to give sixty days' notice of large-scale layoffs or certain plant closings. Following year of debate, last September, the U. S. Congress passed W.A.R.N. and it became law without the signature of President Reagan.

The city's economic development agency is ready with new business and financial assistance programs so that companies may never use W.A.R.N. Boston wants businesses and workers to know although "It's the Law/We Can Help."

City Treasurer Jackson, discussing the financial role of the city, said that "We have worked in partnership with the local financial community, particularly Boston Trade Bank, to establish a financial base for Hyde Park Paper Co. After a year's absence, we will see the shifts begin again on River Street in Hyde Park."

With financial assistance from EDIC/Boston, last year, Charles Grigsby purchased his Roxbury woodworking firm, Scott and Duncan. Said Grigsby of the new plant closing law, "It ensures fairness and justice for workers. It also makes good business sense for an employer to communicate openly with employees."

A company failing to live up to the law's requirements may be sued in Federal District Court by a union, affected individual, or, in Boston, the Mayor.

Mayor Flynn, in a letter of congratulations to newly appointed Secretary of Labor Elizabeth Dole, proposed some clarifying language to W.A.R.N. to strengthen enforcement and broaden worker categories.

BOSTON PUBLIC LIBRARY PROGRAM

"Ode to James Joyce," a film program — will be presented at the Rabb Lecture Hall, Boston Public Library, Copple Square, on Sunday, March 12, 1989, at 3 p.m.

James Joyce's *Dublin* (1967) runs for twenty-two minutes, in color.

A lovely film essay on the background of author James Joyce, the City of Dublin where he lived and wrote, and the forces which shaped his art. Narrated by Michael MacLiammoir.

The Dead (1987) runs for seventy-five minutes, in color.

Director John Huston's last film is considered by many film critics to be among his finest. A cinematic translation based on one of James Joyce's classic short stories from *The Dubliners*, it combines comedy and drama with warmth and wit.

Set in 1904, it is the story of a group of friends and relatives gathered one January evening to observe the Feast of the Epiphany. At the same time, it explores the marriage of an Irish couple, played by Anjelica Huston and Donal McCann, during and after a dinner party.

The magnificent ensemble cast features some of Ireland's finest actors, including Helena Carroll, Cathleen Delany, Rachael Dowling, Ingrid Craigie,

Dan O'Herlihy, Marie Kean, Donal Donnelly, and Sean McClory. The excellent screenplay is by Mr. Huston's son, Tony. Voted the Best Film of 1987 by the National Society of Film Critics.

This program is free and open to the public.

ORDINANCE AMENDING RENTAL HOUSING EQUITY ORDINANCE TO REQUIRE REMOVAL PERMITS AND IMPROVE TENANT PROTECTIONS

The following was received:

City of Boston
Office of the Mayor

May 3, 1988.

To: Members of the Boston City Council.

Dear Councillors:

I hereby transmit for your approval an ordinance amending the renting housing equity ordinance to require removal permits and to improve tenant protections.

I believe that this legislation takes an important step toward stabilizing Boston's neighborhoods by slowing the loss of affordable rental housing through unregulated condominium conversion.

This proposal is one element of a comprehensive housing policy that includes a commitment to new affordable housing production as well as to thoughtful and responsible housing protections. Over the past four years, my administration has worked hard to meet the challenge of producing new affordable housing so that longtime Boston families — and their children — can continue to live in the neighborhoods that they call home.

We have moved aggressively to make over 1,700 vacant, boarded-up BHA apartments available to needy

families. Virtually all city-owned abandoned buildings are either rehabilitated or entering the development process. We are implementing a program that will return the 747 vacant, city-owned lots to active housing use. And we have worked to streamline the permitting process in order to promote additional private sector housing. These efforts have contributed to record new housing production, including over 4,000 new housing starts last year, alone — nearly half of which are affordable to average, hardworking Boston families.

Despite this aggressive production policy, we continue to lose existing affordable apartments through unregulated conversion to high priced condominiums. If we don't act now to slow this loss of affordable housing, our future production efforts will have a far greater impact in easing the shortage of housing for Boston residents.

I want to thank you for the input that each of you has offered since our February 11th meeting. Several Councillors requested the opportunity to offer policy recommendations before I made a formal submission to the City Council. Over the past three months, a number of recommendations have been made. However, to date, no additional legislation has won the support of a majority of City Councillors. While I anticipate that individual Councillors may choose to file legislation in addition to this removal permit ordinance, I believe it is important that we begin the formal legislative process now.

As we enter into this new legislative process, I anticipate that we will continue the spirit of cooperation that was begun in February. Strong, family-oriented neighborhoods are Boston's strength. Thoughtful action on our part can help keep them that way.

Respectfully,

Raymond L. Flynn,
Mayor of Boston.

City of Boston

In the Year Nineteen Hundred and Eighty-eight
An Ordinance Amending the Rental Housing Equity Ordinance to Require Removal Permits and to Improve Tenant Protections ("Removal Permit Ordinance")

Be it ordained by the City Council of Boston, as follows:

Whereas, A serious public emergency, as declared and described in chapter 797 of the Acts of 1969, as amended, and in the preamble to the Rental Housing Equity Ordinance, chapter 34 of the Ordinances of 1984, continues to exist in the City of Boston; and

Whereas, The rate of conversion of rental housing accommodations into condominiums, cooperatives or other forms of ownership and the rent increases and evictions associated with such conversions, continues to result in fewer affordable rental housing accommodations; and

Whereas, The unregulated spread of condominium and cooperative conversions throughout the city threatens the stability of Boston's neighborhoods; and

Whereas, The vacancy rate for rental housing accommodations in the City of Boston is less than 5 percent; and

Whereas, Preservation of affordable rental housing accommodations furthers the public health, safety and welfare; and

Whereas, Conversion of rental housing accommodations to condominium or cooperative ownership results in high tenant turnover due to tenants vacating voluntarily or involuntarily; and

Whereas, Conversion of rental housing accommodations to condominium or cooperative ownership can and does result in large numbers of absentee owners; and

Whereas, It is often difficult for tenants of condominium and cooperative housing accommodations to determine the proper procedure for reporting and resolving

maintenance problems in the unit when the owner of the unit or his agent does not reside in the building; and

Whereas, The substantial number of housing accommodations in the City of Boston which are not in compliance with Article II of the State Sanitary Code, the State Building Code and/or the Boston Fire Prevention Code detract from and endanger the existence of safe, decent and affordable housing;

Now therefore, pursuant to the authority vested in it by law, including, without limitation, Article 2, as amended, and Article 47 of the Amendments to the Constitution of the Commonwealth of Massachusetts; and chapter 797 of the Acts of 1969, as amended by chapter 863 of the Acts of 1970, chapter 843 of the Acts of 1971, and by chapter 45 of the Acts of 1987; and chapters 111 and 143 of the General Laws;

Be It Declared by the City Council and the City of Boston that a substantial and critical shortage of safe, decent, and reasonably priced rental housing accommodations exist in the City of Boston, particularly for those who are elderly, handicapped, or who have low or moderate annual incomes, because of deterioration and demolition of existing housing and an insufficient supply of new housing, and due, further, to the conversion of rental housing accommodations to other uses or forms of ownership, particularly conversion to condominiums or cooperatives, and, therefore, the following is declared to be in the public interest:

Section 1.

The preamble to chapter 34 of the Ordinances of 1984, as amended, is hereby further amended:

(A) By striking, beginning with the words "Whereas, the deterioration and demolition . . ." and ending with the words, ". . . increase in such ownership; and," the second, third and the fourth "Whereas" paragraphs in their entirety.

(B) By striking, beginning with the words "Whereas, At present . . ." and ending with the words ". . . assistance to such tenants; and," the fifth through the seventh "Whereas" paragraphs in their entirety and substituting therefor the following:

"Whereas, unless the conversion of rental housing accommodations to other forms of use or ownership are further regulated and controlled, the housing emergency in the City of Boston and the inflationary pressures resulting therefrom will produce serious threats to the public health, safety, and general welfare of the citizens of the City of Boston; and"

(C) By amending the ninth paragraph beginning with the words "Now, Therefore . . ." by striking the words "and by chapter 843 of the Acts of 1971," as they appear after the words "chapter 863 of the Acts of 1970" and before the words "be it declared," and substituting therefor the following: "by section 26 of chapter 843 of the Acts of 1971, by chapter 45 of the Acts of 1987, and by chapter 504 of the Acts of 1987".

Section 2.

Chapter 34 of the Ordinances of 1984 as amended, hereby further amended by inserting after Section 10 the following new section:

Section 11. Removal of Housing Accommodations Regulated

(A) Terms Defined

All terms used herein shall have the meanings defined in section 1 of chapter 34 of the Ordinances of 1984, as amended, except that as used herein, the term "housing accommodation" as contained in section 1(n) shall not include: "Mobile homes, trailers, or trailer or mobile home lots."

(B) Removal of Housing Accommodations Regulated

Except as provided in section 11 of this ordinance, it shall be unlawful for any owner or other person to remove any housing accommodation unless the board, after hearing, grants a removal permit. The board may issue such orders and promulgate such regulations as are necessary to effectuate the purposes of this section, and prescribe, consistent with this section, the procedure for applications, notice, hearings and the grant and review of removal permits. Provided, however that the requirements of section 11 of this ordinance shall not apply to any building or structure containing no more than two dwelling units or containing no more than three dwelling units, one of which is occupied by the owner thereof as his permanent residence consistent with the requirements of section 1(n) (ii) of this ordinance.

(C) Eviction

Eviction of tenants from controlled or decontrolled housing accommodations is governed by section 9 as modified by sections 10 and 11 of this ordinance. Issuance of a removal permit does not relieve any person of compliance with the eviction procedures contained in this Ordinance.

D. Evictions

Except as otherwise required by this ordinance including, but not limited to, the requirements contained in section 10(i) relating to lodging and rooming houses, no removal permit shall be required for the removal of any housing accommodation for which, on or before May 4, 1988, a master condominium deed or articles or organization for the housing accommodation is located has been duly recorded pursuant to the provisions of General Laws, chapters 183A, 156B, 157 or 157B.

(1) Sale of Transfer After Removal

Once a removal permit has been issued, no additional removal permit is required for subsequent transfers of ownership; provided, however, that all subsequent owners shall be subject to the terms of this ordinance and to the effective terms and conditions of any previously issued removal permit.

(E) Removal Procedure.

(1) Generally. A separate removal permit shall be issued for each qualifying housing accommodation. Copies thereof shall be kept on file at the board and certified copies shall be available upon payment of a reasonable fee.

(2) Criteria. In reviewing an application for a removal permit the board shall consider relevant factors including without limitation; the aggravation of the shortage of safe, decent and affordable housing accommodations in the city and its neighborhoods which may result from the removal, especially for tenants of low and moderate income, and handicapped or elderly tenants. In making such determination the board shall review and make findings as to all relevant factors including, without limitation, the following:

(a) The benefits and detriments to the persons whom this ordinance and this section seek to protect;

(b) The hardships imposed on the tenant(s) residing in the housing accommodation proposed to be removed;

(c) Circumstances demonstrating hardship and inequity to the applicant seeking a removal permit;

(d) The rate of vacancy in the City of Boston at the time the applicant applies for a removal permit.

(e) Substantiated evidence demonstrating the occurrence at the site of the housing accommodation of arson or a suspicious fire, as defined in section 12 of this ordinance.

(3) Mandatory Granting of Removal Permit.

(a) The board shall grant a removal permit where the applicant demonstrates to the board by sufficient evidence (i) that the applicant is in compliance with all the requirements of this ordinance; and (ii) that tenants who occupy a majority of all of the units in a building or project and who have resided in the building or project for one year or longer prior to the filing of the removal permit application:

(i) have unequivocally agreed to purchase such building and convert it to a limited equity cooperative pursuant to General Laws, chapters 156B, 157 and 157 B; or

(ii) have unequivocally agreed to purchase their rental units when they are converted to a condominium or cooperative unit and have represented that they are intending in good faith to occupy such units as their principal and permanent residences.

(b) For purposes of determining a "majority" under the previous subsection, all occupied units in a building or project shall be included and voting shall be done by rental unit with all of the tenants residing in a rental unit treated as a single tenant. All units in a building or project shall be offered for sale to the residing tenants at the same time, at the same or comparable price.

(4) Conditions to Be Imposed on Removal Permits.

The board shall impose the following conditions, if applicable, when it grants a removal permit. Nothing in this ordinance shall restrict an owner from conveying his/her interest in any building or property or portion thereof provided that the property shall remain subject to the provisions of this ordinance and to the conditions and terms of the last issued removal permit. Once issued, a removal permit shall not be revoked; however, the board may subsequently modify the terms of a removal permit in accordance with the procedures set forth in section 11(E) (5) (a)-(c), and may take such action as is necessary to enforce the terms of the removal permit, as

provided in 11(F) of this ordinance.

(a) Right of First Refusal to Purchase

Any tenant who lives in a housing accommodation for which a removal permit has been granted shall, within sixty days of the date of the grant or the permit or such other time period as shall be established by the board, be given the right of first refusal to purchase the housing accommodation he/she occupies for substantially the same or more favorable terms and conditions as are being or would be offered to prospective arms length purchasers. Such tenant may exercise a right of first refusal to purchase such housing accommodation by executing a purchase and sales agreement prior to the expiration of ninety days after the date of receiving a copy of the purchase and sales agreement properly executed by the person offering the housing accommodation for sale. Each time the housing accommodation is subsequently offered for sale, the tenant then occupying the housing accommodation shall be offered the right of first refusal to purchase as described above in this section.

(b) Code Compliance

At the time that a removal permit is granted the building must be in, and thereafter, remain in, full compliance with Article II of the State Sanitary Code, the State Building Code, the Boston Five Prevention Code and any other applicable municipal code, ordinance, or state law, regulating the conditions or occupancy of housing accommodations. Notwithstanding the preceding sentence, if, for good cause, the building is not currently in compliance with any of the above codes, ordinances, or laws, the removal permit must be conditioned upon the applicant's agreement to bring the building and/or unit into such compliance within a specific time period determined reasonable by the applicable enforcement agency.

(c) Maintenance and Repairs

Whenever the housing accommodation is used for rental housing purposes, the owner must designate a person or persons withing twenty-five miles of the building to be responsible for maintenance and repairs. The tenant in each unit shall be informed by the owner or his/her agent in writing as to who is responsible for maintenance and repairs, both as to common and individual unit areas, and such notice shall be updated whenever there is a change in tenants or a change in who is responsible for such maintenance:

(d) Rent and Eviction Protections

Whenever the housing accommodation is used for rental housing purposes, it shall revert to its pre-removal classification of controlled or vacancy decontrolled and the tenant shall be entitled to the rent protections contained in sections 4 through 8 of this Ordinance, as well as the eviction protections contained in sections 9 and 10 of this Ordinance.

(5) Procedures

(a) The Board shall consider an application for a removal permit for a controlled or decontrolled housing accommodation, or an application to modify the terms of a removal permit previously issued, upon receipt of an application filed by the landlord, owner or other authorized person. Such application shall be made on a form approved by the administrator. The board shall notify the applicant and tenant of the receipt of an application and of the right of either party to request a hearing in writing within fifteen calendar days of the date of such notice. At any time, the board may, on its own initiative, order a hearing on any application. If a hearing is timely requested by either party, or if the action is undertaken on the initiative of the board, notice of the time and place of

the hearing shall be furnished to the applicant and tenant and the hearing shall be conducted before a designee of the board. Hearings, final decision and notification of the final decision to the applicant relative to permits shall occur within sixty days of the filing of the request unless the parties otherwise agree. The board may consolidate applications relating to housing accommodations in the same building or development. The board may conduct a single hearing on all such consolidated applications. The administrator may designate a person or persons to participate in a removal proceeding, where appropriate, in order to further the provisions and purposes of this ordinance and to serve the public interest.

(b) Removal permit hearings shall be conducted in accordance with the provisions of section 11 of chapter 30A of the General Laws except the requirements (7) and (8) of such section 11 shall not apply to such hearings.

(c) Notwithstanding any other provision of this section, if a decision regarding a removal permit has been made with regard to such controlled or decontrolled housing accommodation within the preceding twelve months, the board may, without holding a hearing, refuse to grant a removal permit for that housing accommodation or may dismiss any such application. In addition, if the application is not in conformance with the filing requirement of this section or applicable regulations, the administrator may administratively dismiss such application without holding a hearing.

(F) Enforcement.

All of the remedies provided in sections 13 through 16 of this Ordinance shall be available to the Board for purposes of enforcing section 11

Section 9.

Chapter 12 of the Ordinances of 1987 is hereby amended by inserting immediately before the words "removal permit" everywhere that they appear in that ordinance the following words:
mobile home

Section 10.

The provisions of this ordinance are severable and if any provision shall be held to be unconstitutional or otherwise invalidated by any court of competent jurisdiction, then such provision shall be considered separately and apart from the remaining provisions of this ordinance, which shall remain in full force and effect.

Section 11.

The city clerk may place this ordinance in the City Code and renumber the sections as appropriate.

Section 12.

This ordinance shall be effective upon signing by the Mayor.

Referred to the Committee on Housing.

REPORT ON ORDINANCE CONCERNING FIRE ALARM SYSTEMS

Coun. HENNIGAN CASEY, on behalf of the Committee on Government Operations, submitted the following:

Report on Docket No. 0623, ordinance concerning fire alarm systems (referred May 4) ordinance in the following new draft:

City of Boston

In the Year Nineteen Hundred and Eighty-eight
An Ordinance Concerning Fire Alarm Systems.

Be it ordained by the City Council of Boston, in accordance with the provisions of Massachusetts General Laws chapter 43B, section 13, and any other applicable law, as follows:

Section 1. Preamble.

Whereas, There has been an increase in recent years in the use of fire alarm systems which operate by way of a master box or by way of a central station operation company; and

Whereas, Improper installation, defective equipment,

lack of maintenance or other reason cause fire alarm systems to malfunction; and

Whereas, Each time the Boston Fire Department responds to a fire alarm activated because of a fire alarm malfunction the estimated cost to the City of Boston is a minimum of \$800; and

Whereas, In addition to the financial cost, each malfunction requires that Boston Fire Department personnel respond, thus decreasing the number of Boston Fire Department personnel available to respond to an actual fire; and

Whereas, The Boston Fire Department's responding to fire alarm malfunctions jeopardizes the safety of fire fighters as well as the general public; now, therefore, be it ordained to be in the public interest as follows:

Section 2. Fire Alarm Systems.

City of Boston Code, Ordinances, Title II, is hereby amended by adding after chapter 3 the following chapter 4 to be entitled "Fire Alarm Systems."

Section 115. Definitions.

When used in this chapter, unless contrary intention clearly appears, the following words and phrases shall have the following meanings:

(a) Central Station Operating Company: A company equipped to receive a fire alarm signal from each of its customers and which then transmits to the Boston Fire Department (BFD) the location of any such alarm the central station operating company receives.

(b) Fire Alarm System: Any heat-activated, smoke-activated, flame energy-activated or other such automatic device capable of transmitting a fire alarm signal to either a central station operating company or directly to the BFD by way of a master box.

Fire Alarm System Malfunction: The transmittal of a fire alarm to a central station operating company or directly to the BFD by way of a master box which alarm is caused by a malfunction. For the purposes of this ordinance, a malfunction is defined as the failure of a fire alarm system to operate in the normal or usual manner due to improper installation or maintenance and/or mechanical defect(s) in the system, resulting in the transmittal of a needless alarm signal to the BFD.

(d) Fire Alarm System Owner: An individual or entity who owns the title to and/or has on his business or residential premises a fire alarm system equipped to send a fire alarm signal to a central station operating company or directly to the BFD by way of a master box.

(e) Fire Marshal: The Deputy Fire Chief in charge of the Fire Prevention Division of the BFD, designated by the Fire Commissioner as the Fire Marshal of the City of Boston.

(f) Half-year Period: January 1 through June 30, or July 1 through December 31, as the case may be, of any calendar year.

(g) Head of the Boston Fire Department: The Chief of the Boston Fire Department, designated by the Boston Fire Commissioner as Chief Executive Officer.

(h) Master Box Owner: An individual or entity who has on his business or residential premises a fire alarm system equipped to send a fire alarm signal directly to the BFD by way of a master box.

Section 116. Connection of Fire Alarm Systems to the BFD by Way of a Master Box.

Before the fire alarm system is connected to the BFD, the master box owner shall provide the Fire Marshal with the following information:

(a) the name, address, and home and work telephone numbers of the master box owner;

(b) the street address where the master box is located;

(c) the names, addresses and telephone numbers of

the persons or businesses protected by the fire alarm system connected to the master box; and

(d) the names, addresses and home and work telephone numbers of at least two persons other than the owner who can be contacted twenty-four hours a day, who are authorized by the master box owner to respond to an alarm signal and who have access to the premises in which the master box is located.

If at passage of this ordinance a fire alarm system has already been connected to the BFD by way of a master box, the master box owner shall comply with the requirements of this section within sixty days after the BFD has sent him notice by first-class mail of the requirements of this section.

If a master box owner fails to comply with this section, the Fire Marshal may assess a fine of \$50 for each day of non-compliance.

Section 117. Connection of Central Station Operating Companies to the BFD.

Before the central station operating company is connected with the BFD, it shall provide the Fire Marshal with the following information:

(a) the name, address and telephone numbers of the central station operating company;

(b) the names, addresses, and home and work telephone numbers of at least two persons who can be contacted twenty-four hours a day, who are authorized by the central station operating company to respond to an alarm signal and who have access to the premises from where the alarm signal is emitting to the central station operating company; and

(c) the name, address, home and work telephone numbers, and location of the premises of each customer of the central station operating company who has a fire alarm system equipped to send a fire alarm signal to the central station operating company.

If at the passage of this ordinance a central station operating company already has a direct connection to the BFD, the central station operating company shall comply with the requirements of this section within sixty days after the BFD has sent it notice by first-class mail of the requirements of this section.

If a central station operating company fails to comply with this section, the Fire Marshal may assess a fine of \$50 for each day of non-compliance.

Section 118. Updating Information.

Every master box owner and every central station operating company shall be responsible for updating the information herein required to be provided to the Fire Marshal. If the information provided changes, the master box owner and the central station operating company shall provide the Fire Marshal with the updated information by the January first, following the changes. If a master box owner or a central station operating company fails to comply with this section, the Fire Marshal shall assess a fine of \$50 for each day of non-compliance.

Section 119. Fire Alarm System Malfunction-Fines.

If there are more than three fire alarm system malfunctions, as defined herein, in a particular building in any half-year period, then the Fire Marshal may assess a fine pursuant to M.G.L. chapter 40, section 21, against a fire alarm system owner for the fourth and any subsequent malfunction according to the following schedule:

(a) Fourth Malfunction: \$50

(b) Fifth Malfunction: \$75

(c) Sixth Malfunction: \$100

(d) Seventh Malfunction: \$150

(e) Eighth and subsequent malfunction \$200

Notice of citation regarding any malfunction shall be given to the owner in writing.

Except as set forth below, for the eighth and any subsequent malfunction in a particular building in any such half-year period, the Fire Marshal may assess an additional fine of \$200 for each day after the date of such malfunction until the fire alarm system owner, through the Informal Determination process, either Demonstrates Compliance or Demonstrates No Malfunction, as those terms are defined below. The imposition of any such additional fine shall be suspended during the pendency of any informal Determination or appeal proceeding as described below.

With respect to any malfunction for which an alarm system owner is cited, such owner shall have the right to seek to (i) Demonstrate Compliance or (ii) Demonstrate No Malfunction to the Fire Marshal. The Fire Marshal's decision or determination with respect thereto shall herein be called the "Informal Determination."

If the fire alarm system owner seeks an Informal Determination, then the Fire Marshal shall provide the owner with the opportunity or occasion to Demonstrate Compliance and/or No Malfunction.

The term "Demonstrate Compliance," as used herein, shall mean that the fire alarm system owner can demonstrate to the satisfaction of the Fire Marshal that the cause(s) of any such fire alarm system malfunctions are being adequately addressed or have been or can be remedied in a reasonable time period as determined by the Fire Marshal. The term "Demonstrate No Malfunction," as used herein, shall mean that the fire alarm system owner can demonstrate to the satisfaction of the Fire Marshal that the cited fire alarm was not caused by a fire alarm system malfunction.

(a) If, within ten (10) business days after a fire alarm system owner's receipt of written notice of a citation of any fire alarm system malfunction, the fire alarm system owner seeks an Informal Determination by the Fire Marshal, and:

1. if the Informal Determination is that the fire alarm system owner has Demonstrated Compliance, then, there will be no additional fines, or
2. if the Informal Determination is that the fire alarm system owner has not Demonstrated Compliance or No Malfunction, unless the owner appeals the Informal Determination under Section 121 hereof, then, for the eighth and any subsequent malfunction, due to the seriousness of this situation, the Fire Marshal shall assess such additional fine of \$200.00 per day until the owner Demonstrates Compliance with respect to such violation.

(b) If a fire alarm system owner seeks an Informal Determination at any time and such Informal Determination is that the fire alarm system owner has demonstrated No Malfunction, then the citation for any such malfunction shall be rescinded by the Fire Marshal.

(c) If a fire alarm system owner appeals, under section 121 hereof, any malfunction for which the owner is cited or assessed a fine, then, any fines shall be held in abeyance until final resolution of the appeal process. If any appellant is successful in such appeal process, no fines shall be assessed. If the appellant is unsuccessful in such appeal process, total fines shall be calculated from the day of the filing of the formal appeal.

Section 120. Restrictions on Tape Dialers and Similar Telephone Devices.

No fire alarm system shall be equipped with a tape dialer or similar automatic telephone device which will transmit an alarm message to any telephone lines of the BFD. If at the passage of this ordinance a fire alarm system is equipped with such a tape dialer or similar

automatic telephone device, the fire alarm system owner shall have sixty days from passage of this ordinance to disconnect such tape dialer or similar automatic telephone device. If a fire alarm system owner fails to comply with this section, the Fire Marshal may assess a fine of fifty dollars (\$50.00).

Section 121. Appeal Procedures.

Any fire alarm system owner who is aggrieved by any action or determination taken by the Fire Marshal under this ordinance may, within ten business days of such owner's receipt of written notice of any such action or determination, or such longer period of time as may be authorized in writing by the Fire Marshal, file an appeal, in writing, to the Fire Marshal and to the head of the BFD, as defined herein. After notice of a citation to such owner, the Head of the BFD, or his designee, shall, within ten days after such owner's appeal, hold a hearing, after which he shall issue a decision in which he affirms, annuls or modifies the action taken by the Fire Marshal, giving his reasons in writing therefor. The provision of this ordinance shall be deemed to be severable, and if any of its provisions shall be held unconstitutional by any court of competent jurisdiction, the decision of such court shall not affect or impair any of the remaining provisions.

Section 4. Effective Date.

This ordinance shall take effect on January 1, 1989.

The report was accepted; **the ordinance in the new draft was passed.**

REPORT ON RESOLUTION FOR HEARING RE COLLECTION OF RECYCLABLE PAPER AND JAMES RIVER PAPER MILL

Coun. SCONDRAS, on behalf of the Special Committee on Waste Management, submitted the following:

Report on Docket No. 0471, resolution for hearing re collection of recyclable paper and James River Paper Mill (referred April 6) — recommending the resolution be placed on file and recommending passage of the following:

COMMISSIONERS OF REAL PROPERTY, PUBLIC FACILITIES AND PUBLIC WORKS TO DEVISE RECYCLING PROGRAM INVOLVING EVERY DEPARTMENT

Couns. SCONDRAS and SALERNO offered the following:

Whereas, For a myriad of reasons, we can no longer afford the luxury of discarding things that may, can, and ought to be recycled; and

Whereas, The amount of paper matter that is thrown away each day by each department of the City of Boston must be enormous; and

Whereas, There are markets for this paper waste (be it, fine paper, newsprint or corrugated material) that can be fed if only we had a plan and cooperatively executed it; and

Whereas, Regardless of market fluctuations in the price of various kinds of waste paper, it makes too much sense to throw into a landfill somewhere, that which can be used again; now, therefore, be it

Ordered, That the Commissioners of Real Property, Public Facilities and Public Works devise a system whereby every department of the city will take part in a recycling program and may dispose of its paper waste in the most marketable manner and this system be implemented by January 1, 1989; and be it further

Ordered, That the Purchasing Agent of the City of Boston and any other person in the employ of the city who is empowered to purchase paper products, be directed to purchase those products made with recycled paper only, and this to be effective no later than January 1, 1989.

PROHIBITING CITY FROM PURCHASING ANY PAPER PRODUCTS PRODUCED BY NOLICHUCKY, INC., UNTIL THEY AGREE TO NEGOTIATE WITH UNITED PAPER WORKERS INTERNATIONAL LOCAL 121

Couns. SCONDRAS and SALERNO offered the following:

Whereas, James River Corp. of Virginia has signed a preliminary lease agreement with Nolicucky, Inc. Industries of Tennessee to reopen a 186-year-old paper mill in Hyde Park; and

Whereas, Two hundred union workers were laid off when the plant was shut down in December; and

Whereas, Nolicucky, Inc. does not plan to give hiring preference to laid-off workers; and

Whereas, This mill has long been a source of employment to the people of this neighborhood, many of whom are skilled paper manufacturers and the loss of this employment will cause hardship to many families in this neighborhood; now, therefore, be it

Ordered, The City of Boston be prohibited from purchasing any paper products produced by Nolicucky, Inc. or conducting any business with Nolicucky, Inc. until such time as Nolicucky, Inc. agrees to respect, recognize and negotiate with the United Paper Workers International Local 121.

The report was accepted; the resolution was placed on file; **the orders were severally passed.**

COMMITTEE TO MEMORIALIZE VETERANS TO DEDICATE CERTAIN INTERSECTION IN DORCHESTER IN HONOR OF PFC JOHN J. LOGAN

Whereas, John J. Logan, P.F.C. gave his life in the service of his country during the Korean War; and

Whereas, John J. Logan, P.F.C. was a resident of Dorchester for all of his nineteen years; and

Whereas, He resided on Carson Street in Dorchester, where in 1952 an unofficial plaque was erected honoring his young life; and

Whereas, This plaque has been maintained for the past thirty-seven years by his mother, Celia Logan; therefore be it

Ordered, That the Committee to Memorialize Veterans dedicate the Intersection of Carson Street and Crescent Avenue in Dorchester a Hero Square in honor of P.F.C. John J. Logan and that the existing plaque be officially replaced.

Couns. SCONDRAS, HENNIGAN CASEY, O'NEIL, and SALERNO offered the following:

Referred to the Special Committee on the Hungry and the Homeless.

SPECIAL COMMITTEE ON WASTE MANGEMENT TO HOLD HEARINGS RE DISPOSAL OF SOLID WASTE

Couns. SALERNO and SCONDRAS offered the following:

Whereas, The cost of disposing of solid waste are expected to rise from \$70 per ton to \$125 per ton by 1990; and

Whereas, Landfill space in Massachusetts is diminishing; and

Whereas, Boston needs to develop a solid waste disposal facility soon or will be facing an environmental and economic crisis; and

Whereas, Issues involving the plant's environmental hazards, the plant's actual cost efficiency, given alternatives, and the actual siting of the plant have been raised; and

Whereas, There are operating plants in other areas of the country which use source recovery, recycling, and composting options in addition to or in replacement of incineration of trash; and

Whereas, Many environmental experts consider incineration the least environmentally sound option; and

Whereas, It is crucial to use the best technologies available for the long run health of the city environmentally, economically and in terms of the public health; and

Whereas, The discussion between the city and the state concerning disposal of Boston's solid waste seemed to be stalled and no action is being taken; now, therefore, be it

Ordered, That the Boston City Council's Special Committee on Waste Management hold public hearings to determine the state of the art in the disposal of solid waste and the available options for the City of Boston; a cost benefit analysis for each option; the alternative methods available to the city under chapter 584; and guidelines for the City of Boston regarding any program or set of programs to deal with solid waste disposal; and be it further

The Emergency Preamble was adopted.

Rule 11 was suspended.

SPECIAL COMMITTEE ON WASTE MANAGEMENT TO HOLD HEARINGS RE FEASIBILITY OF SITING SLUDGE DISPOSAL FACILITY

Coun. HENNIGAN CASEY offered the following:

Whereas, For years Boston Harbor and its islands have been polluted and spoiled by the daily flow of raw sewage into the harbor; and

Whereas, Boston's present waste treatment plant located on Deer Island is not adequate to handle Boston's waste and a primary treatment plant will be constructed on Nut Island and a secondary treatment plant on Deer Island; and

Whereas, The Massachusetts Water Resources Authority (MWRA) is in the process of choosing a site for the disposal of the sludge that will be produced during the waste treatment process; and

Whereas, The MWRA has produced a list of cities and towns as possible sites for a sludge disposal, area, these include two sites in Boston, Deer Island and Spectacle Island, as well as sites outside of Boston including Lynn, Stoughton, Ashland, Malden/Revere, Quincy/Brintree, Bedford, Wilmington and three in Walpole; and

Whereas, It is imperative that the MWRA receive as much public input as possible and hear the concerns of residents of Boston as well as the other communities that will be impacted; and

Whereas, Spectacle Island, owned by the City of Boston, has been used as a dump for years and its close proximity to Deer and Nut Islands offers a very viable site; now therefore be it

Ordered, That the Boston City Council's Special Committee on Waste Management conduct a series of public hearings to investigate the feasibility of siting a sludge disposal facility.

Referred to the Special Committee on Waste Management.

STATEMENT OF COUNCILLOR BOLLING

Having received unanimous consent to do so, Councillor Bolling stated that he had talked many times here about the increased drug trafficking in Roxbury and Dorchester with its attendant increase in violence, particularly noting the fact that eight people had been shot or stabbed in the past week. He said that the City of Boston has very inadequate police protection. He cited the twelve-year-old boy who was picked up for selling drugs this week who was found to have a voluminous record for this crime. Youth is being corrupted. He asked for the Mayor and the Police commissioner to stand with the member of the Council and drastically increase the number of police in all neighborhoods.

STATEMENT OF COUNCILLOR O'NEIL

Having received unanimous consent to do so, Councillor O'Neil said that, as Chairman of the Committee on Public Safety, he has jurisdiction over the Police Department budget and that when the Police Commissioner comes in next week for approval of his budget, he had better be prepared for a long hearing, because the Chair-

man of the Committee will have much to say to him about putting more policemen on duty and giving them good cars to drive instead of appointing more Deputy Superintendents.

EMERGENCY PREAMBLE

Coun. HENNIGAN CASEY offered the following:

Whereas, Each spring a carnival is held at the Annunciation Cathedral on the V.F.W. Parkway in West Roxbury; and

Whereas, The parking and traffic problems caused by the influx of thousands of carnival patrons has in the past been a public safety hazard to the surrounding neighborhoods; and

Whereas, It is incumbent upon the City Council to take any and all necessary steps to insure that streets are kept clear of illegally parked cars; now, therefore, be it

Ordered, That the rules of the Boston City Council are suspended and the attached order is before the body.

The Emergency Preamble was adopted.

Rule 11 was suspended.

POLICE DEPARTMENT AND TRANSPORTATION DEPARTMENT TO WORK WITH MDC DURING WEST ROXBURY CARNIVAL TO KEEP STREETS FREE OF ILLEGALLY PARKED CARS

Coun. HENNIGAN CASEY offered the following:

Whereas, Each year a carnival fundraiser is held by the Annunciation Cathedral on the V.F.W. Parkway in West Roxbury; and

Whereas, This event attracts thousands of visitors each year causing traffic and parking problems throughout the surrounding neighborhood; and

Whereas, This year the carnival will be held May 26th through May 30th; and

Whereas, The annual traffic and parking problems will be further exacerbated by the ongoing reconstruction of the V.F.W. Parkway; and

Whereas, In the past hydrants, driveways and handicapped ramps have been blocked by patrons of the carnival, causing not only an inconvenience but a public safety hazard to the surrounding neighborhood; and

Whereas, Because the area affected by the carnival is under the jurisdiction of both the Metropolitan District Commission Police and the Boston Police Department it is important that the two police departments work together cooperatively; now, therefore, be it

Ordered, That the Boston Police Department and Boston Transportation Department make tow trucks available during the time of the carnival and work with the Metropolitan District Commission in ensuring that the streets surrounding the carnival are kept clear of illegally parked cars.

Passed under suspension of the rules.

DISAPPROVING ORDINANCE AMENDING CHAPTER 1 OF THE ORDINANCES OF 1987, COMPARABLE WORTH COMMISSION

The following was received:
City of Boston
Office of the Mayor

May 13, 1988.

To the City Council.

Dear Councillors:

As you know, I strongly support the principles embodied in the concept of comparable worth. My administration's deeply held commitment to fairness and equity extends to city personnel practices, including the city's personnel evaluation and compensation system.

On February 13, 1987, I approved the establishment of a commission "to conduct a study to investigate, hold hearings, take testimony, research and report on the feasibility of implementing a comparable worth plan for the City of Boston and its employees and job positions."

Since that time, my administration has proceeded to initiate a comprehensive reclassification plan to be undertaken over the next two to three years under the direction of the Office of Personnel Management. A request for proposals was issued this past February, proposals have been submitted, and more than \$200,000 has been included in the budget to cover the costs of the first full fiscal year of this study.

It must be noted as well that the City Council with my approval purposely designed the commission to be inclusive, and representative, of parties directly and indirectly affected by city employment procedures. Thus, the commission includes representation from municipal labor unions, women's advocacy groups, and private sector professionals.

My administration has worked and will continue to work closely with the Comparable Worth Commission, and other affected parties, while the city undertakes the reclassification and pay equity study.

Notwithstanding all of the above, the Council now seeks to amend the original ordinance and effectively create a new Comparable Worth Commission. These amendments, passed by the Council on April 27, 1988, would largely alter the original commission's duties, powers, and responsibilities, as well as its membership. The amendments purport to establish a new agency within the City of Boston governmental structure and purport to provide extraordinary administrative and executive functions to the Commission. Further, the amendments purport to create a body whose functions are duplicative of existing administrative functions and seek to place it beyond the administrative or executive control of any department in the city.

Moreover, because the amendments require the participation of a member of the City Council in executive and administrative activities, including the activities that are related to the granting and administration of contracts, the amendments would impermissibly intrude upon the Mayor's executive powers set forth in the City Charter. The Charter provides that "... neither the City Council nor any member shall directly or indirectly ... take part ... in the conduct of the executive or administrative business of the city ... " St. 1948, c. 452, s. 17G as appearing in St. 1951, c. 376, s. 1. By specifying that the Commission shall be "empowered" to review proposals of prospective contractors and participate in the selection process, the amendments violate the Charter. The purported authority of the Commission to review the details of any administrative study of comparable worth while the study is being conducted violates the same Charter provision. Finally, the powers that the amended ordinance would give to the Commission in the contracting and administrative process involve the City Council in the making of contracts and the conduct of the executive functions of the City, again in direct violation of the City Charter. See, St. 1948, c. 452, s. 17G, as appearing in St. 1951, c. 376, s. 1.

As you are aware, this administration has been upheld in its view that the Council has no authority to create commissions, agencies or departments by ordinance without the approval of the Mayor. The Appeals Court specifically ruled that the Council may not act unilaterally to create commissions by ordinance. *City Council of Boston v. Mayor of Boston*, 24 Mass. App. Ct. 663 (1987).

I therefore return herewith, without my signature and disapproved, the ordinance passed by your Honorable Body on April 27, 1988, purporting to amend Chapter 1 of the Ordinances of 1987.

My reasons for disapproval are those set forth above.

Respectfully yours,

Mayor Raymond L. Flynn.

(Annexed hereto is the ordinance referred to.)

Assigned for further action.

RAYMOND L. FLYNN
MAYOR OF BOSTON

OFFICIAL CHRONICLE, MUNICIPAL AFFAIRS

CHRISTOPHER A. IANNELLA
PRESIDENT, CITY COUNCIL

VOL. 81

MONDAY, FEBRUARY 27, 1989

NO. 9

MAYOR CONVENES BOSTON' ANTI-CRIME COUNCIL

Mayor Raymond L. Flynn and the newly appointed "Anti-Crime Council" convened for the first time on February 16, to coordinate crime-fighting efforts in Boston. The Mayor has convened the Anti-Crime Council to develop a comprehensive and intergovernmental approach to policies of crime prevention and effective public safety.

"As their first task," said the Mayor, "I have asked the new Anti-Crime Council to draft the toughest possible legislation to outlaw assault-type weapons in Massachusetts. In addition, we must look for strategies to support a national ban on these deadly weapons and to move Congress to adopt the Brady Amendment, calling for a seven-day waiting period before buying a handgun."

The problems of drug-related violence and crime are aggravated by the almost indiscriminate use of handguns and, more recently, "assault-type" rifles.

Increasing the collaboration among all levels of government to coordinate drug raids, aggressively utilizing the forfeiture law, and tougher enforcement of laws imposing harsh penalties for selling drugs near schools were issues Mayor Flynn also asked the council to consider.

The Mayor said, in his recent State of the City Address, that the council will support all crime-fighting efforts and help achieve a maximum impact against criminal activity in our city.

The Boston Anti-Crime Council is a forum for ideas to be exchanged on substantive criminal justice issues confronting the city. Members of the council are experienced and respected professionals from many walks of life who can offer their expertise to develop plans of action for the appropriate public and private agencies.

The council will have a three-fold mission:

- to identify the issues of priority to Boston residents;
- recommend and review proposed solutions to these problems;
- and advocate for necessary collaboration and commitment of resources to implement recommendations.

Members of the council are drawn from all components of the criminal justice system on the local, state, and federal levels, members of the judiciary, corrections officials, health care professionals, religious, neighborhood, and school leaders. The council will be chaired by Mayor Flynn and staffed by the Boston Police Department.

BOSTON'S BOND RATING UPGRADED TO "A"

Mayor Raymond L. Flynn, accompanied by members of the Boston City Council, including Council President Christopher Iannella, and Ways and Means Chairman Thomas Menino, have announced that Standard and Poor's Corporation has raised Boston's bond rating from "A-" to "A."

This is the highest rating Boston has ever received from Standard and

Boston's Bond Rating . . .

(Continued from page one)

Poor's, and represents the second increase in two years granted by the rating agency.

Last year, Moody's Investor Service raised the city's rating to "A." This rating also represents the highest grade ever given to the City of Boston by Moody's.

Mayor Flynn said, "This increase—our fifth since 1985—reflects our successful efforts to put Boston's financial house in order, to establish effective controls over spending and to improve the overall management of city operations. Credit should also be given to the Boston City Council, whose members, under the leadership of Christopher Lannella and Thomas Menino, have worked with my Administration to ensure continued financial progress and fiscal stability for the city." The Mayor added that pension reform, approved by the Council last year, was cited by Standard and Poor's as a factor in their decision to upgrade the city's rating.

"Despite this progress," said Mayor Flynn, "We face a number of difficult fiscal challenges in the months ahead. Cutbacks in state aid, the wholesale withdrawal of federal assistance and rising School Department expenditures threaten the city's financial well-being. The state must not balance its budget at the expense of basic services delivered at the local level."

BOSTON COMMON FORUMS

A Series of Discussions on the Future of America's Oldest Park

For 355 years, Boston Common has been a green oasis in an expanding city and a mirror reflecting the broad range of events unfolding in Boston and the nation. This has fostered the comment that Boston Common is "all things to all people."

How can the people of Boston, to whom the Common has belonged since 1634, best ensure its ongoing protection? Now, when Boston Common is undergoing its greatest revitalization in fifty years, it also faces tremendous development pressures.

Such a crucial time for the Common calls for far-sighted planning and thoughtful management guidelines. Only a consistent policy can assure that America's oldest park will not be

eroded by competing interests or overuse. At the same time, there are ample opportunities for creative public and private stewardship to protect Boston Common well into the next century.

The City of Boston Parks and Recreation Department, with its consultant Walker-Kluesing Design Group, is currently developing a Management Plan for Boston Common. We invite you to join us for any or all of the following panel discussions.

Maintaining the Vision—The Challenge of Horticultural and Physical Management of Boston's First and Most Famous Public Park; Tuesday, February 28, 6 to 7:30 p.m., Boston Athenaeum, 10 1/2 Beacon Street.

Invited Panelists—Moderator: Richard Daley, Executive Director, Massachusetts Horticultural Society; Michael Connor, General Superintendent, Boston Parks and Recreation; Charlotte Kahn, Executive Director, Boston Urban Gardeners; Geraldine Weinstein, Geraldine Weinstein Associates, formerly Chief Horticulturalist, Central Park.

All things to All People—The Importance of Policy and Enforcement in Light of Potential Overuse of the Common; Tuesday, March 7, 6 to 7:30 p.m., Chinese Culture Institute, 276 Tremont Street.

The hearing will begin at 6 p.m., and continue as long as witnesses wish to give testimony.

THIRD ANNUAL CITY-WIDE TEEN FORUM

"Teens Need Teens"

Over 200 teenagers representing twenty-one Boston middle and high schools gathered at Boston University's College of Basic Studies to kick-off a peer leadership project called "Teens Need Teens," which will continue through June. The project is designed to enhance self esteem among teens, present teen concerns to a receptive adult audience, and train these

students as peer leaders to promote positive peer influence within their schools and communities. The forum gives Boston teens an opportunity to discuss issues of importance to them. Topics such as teen pregnancy, AIDS, drug and alcohol abuse, teen violence, and suicide were presented through teen theatre skits by We're Educators With A Touch Of Class (Weatoc), and the Youth Expression Theatre Group and through interaction with teachers and community leaders in workshops.

Cedric Jones, wide receiver for the New England Patriots, spoke on the importance of being both well-educated and being fit. He said "The myth that all football players are 'dumb jocks' is not true. I had to sacrifice parties and social gatherings in order to study hard and do well in school, as well as practicing every day, in order to do well on the field. My role models are my parents because they are both educators and worked hard, so I could have an excellent education. If you want to be a ball player, a writer, a doctor, do it, but first, get a good education and give 110 percent, so you can be one of the best at what you do."

This year's forum was sponsored by: ABCD Health Services/Family Planning, Boston Public Schools Life Planning Education, *Boston Herald* School Forums, Cablevision/Teen Beat, March of Dimes Birth Defects Foundation, Roxbury Boys and Girls Club, Shawmut Bank, Statewide Advisory Council/Office for Children, Teen Pregnancy Prevention Challenge Fund, United Way, WGBH/ DeGrassi Jr. High sponsored the event.

CITY OF BOSTON

Proceedings of City Council

Wednesday, May 25, 1988.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 1 p.m., President IANNELLA in the chair and all the members present.

OPENING OF MEETING

DISAPPROVING ORDER FOR PETITION FOR SPECIAL LAW RE NOISE POLLUTION

The following was received:

City of Boston
Office of the Mayor

May 20, 1988.

To the City Council.

Dear Councillors:

I return herewith, without my signature and disapproved, an order passed by your Honorable Body on May 4, 1988, which would approve a petition for a special law relative to noise pollution. While I support all efforts to abate noise pollution, the proposal as presented is insufficient to effect this effort.

First, if the City of Boston submits a home rule petition which the Legislature fails to enact by the end of its legislative session, the city can sometimes submit the petition in the next legislative term. However, the city cannot resubmit this particular noise pollution petition. The reason is that the petition was passed in 1984 by a City Council different in membership from that of the present Council. The home rule petition which you wish to file must be passed by the present City Council. An order to refile the 1984 petition will not suffice.

In addition, the proposal would provide the Boston Police Department with "the authority . . . to abate the nuisance by disabling the sound-making device, or . . . by removing the vehicle to some convenient place." However, because Police Department personnel are not trained in "disabling . . . sound-making device(s)," this could result in unnecessary damage to the vehicle in question. Likewise, "removing the vehicle to some convenient place" would not alleviate the problem, but merely displace it.

Because of the importance of protecting the environment for the citizens of Boston, I look forward to work-

ing with your Honorable body in further addressing the issue of noise pollution.

Sincerely,

Raymond L. Flynn,
Mayor of Boston.

(Annexed hereto is the order referred to.)

ORDER FOR ANNUAL APPROPRIATION OF \$341,100,000 FOR SCHOOL DEPARTMENT

City of Boston
Office of the Mayor

May 25, 1988.

To the City Council.

Dear Councillors:

Attached to this letter you will find an appropriation order, in the amount of \$341,100,000, for General School Purposes for FY89, submitted pursuant to the

provisions of chapter 224 of the Acts of 1936, as amended by chapter 190 of the Acts of 1982, as further amended by chapter 701 of the Acts of 1986 and chapter 613 of the Acts of 1987.

The requested appropriation for the Boston School Department represents a 9.5 percent increase in appropriations over the current fiscal year. This appropriation, when combined with other available funds, will support an operating budget spending level for the School Department of \$350 million for FY89. In addition, the department will have available another \$42 million of categorical grant funds, for an aggregate operating budget of \$392 million for the upcoming fiscal year.

There are several features to this budget request which, I believe, merit attention:

- The appropriation for FY89 represents an increase of \$29.5 million over FY88, or 9.5 percent.
- The appropriation will allow the Department to increase repair and maintenance funding by \$1.6 million to bring that portion of the budget in line with the recommendations of the Maintenance Improvement Program, which I support.
- In FY84, the operating budget spending level was \$236.4 million. This appropriation will support a spending level of \$350 million for FY89, up more than \$113 million since FY84.

This financial commitment is, as you know, matched only by our \$147 million capital improvement program for school facilities throughout Boston.

Our efforts over the past several years have allowed the School Department to restore programs cut following Proposition 2½ and to hire over 800 new employees, including more than 260 in the past year alone. New initiatives to address the needs of "at-risk" students, to reduce the dropout rate, and to implement sections of the Superintendent's Boston Education Plan, have been launched and funded.

For FY89, I am recommending a budget increase of \$29.5 million — the largest in the history of the Boston Public Schools. I respectfully ask your support of this appropriation to fund a School Department budget of \$350 million for the coming fiscal year.

Sincerely,

Raymond L. Flynn,
Mayor.

Ordered, That pursuant to chapter 224 of the Acts of 1936 as amended by chapter 190 of the Acts of 1982, and as further amended by chapter 701 of the Acts of 1986 and chapter 613 of the Acts of 1987, to meet the current operating expenses of the School Department in the fiscal period commencing July 1, 1988, and ending June 30, 1989, the sum of \$341,100,000 be, and the same hereby is appropriated, said sum to be raised by taxation pursuant to section 23 of chapter 59 of the General Laws: School Department, \$341,100,000.

RESOLUTION REGARDING SOVIET DISSIDENT PUBLISHER SERGEI GRIGORYANTS

Coun. McCORMACK offered the following:

Resolution concerning the persecution of Sergei Grigoryants and the Independent Soviet magazine, "Glasnost" and instructing United States officials to press Soviet authorities to adopt a policy promoting true Glasnost and the freedom of the press for independent publications.

Whereas, The Soviet Union has proclaimed a new policy of Glasnost, openness; and

Whereas, The Soviet Union is obligated to participate in the international process of human rights advocacy found in the Helsinki Accords; and

Whereas, The United States has long encouraged the development of greater freedom in the U. S. S. R., including freedom of the press; and

Whereas, "Glasnost" magazine has been a leading voice of independent public opinion in the U. S. S. R. since its inception in June 1987; and

Whereas, The treatment of the magazine and its publisher editors, and writers is a crucial test of the Soviet authorities' commitment to developing true Glasnost for the Soviet people; and

Whereas, A massive media campaign against Grigoryants, "Glasnost," and other independent publishers has been undertaken since March 23, 1988, when an article appeared in "Literaturnaya Gazeta," an official Soviet publication; and

Whereas, Publisher Grigoryants was arrested in the magazine's rented office outside of Moscow on May 9, 1988; and

Whereas, Grigoryants was sentenced to a week in prison for allegedly "resisting the authorities"; and

Whereas, The police confiscated office equipment needed to produce future issues of "Glasnost" including a computer, archives, and the magazine's funds; and

Whereas, Grigoryants has reported that he suffered severe mistreatment at the hands of Soviet authorities including beating his head on the window of the police car and hanging him, arms handcuffed behind his back, on the wall of the prison for an hour; and

Whereas, Grigoryants held a seven-day hunger strike to protest his arrest, persecution, and the attacks on his magazine; and

Whereas, The leaders of the United States and the Soviet Union will be meeting in Moscow beginning on May 29th to discuss the many serious issues of concern to the two nations; therefore, be it

Resolved, That the Boston City Council deplores the miscarriage of justice and physical abuse in the case of Sergei Grigoryants; and be it further

Resolved, That the Boston City Council urges President Reagan to instruct United States diplomats, ambassadors, and negotiators to create opportunities to discuss the case of Mr. Sergei Grigoryants and the furtherance of freedom of the press for independent publications in the U. S. S. R. and to advise their Soviet counterparts that improved treatment of independent publishers such as Grigoryants will lead to more fruitful negotiations in all areas between the two countries; and be it further

Resolved, That copies of these resolutions be forwarded by the clerk of the City of Boston, to the President of the United States, the presiding officer of each branch of Congress and the members thereof, and Soviet General Secretary Mikhail S. Gorbachev.

Adopted under suspension of the rules.

REQUESTING PUBLIC IMPROVEMENT COMMISSION TO DESIGNATE SQUARE AT INTERSECTION OF HARVARD AND BRIGHTON AVENUES AS "GEORGE FRANKLIN SQUARE" AND PLACE MEMORIAL PLAQUE AT SAID SITE

Couns. McCORMACK and McLAUGHLIN for all the Councillors offered the following:

Whereas, Allston-Brighton was recently saddened by the loss of George Franklin, a longtime political activist and lifelong resident of Brighton; and

Whereas, In his own inimitable style, George Franklin never hesitated to listen to the problems of his fellow Allston-Brighton citizens and to advocate on their behalf; and

Whereas, George Franklin's views on city government were often showcased in a colorful column he wrote regularly for the Allston-Brighton citizen entitled, "By George"; and

Whereas, In addition to his political activism, George Franklin was a respected and successful businessman who owned the Allston Piano and Furniture Moving Company for forty years; and

Whereas, George Franklin, also known in wrestling circles as Eddie Roberts, will be remembered by many for his career as a professional wrestler; and

Whereas, George Franklin bravely served his country in the Army's 2nd Battalion in World War II; and

Whereas, It would be a fitting tribute to George Franklin that a square near the Allston Piano and Furniture moving Company be named in his honor; now, therefore, be it

Resolved, That the Public Improvement Commission is hereby requested to designate as "George Franklin Square," the square at the intersection of Harvard Avenue and Brighton Avenue, in memory of the late George Franklin and to place a memorial plaque at the intersection in his honor.

The resolution was adopted under suspension of the rules.

CITY OF BOSTON TO HOLD CIVIC CELEBRATIONS JULY 2 THROUGH JULY 4, 1998, IN COMMEMORATION OF RATIFICATION OF CONSTITUTION

Coun. IANNELLA, for all the Councillors, offered the following:

Whereas, Prior to 1787, the thirteen colonies in America were governed by the Articles of Confederation but there was strong sentiment among many citizens for a strong central government; and

Whereas, The legislatures of twelve states, with only Rhode Island not participating, elected delegates to the Philadelphia Convention which met on May 25, 1787; and

Whereas, After much heated debate and controversy, the Constitution was signed at Philadelphia on September 17, 1787, by thirty-nine of fifty-five delegates; and

Whereas, This Constitution might never have been ratified but for the authors of the Federalist Papers, James Madison, the fourth President of the United States, Alexander Hamilton, the first Secretary of the Treasury, and John Jay, the first Chief Justice of the United States Supreme Court; and

Whereas, Massachusetts became one of the first states to ratify the Constitution on February 6, 1788, by a vote of 187 to 168, a bare nineteen vote majority of the legislature; and

Whereas, The ninth state voted approval of ratification on July 2, 1788, thereby creating a strong central government; now, therefore, be it

Resolved, That a copy of this resolution be read in every classroom in every public and private school in the City of Boston prior to the close of the school year; and be it further

Resolved, That the City of Boston by the Mayor through the Office of Business and Cultural Affairs hold civic celebrations beginning July 2 — July 4, 1988, in commemoration of this historic occasion of the ratification of the Constitution of the United States of America.

The resolution was adopted under suspension of the rules.

COMMITTEE ON CITY AND NEIGHBORHOOD SERVICES TO HOLD HEARING TO INVESTIGATE POSSIBILITY OF MAINTENANCE AGREEMENT OR LONG-TERM LEASE BETWEEN CITY AND ARNOLD ARBORETUM

Coun. HENNIGAN CASEY offered the following:

Whereas, A parcel of land located between South Street and the MBTA commuter rail South of Asticou Road in Jamaica Plain, has long been a dumping ground; and

Whereas, This land is currently owned by the City of Boston and its natural beauty has been spoiled by lack of maintenance and upkeep as well as unchecked dumping; and

Whereas, The Arnold Arboretum of Harvard University, directly across the street from this parcel of land, was given to the City of Boston in 1872 and is leased back to Harvard University which is responsible for its upkeep and programs; and

Whereas, It would be in the best interest of all involved if an agreement between the City of Boston and the Arnold Arboretum concerning the upkeep of the land were reached; now, therefore, be it

Ordered, That Boston City Council's Committee on City and Neighborhood Services conduct a hearing to investigate the possibility of a maintenance agreement or long-term lease between the City of Boston and the Arnold Arboretum.

Referred to the Committee on City and Neighborhood Services.

COMMITTEE ON PUBLIC EDUCATION TO HOLD HEARING TO DETERMINE WHAT STEPS ARE BEING TAKEN TO DECREASE NUMBER OF SCHOOL DROPOUTS AND SERVICES BEING OFFERED TO THEM

Coun. YANCEY offered the following:

Whereas, It is the responsibility of city government to provide educational opportunities for its school-aged population;

Whereas, The high school dropouts create additional burdens on the social and economic infrastructure of the City of Boston;

Whereas, It is estimated that approximately forty-six percent of all high school System drop out of school before graduation;

Whereas, Many students who drop out of school face an uncertain future and suffer from high unemployment, underemployment, criminal involvement, hopelessness and despair;

Whereas, The high dropout rate represents a serious public policy concern; be it therefore

Ordered, That the Boston City Council's Committee on Public Education convene a hearing to determine what steps are being taken to decrease the number of students who drop out of schools and what services are being offered to those who do.

Referred to the Committee on Public Education.

EMERGENCY PREAMBLE

Coun. BOLLING offered the following:

Ordered, That in compliance with the rules of the City Council this preamble is adopted, the rules are suspended and the attached order is properly before the body.

The Emergency Preamble was adopted.

Rule 11 was suspended.

CITY COUNCIL TO CONSIDER REJECTING WITHOUT PREJUDICE THE FY89 BUDGET UNLESS THERE IS TOTAL INCREASE OF 300 POLICE OFFICERS IN SAID BUDGET

Coun. BOLLING offered the following:

Whereas, The City of Boston has recently experienced a well-documented proliferation of violent crime and drug trafficking, often involving firearms; and

Whereas, Police Commissioner Francis Roache, at a Committee on Public Safety budget hearing on May 24, 1988, recommended an additional 275 Police officers to help combat the increase in violent crime and drug trafficking; and

Whereas, The FY 89 budget only has an allocation for 150 additional police officers, which would only be a net increase of seventy to eighty officers to the police force; and

Whereas, The City Council needs to take a leadership role in this city's fight against crime; therefore, be it

Ordered, That the City of Boston engage in efforts to increase the number of new police officers to 300 as expeditiously as possible; and be it further

Ordered, That the Committee on Government Finance, and the City Council as a whole, consider rejecting, without prejudice, the FY 89 budget, unless there is an total increase of 300 new police officers in said budget.

MAR 15 1989

CITY RECORD

RAYMOND L. FLYNN
MAYOR OF BOSTON

OFFICIAL CHRONICLE, MUNICIPAL AFFAIRS

CHRISTOPHER A. IANNELLA
PRESIDENT, CITY COUNCIL

DL 81

MONDAY, MARCH 6, 1989

NO. 10

MAYOR FOR TOTAL BAN ON ASSAULT WEAPONS

Boston Mayor Raymond Flynn delivered a strong message from America's cities to Washington D.C. in a speech before the United States Conference of Mayors National Conference on Crime and Drugs. Mayor Flynn said that the most serious issue facing the nation's cities today is the increasing deadly violence associated with the drug trade.

The Mayor called for Congress and the President to enact an immediate and absolute ban on assault weapons, and to enact the Brady amendment which imposes an national seven-day waiting period for the purchase of handguns.

"This is not only an urban problem," said Mayor Flynn. "It is everyone's problem and everyone has to take full responsibility — at the local, state, and federal level."

The Mayor said, "The increasing violence in America's cities is a indisputable indication that drastic action must be taken. No longer can America's cities be subjected to inaction by government at all levels. The glitter of Washington cannot be used as an excuse not to see the real dangers faced by people in the neighborhoods of our cities and the threat faced by police officers as they battle drugs on the frontlines of our city streets. The availability of paramilitary weapons in this country is fueled by the illegal drug flow and the vast profits associated with it. The firepower of the drug lords armed with automatic and semi-automatic weapons has overpowered that of the nation's police departments and put the lives of police officers and innocent people in danger every day."

Mayor Flynn told the conference of efforts on the local level to maintain the pressure on drug dealers. Last year, drug arrests in Boston increased by 31 percent from 5,714 in 1987, to a new high of 7,496 in 1988. But drug-related crimes are becoming increasingly violent with guns involved in four out of five drug-related homicides last year in Boston.

"We have to implement the laws already on the books," he added, "and eliminate the loopholes that work against the efforts of the police." In a recent review of cases brought by the Boston Police Department under the state's Bartley-Fox gun law, a significant percentage of individuals escaped the mandatory one-year sentence. In addition, minors are exempt from the law, and the increasing use of guns by minors is virtually non-punishable under current laws.

Statistics comparing deaths by handguns in the United States with

other countries stagger the imagination. In 1985, 8,092 people were killed by guns in the U. S., compared to forty-six in Japan, eight in Britain, and five in Canada.

Mayor Flynn called for an end to the argument that these assault weapons are for "sport." He said, "I can't imagine a single sports hunter who needs an AK-47 or an Uzi to shoot deer.

"It is time to stop declaring war on drugs and violence," said the Mayor, "and begin the battle. We need national laws that are consistently enforced across all state boundaries."

ABCD COMMUNITY SEMINAR

Encouraging women to join forces and share their experiences and expertise, Executive Editor of Ms. Magazine, Marcia Ann Gillespie, spoke to a standing-room-only crowd at a recent Action for Boston Community Development (ABCD) Community Seminar.

In her talk about "Racism and Sexism in Society," Ms. Gillespie defined a feminist as anyone, male or female who fights for the rights of all women. "Women should be able to choose whether or not they want a career or want to stay home and raise children. Raising children in itself is the most important, demanding profession anyone could undertake," said Ms. Gillespie.

Following her talk, Gillespie discussed racism and sexism and the roles of men and women in society with the audience in a question and answer session.

The first question referred to a discussion on WRKO's Gene Burns Radio Talk Show, when Gillespie was the special guest. One Boston resident called in and asked why men were portrayed in a unfavorable light in the movie, "The Color Purple." Gillespie replied, "The author of the story wrote the story from her point of view, in her eyes she wrote it factually." When the caller admitted to never reading the book, Gillespie replied, "When defending your point of view, never start out with ignorance."

Another question concerned men's and women's roles in the feminist movement. Gillespie stated "Women should get together and share their experiences and expertise learning from each other." She urged all men to take responsibility and the time to talk to women. "Men should say, 'Talk to me and I'll understand this problem,' instead of 'I don't want to hear about it.'"

DISAPPROVING ORDER THAT COMMISSIONERS OF REAL PROPERTY, PUBLIC FACILITIES AND PUBLIC WORKS DEVISE SYSTEM WHEREBY DEPARTMENTS WILL TAKE PART IN RECYCLING PROGRAM

The following was received:

City of Boston
Office of the Mayor

May 27, 1988.

To the City Council.

Dear Councillors:

I return herewith, without my signature and disapproved, an order passed by your Honorable Body on May 11, 1988, pertaining to paper recycling. Specifically, the order mandates that the Commissioners of Real Property, Public Facilities and Public Works devise a system by January 1, 1989, for the recycling of the paper

waste of every city department. In addition, by this order, the city's Purchasing Agent must be directed to purchase only those products made with recycled paper.

My reason for disapproval is that the order violates the City Charter, St. 1948, c. 452, s. 17G, as appearing in St. 1951, c. 376, s. 1, which forbids the City Council from directly or indirectly taking part in the conduct of the executive or administrative business of the city.

Nevertheless, I have directed my staff to consult Councillors Scodras and Salerno and any other Councillors who wish to offer advice as we develop a paper waste recycling program within city government as well as plan for the purchase of recycled paper on a routine basis. I am confident that we will achieve the goals which motivate this order through a cooperative effort.

Respectfully,

Raymond L. Flynn,
Mayor of Boston.

(Annexed hereto is the order referred to.)

Assigned for further action.

STATEMENT OF COUNCILLOR SALERNO

Having received unanimous consent to do so, Councillor SALERNO stated that she wished to inform the Members of the Council that there would be a hearing on this matter on July 14th from one to five on the issue of recycling and that the Mayor had committed to continue to work with Councillor Scodras and herself and anyone else in the Council interested in this matter.

DISAPPROVING ORDER THAT CITY BE PROHIBITED FROM PURCHASING PAPER PRODUCED OF NOLICHUCKY, INC., UNTIL THEY NEGOTIATE WITH UPWI, LOCAL 121

The following was received:

City of Boston
Office of the Mayor

May 27, 1988.

To the City Council.

Dear Councillors:

I return herewith, without my signature and disapproved, an order passed by your Honorable Body on May 11, 1988, which would order that the City of Boston be prohibited from purchasing any paper products produced by Nolicucky, Inc., until such time as Nolicucky agrees to respect, recognize and negotiate with the United Paper Workers International Local 121.

My reasons for disapproval are that the order violates the public bidding law in the City Charter and is an unlawful interference with a specific, individual contractor's right to do business with the city. In addition, the order may violate certain provisions of the United States Constitution, specifically the commerce, equal protection and due process clauses.

Nonetheless, my administration has dedicated itself to seeing the differences between Nolo-chucky, Inc. and the union resolved as swiftly as possible. Sustaining these jobs for the current employees and protecting their right to choose union status are priorities we will pursue, in concert with the efforts of individual City Councillors, through those means available to us under the law.

Respectfully,

Raymond L. Flynn,
Mayor of Boston.

(Annexed hereto is the order referred to.)

Assigned for further action.

ANNUAL APPROPRIATION AND TAX ORDERS FOR FY 1989

The following was received:

City of Boston
Office of the Mayor

June 8, 1988.

To the City Council.

Dear Councilors:

I retransmit herewith my proposed Fiscal Year 1989

Operating Budget for the City of Boston and the County of Suffolk.

Over the past four years the Operating Budget of the City of Boston has pursued two strategic goals: the first was to allocate the resources of the City of Boston in such a manner as to directly address the long-term social, health and safety needs of the people and neighborhoods of our great city; the second was to do so in a fiscally prudent manner designed to insure a balanced budget. I firmly believe that progress built on a shaky financial foundation quickly becomes only an illusion of progress.

For four years we have made great strides in accomplishing both goals. Over the first four years of my administration, Boston's financial house was put in order. The inherited chronic deficits of the past are gone, the impacts of Proposition 2-1/2 are being addressed and essential services have, in large measure, been restored. Fire stations that were shuttered have been reopened, new police stations are being built, an ambitious capital improvements budget unveiled and significant investments in education and youth activities accomplished. The city has revitalized its parks, strengthened its health care delivery system, begun to fund an aggressive AIDS treatment program and confronted the issue of homelessness. In terms of management, we have reduced unnecessary expenditures, tightened financial controls, revamped the city budget process and begun a comprehensive management evaluation program. However, those accomplishments are threatened and future progress is in doubt. Last year in my budget transmittal letter I made the following comment:

"(I)n terms of Boston's relationship to the Commonwealth of Massachusetts, the budget clearly indicates that state assumption of certain programs must be a high priority and a reflection of an overdue commitment that needs to be fulfilled. Overall city revenue growth is moderating and, while still healthy, is a harbinger of the need for additional revenue options and state assumptions."

I must report to you that our efforts to secure more fair treatment for Boston have not yet met with success.

There have been no state assumptions of programs and no new recurring revenue resources made available to the Commonwealth's capital city. The attitude continues to prevail that Boston is a convenient place to shop, work, make money, go to school and receive medical care, but an inconvenience to support, finance, nourish and respect. It is easy, unfortunately, to overlook the fact that Boston's financial strength is a major and inextricable pillar of the Commonwealth's economy. To the extent that the Commonwealth does not address its largest city's needs, it is only succeeding in undermining its own financial future. The economic fate of the Commonwealth is and will continue to be driven by that of its largest and most dynamic city.

I am pleased to inform you, however, that this budget is both balanced and dedicated to providing funds for needed programs and services. While the city may be known as the home of fine educational institutions, outstanding medical centers, and cultural, sports and recreational activities, it is also — and more importantly — the center for housing the poor, caring for the homeless and treating the neglected. This budget attempts to address that reality by allocating resource to programs which serve those most dependent upon government.

In conclusion, we have made great progress in improving the programs and services provided by the City of Boston. Continued progress depends, however, upon action on the part of the Commonwealth of Massachusetts. State government must avoid further delay and face up to its responsibilities in such areas as:

- the need to deal with Boston's solid waste crisis;
- the need to address the overdue assumption of costs

of operating county jails and houses of correction;

— the need to provide additional local option revenue measures for municipal governments;

— the need to redress the unfair and inequitable MBTA assessments paid by the City of Boston;

— the need to stop the decreases in Boston's share of new local aid; and

— the need to restructure lottery aid distributions to cities and towns so as to consider financial need as the principal factor in determining the amounts distributed.

The City of Boston is ready to act as an equal partner with the Commonwealth in order to make progress on all of these fronts. Quick and decisive action on each of these issues is long overdue.

The FY89 budget is stringent, yet continues to address the priorities of this administration and the people of the City of Boston. It funds all obligations and builds upon the accomplishments of the past four years. Your action on this budget request is greatly appreciated.

Very truly yours,

Raymond L. Flynn,
Mayor of Boston.

INTERIM REPORT ON ORDER THAT COMMITTEE ON CITY AND NEIGHBORHOOD SERVICES INVESTIGATE MATTER OF MIDWIVES AT BOSTON CITY HOSPITAL

Coun. KELLY, on behalf of the Committee on City and Neighborhood Services, submitted the following:

The Committee on City and Neighborhood Services to which was referred Docket No. 0695 — an order that the Committee investigate the matter of the midwives at Boston City Hospital, having thoughtfully considered the same issues the following report:

A hearing was held on May 26, 1988, at the Boston City Council's Piemonte Room. In attendance were representatives of midwives, the Health and Hospitals Department, Mayor's Office, and interested parties.

Testimony was solicited and received relative to the matter of the function of midwives at the Boston City Hospital. For the most part, testimony was favorable, and the midwife function was praised as being professional and highly competent. The Committee acknowledges these commendable attributes.

There were a number of secondary issues raised relative to (1) the liability to residents of this city should a woman choose a midwife to assist in the delivery of a child, and complications arise during delivery which require the immediate intervention of a physician, and one is not immediately available; and (2) the limitations imposed on midwives by state regulation and statute.

What became clear to the Committee very early was that this was a complicated issue involving not just the evaluation of the midwife service, in particular, but secondary considerations as well.

We have also learned that effective July, 1988, all physicians, who support the midwife program, will resign from the OB/GYN Group Practice of Affiliated Neighborhood Health Centers.

Additionally, we have learned that the eight remaining midwives have submitted their resignations, effective the end of July, 1988, if the issue is not satisfactorily resolved, and this concerns the Committee.

On the other hand, it should be noted that on May 16, 1988, physicians from the OB/GYN Department withdrew their support for practicing midwives, effectively terminating this function at the hospital, and this concerns the Committee also, since we must assume their reasons, too, are based on valid considerations which we may or may not be totally aware.

The Committee wishes the issue would be resolved in a spirit of good faith and cooperation between the parties involved, but it appears an impasse may have been reached. Recognizing the limitations imposed by City Charter to involve itself either directly or indirectly in the management decisions of members of the executive department of city government, the Committee does reserve the right to review the budget and make its concerns known by supporting or withholding funding for budget items.

The Committee is in a quandary. We sincerely want to see this issue resolved. We feel very strongly there is a place for the midwife function at the Boston City Hospital. To further explore this matter, the Committee is recommending that a subcommittee of the Committee on City and Neighborhood Services be formed to further investigate the issue of midwives, and that that subcommittee be comprised of the chairman of this committee, Councillors Salerno and Hennigan Casey, and any other member of the City Council who wishes to be a member.

The subcommittee will issue a final report no later than August 15, 1988. In the interim, out of consideration of the Committee's interest in this issue, we would ask the Commissioner of Health and Hospitals rescind the hospital's acceptance of the resignation of the midwives and physicians who have expressed their support for the midwife function. The Committee further asks that all parties meet at the earliest convenience to come to a satisfactory resolution of this important issue, and in pursuance of this meeting, will schedule a subcommittee hearing in which all parties will be invited to attend.

The report was accepted; **the matter was referred to the Committee on City and Neighborhood Services.**

ORDINANCE IMPROVING THE RENT, EVICTION, AND CONDOMINIUM CONVERSION PROTECTIONS FOR TENANTS IN GOVERNMENTALLY INVOLVED HOUSING

Couns. BOLLING, McLAUGHLIN, SALERNO, SCONDRAS and YANCEY offered the following:

City of Boston

In the Year Nineteen Hundred and Eighty-eight.

An Ordinance Improving the Rent, Eviction, and Condominium Conversion Protections for Tenants in Governmentally Involved Housing.

Be it ordained by the City Council of Boston, as follows:

Whereas, The City of Boston wishes to insure that tenants in governmentally involved housing have protections which are equal to those of tenants in private housing, to the extent that it has the authority to provide such protections; and

Whereas, Concerns have been raised that the City of Boston's current Rental Housing Equity Ordinance may not sufficiently provide protections for tenants who are in governmentally involved housing, particularly those housing units which may be subject to prepayment of mortgage financing; now, therefore

Be it declared by the City Council of the City of Boston, in accordance with the provisions of Massachusetts General Laws chapter 43B, section 13, and any other applicable law as follows, and pursuant to the authority vested in it by law, including, without limitation, Article 2, as amended, and Article 47 of the Amendments to the Constitution of the Commonwealth of Massachusetts, and chapter 797 of the Acts of 1969, as amended by chapter 863 of the Acts of 1970, by section 26 of chapter 843 of the Acts of 1971, by chapter 45 of the Acts of 1987, and by chapter 504 of the Acts of 1987, that the following ordinance be adopted.

Section 1. Section 1 (n)(i) of chapter 34 of the Ordinances of 1984, as amended, is amended by striking the section in its entirety and substitution therefor the following:

"Housing accommodations which either

(a) are owned by a governmental unit, agency, or authority, provided, however, public housing units which are owned by the Boston Housing Authority shall not be subject to the provisions of section 9 and provided, further, that none of the units covered under this subsection shall be eligible for vacancy decontrol under section 1(n)(iii) or 1(n)(v), as amended;

(b) have mortgages insured or held by a governmental unit, so long as and only to the extent that federal or state law specifically preempts local rent control boards from regulating the rents for such housing accommodations, provided, however, that none of the units covered under this subsection shall be eligible for vacancy decontrol under section 1(n)(iii) or 1(n)(v), as amended; or

(c) are under a section 8 existing or moderate rehabilitation subsidy contract, under the rental rehabilitation program, the chapter 707 certificate, moderate rehabilitation, or substantial rehabilitation programs, or any other federal, state, or local public subsidy program which guarantees that the tenant pays no more than 30 percent of adjusted income as the tenant's share of the rent, but only to extent that such units remain under subsidy and the rent charged is within the subsidy contract authority of the agency providing subsidy on behalf of the tenant, provided, however, that rent increases which cause the rent to exceed the subsidy contract authority of the agency providing subsidy may be subject to review by the Board under sections 5, 6, or 7 of this ordinance.

All such housing accommodations under this section, although exempt from local regulation, shall be subject to the operations of sections 9-19 with regard to evictions, rights of elderly and handicapped tenants to have pets, and condominium or cooperative conversion and removal protections, except to the extent that federal or state law specifically exempts such housing accommodations from such protections. Should such units lose their eligibility for exemption from rent controls, the owner shall have the obligation, within thirty days of such loss of eligibility, to petition the board to establish the maximum lawful rent for such units. The owner of housing accommodations which are subject to the provisions of this ordinance and which, subsequent to January 10, 1983, receive a mortgage insured by the United States or Commonwealth or any authority created under the laws thereof shall not be entitled to send a notice pursuant to section 10 of this ordinance until the expiration of five years from the date of the recording of said mortgage. Housing accommodations which have been acquired by the City of Boston through tax foreclosure, although exempt from rent controls, shall not have their rents increased during the period of city ownership from the prior legal maximum rent or the prior rent, whichever is applicable."

Section 2. Severability.

Each of the provisions, sections, and subsections of this ordinance are severable, and if any of its provisions, sections, or subsections shall be held unconstitutional or otherwise invalid by any court of competent jurisdiction, the decisions of such court shall not affect or impair any of the remaining provisions, sections, or subsections.

Section 3. Effective Date.

This ordinance shall go into effect immediately upon passage.

Referred to the Committee on Housing.

ORDINANCE IMPROVING RENT PROTECTIONS FOR TENANTS IN DECONTROLLED HOUSING ACCOMMODATIONS

Couns. McLAUGHLIN, SCONDRAS, and YANCEY offered the following:

City of Boston

In the Year Nineteen Hundred and Eighty-eight.

An Ordinance Improving Rent Protections for Tenants in Decontrolled Housing Accommodations.

Be it ordained by the City Council of Boston, as follows:

Whereas, Tenants who live in decontrolled housing accommodations may grieve rent increases during the term of their occupancy, but the current two-tiered system of rent grievances is cumbersome and unwieldy; and

Whereas, Tenants who live in decontrolled housing accommodations do not currently have a means to compel their landlords to maintain their housing accommodations in decent, safe, and sanitary condition through the rent adjustment mechanism, as do tenants in controlled housing accommodations, and it is in the interests of all residents of the City of Boston to use whatever mechanisms are available to insure that all housing is maintained in habitable condition; and

Whereas, The City of Boston wishes to restate its intention that the rent grievance mechanism is meant to protect tenants in decontrolled housing accommodations from more than one rent increase in a year, even if the property has changed hands; and

Whereas, The City of Boston wishes to make clear its intent that landlords of decontrolled housing are entitled to increase their rent, despite the filing of a rent grievance petition, if increases in reasonable, necessary, or unavoidable operating expenses or the costs of reasonable, necessary, or unavoidable capital improvements are not adequately covered by the allowable percentage rent increases; and

Whereas, Once a tenant vacates a decontrolled housing accommodation, there is no limitation on how much the rent can be increased, and "turn-over" rents often place the housing accommodations out of the financial reach of many Boston residents, further exacerbating the housing emergency in the City of Boston; and

Whereas, It is in the public interest, given the current shortage of affordable rental housing in the City of Boston, to insure that owners get a fair net operating income for their property and that, at the same time, that rents remain affordable to the majority of Boston's residents, providing protection both to tenants in place and prospective tenants who are looking for housing; and

Whereas, Rent grievance and rent adjustment determinations under section 6 of the Rental Housing Equity Ordinance should be subject to the same standards of due process and administrative procedure that apply to rent adjustment hearings for controlled housing accommodations; now, therefore,

Be it declared by the City Council of the City of Boston, in accordance with the provisions of Massachusetts General Laws chapter 43B, section 13, and any other applicable law as follows, and pursuant to the authority vested in it by law, including, without limitation, Article 2, as amended, and Article 47 of the Amendments to the Constitution of the Commonwealth of Massachusetts, and chapter 797 of the Acts of 1969, as amended by chapter 863 of the Acts of 1970, by section 26 of chapter 843 of the Acts of 1971, by chapter 45 of the Acts of 1987, and by chapter 504 of the Acts of 1987, that the following ordinance be adopted.

Section 1. Section 6 of chapter 34 of the Ordinances of 1984, as amended, is hereby further amended in the following respects:

(a) Section 6 is retitled "Rent Grievances and Rents for Vacancy-Decontrolled Units."

(b) The current body of section 6 is redesigned as subsection 6(a), and the following amendments are made to this subsection:

(i) The first three sentences of the first paragraph of section 6(a) are stricken in their entirety, and the following is substituted therefor:

"All tenants of decontrolled housing accommodations may petition the board on a form approved by the administrator for a downward adjustment in rent for such housing accommodation if: (1) the landlord or his/her predecessors or successors in interest has increased the rent for said tenant's housing accommodation by a percentage which is greater than (a) the percentage increase in the consumer price index for the twelve months immediately preceding the date of said tenant's petition; or (b) 10 percent in any one year, whichever is less; or (2) the landlord has failed to perform ordinary repair, replacement or maintenance or to otherwise comply with Article II of the State Sanitary Code, the State Building Code, the Boston Fire Prevention Code, or any other applicable municipal code, ordinance, or state law regulating the conditions or occupancy of housing accommodations. The board shall, at least annually, individually notify all tenants in decontrolled housing accommodations of their rights and protections under this section and under this ordinance generally."

(ii) The first sentence of the second paragraph of section 6(a) is amended by adding, after "Any such petition," the following words: "related to a landlord's rent increase."

(iii) The following sentences are added to the end of the second paragraph of section 6(a): "In response to the tenant's rent grievance petition, the landlord shall be permitted to justify his rent increase, in whole or in part, by demonstrating that for a period of at least twelve months since the tenant first occupied the unit, the landlord's reasonable, necessary, or unavoidable operating expenses have risen at a faster rate than the allowable percentage rent increase, or that the landlord has made reasonable, necessary, or unavoidable capital improvements or replacements or appliances or equipment to the tenant's unit or to the common areas in the building since the tenant occupied the unit which justify a rent increase in excess of the allowable percentage rent increase. The landlord shall be required to submit information in support of such justification on forms approved by the administrator, such forms shall be simple and readily understandable by members of the general public."

(iv) The first sentence of the third paragraph of section 6(a) is amended by striking, after the word "ordinance," the phrase: ", annually on the second day of January, beginning in 1985,".

(v) The third sentence of the third paragraph of section 6(a) is stricken in its entirety, and what was formerly the fourth, and is now the third, sentence of the third paragraph of section 6(a) is amended by adding, after "landlord", the following words: "or his/her predecessors or successors in interest."

(c) A new subsection 6(b) is added to the end of section 6 as follows:

"(b) Where a decontrolled housing accommodation is vacated subsequent to the issuance of a certificate of vacancy decontrol, the owner may not increase the rent for such housing accommodation from the last rent legally charged prior to the vacancy by a percentage which is greater than the percentage increase in the consumer price index for the twelve

months immediately preceding the date of re-rental, or 10 percent, whichever is greater, without the approval of the board; provided, however, that this subsection shall not apply to the initial rent increase imposed after a housing accommodation first becomes vacancy-decontrolled under section 1(n)(v), nor shall it apply to the initial rent charged for a unit

that was formerly owner-occupied where such owner was in occupancy for a period of twelve months or longer. The landlord shall be permitted to justify a rent increase in excess of the above percentage limitations, in whole or in part, by demonstrating that for at least the past twelve months, the landlord's reasonable, necessary, or unavoidable operating expenses have risen at a faster rate than the rent has increased, or that the landlord has made reasonable, necessary, or unavoidable capital improvements or replacements or appliances or equipment to the unit or to the common areas in the building which justify a rent increase in excess of the allowable percentage rent increase. The landlord shall be required to submit information in support of such justification on forms approved by the administrator; such forms shall be simple and readily understandable by members of the general public. Failure to comply with this provision will invalidate any rent increase in such accommodation in excess of the amount permitted under this subsection without board approval.

"On or after the effective date of this ordinance, upon a tenant's initial taking of a occupancy of a decontrolled housing accommodation, every tenant newly occupying a decontrolled housing accommodation shall be notified in writing by the landlord of the rent paid by the prior tenant (including the services included in the rent), the current rent, the operations of this provision, and the right to seek review by the board of any violation of this subsection. Failure to provide such a notice shall invalidate any rent increase in excess of the amount permitted under this subsection without board approval. Such notice shall be in a form which has been approved by the administrator. Notwithstanding any other provision of this subsection, no landlord or his/her predecessors or successors in interest of a decontrolled housing accommodation shall be entitled to increase the rent of such accommodation more than the percentage increase in the consumer price index, or 10 percent, whichever is greater, in any twelve-month period as a result of serial vacancies without the prior approval of the board. The board may establish reasonable regulations to enforce the provisions of this subsection."

(d) A new subsection 6(c) is added to the end of section 6 as follows:

"(c) The board shall provide adjudicatory hearings for rent approval or rent grievance proceedings under this section. Hearings shall be conducted in accordance with the provisions of section 11 of chapter 30A of the General Laws of the Commonwealth of Massachusetts, except that requirements (7) and (8) of said section 11 shall not apply to such hearings."

Section 2. Severability.

Each of the provisions, sections, and subsections of this ordinance are severable, and if any of its provisions, sections, or subsections shall be held unconstitutional or otherwise invalid by any court of competent jurisdiction, the decisions of such court shall not affect or impair any of the remaining provisions, sections, or subsections.

Section 3. Effective Date.

This ordinance shall go into effect immediately upon passage.

Referred to the Committee on Housing.

ORDINANCE AMENDING THE RENTAL HOUSING EQUITY ORDINANCE TO ADOPT CERTAIN ADMINISTRATIVE REFORMS

Couns. McLAUGHLIN, SALERNO, SCONDRAS and YANCEY offered the following:
City of Boston

In the Year Nineteen Hundred and Eighty-eight.
An Ordinance Amending the Rental Housing Equity Ordinance to Adopt Certain Administrative Reforms.
Be it ordained by the City Council of Boston, as follows:

Whereas, Many small landlords are unaware of their rights, duties and obligations under the Rental Housing Equity Ordinance; and

Whereas, Many disputes between landlords and tenants that are brought before the Boston Rent Equity Board might be subject to resolution through informal mediation; and

Whereas, Many landlords and tenants could benefit from assistance in properly filling out the forms mandated by the Rental Housing Equity Ordinance and the Boston Rent Equity Board's regulations, and such assistance would increase the board's administrative efficiency by reducing the number of incomplete applications for assistance that are dismissed by the board; and

Whereas, There is a need for the Boston Rent Equity Board to have its offices open in the evening for landlords and tenants who are unable to come to the board during working hours, and a system of reasonable fees on unit registrations and applications for removal/conversion permits might generate sufficient revenue to supplement the board's budget to permit the board to be open in the evenings; and

Whereas, A significant number of owners fail to notify purchasers of property of the registration and rent control status of the property, causing hardship to the new owner and to tenants residing in the property; and

Whereas, Many of the properties in the City of Boston which are subject to rent control are not registered with the Boston Rent Equity Board; and

Whereas, The Boston Rent Equity Board should strive to insure that its registration forms and other information required to be filed by landlords is simple and in a form which can be readily understood by members of the general public; and

Whereas, The Boston Rent Equity Board should consider any violations of fair housing or anti-discrimination laws, as well as any violations of the State Sanitary Code or other codes affecting habitability, in determining whether an owner is entitled to an adjustment in the rent

for a controlled rental accommodation; and

Whereas, The purposes of the Rental Housing Equity Ordinance would be better served if landlords and tenants of rent-controlled housing were regularly informed by the board of the rent control status of the property, the current legal maximum rent, and the manner in which they can obtain relief in the form of rent adjustments or repayment of overcharges; now, therefore

Be it declared by the City Council of the City of Boston, in accordance with the provisions of Massachusetts General Laws chapter 43B, section 13, and any other applicable law as follows, and pursuant to the authority vested in it by law, including, without limitation, Article 2, as amended, and Article 47 of the Amendments to the Constitution of the Commonwealth of Massachusetts, and chapter 797 of the Acts of 1969, as amended by chapter 863 of the Acts of 1970, by chapter 843 of the Acts of 1971, by chapter 45 of the Acts of 1987, and by chapter 504 of the Acts of 1987, that the following ordinance be adopted.

Section 1. Section 2 of chapter 34 of the Ordinances of 1984, as amended, is hereby further amended in the following respects:

(a) Section 2(c) is amended to add the following sentence to the end of the paragraph: "The board shall, subject to budgetary limitations established by the City of Boston, provide training workshops for small landlords, i.e., those landlords who own less than twenty rental dwelling units in the city, on their rights, duties, and obligations under this ordinance, and shall offer mediation where appropriate to resolve disputes between landlords and tenants. The board shall, subject to available funding, have three to five persons working full time to provide assistance and counseling to landlords and tenants in filling out any forms required by this ordinance or the board's regulations and policies; these persons shall also be empowered to accept registrations, as provided for in section 3."

(b) A new Section 2(e) is added as follows:

"(e) The board shall be funded, in part, by a five-dollar-per-unit registration fee charged annually for each controlled or decontrolled housing accommodation subject to any jurisdiction over rents, to be paid by each landlord. This fee may be passed on to the tenants of such housing accommodations. In addition, the board shall be permitted to charge reasonable filing fees in conjunction with any applications for removal/conversion permits. Such fees shall be utilized, together with other funding for the board, to enable the board to have its offices open during evening hours for the public."

Section 2. Section 3 of chapter 34 of the Ordinances of 1984, as amended, is hereby further amended by striking the section in its entirety, and substituting the following:

"Section 3. Registration. The board shall require registration of all controlled housing accommodations on forms approved by the administrator. Such forms shall be simple and readily understandable by members of the general public, and shall require the landlord to submit the information necessary for the board to carry out its duties under this ordinance. If a controlled housing accommodation is conveyed to a new owner, it shall be the duty of the prior owner to provide information to the new owner concerning the registration and the status of the property under this ordinance; it shall be the duty of the new owner to notify the board within thirty days of his ownership of the property and to provide information concerning the name, residential address, business address, and telephone of such owner.

"Whoever fails to file in a timely manner any statement or information required to be filed under this section shall, in addition to all other penalties pursuant to section 14, be subject to a fine of up to \$50 per calendar day, or part thereof, that such failure continues. No petition for an upward adjustment of maximum rent shall be accepted by the board until all statements and information required to be filed pursuant to this section have been filed, and all such petitions received prior to such filing shall be dismissed by the board. The board shall periodically review whether all housing accommodations which appear to be subject to the provisions of this ordinance have been registered with the board, and shall vigorously prosecute those persons who have not registered their properties with the board."

Section 3. Section 5 of chapter 34 of the Ordinances of 1984, as amended, is hereby further amended in the following respects:

(a) Subsection 5(a) is amended by adding the following sentence to the end of the final paragraph: "In addition, the board shall send an annual notice by first-class mail to all landlords and tenants of controlled

housing accommodations, notifying them that their units are rent-controlled and indicating the current legal maximum rent for their apartments, the procedures for obtaining general adjustments or individual adjustments under the board's regulations and policies, and the procedures for rectifying overcharges."

(b) Subsection 5(e) is amended by adding the following after "occupancy of housing accommodations": "or that the landlord has been found to have violated the anti-discrimination or fair housing laws of the United States, the Commonwealth of Massachusetts, or the City of Boston in the rental of such housing accommodations or in his rental practices generally."

Section 4. Severability.

Each of the provisions, sections, and subsections of this ordinance are severable, and if any of its provisions, sections, or subsections shall be held unconstitutional or otherwise invalid by any court of competent jurisdiction, the decisions of such court shall not affect or impair any of the remaining provisions, sections, or subsections.

Section 5. Effective date.

This ordinance shall go into effect immediately upon passage.
